Battle Of The Bulge The Untold Story:

Battle of the Bulge Michael Looney, Mike Looney, 2010-04-19 The Battle of the Bulge is a combat and tour of duty biography about First Lt George W Looney a forward artillery observer in the 196th U S Field Artillery George Looney never told anyone his story after he came home from the war in 1945 Using his personal notes and documents his son Michael Looney has written a fascinating book on his father s experiences On December 17 1944 George began calling the 196th s artillery fire on the attacking Germans Little did he know the attackers were Joachim Pieper s SS Blow Torch Battalion Hitler ordered Pieper to take the crossroads and other roads in the Hoen area at all costs George Looney stopped them with four days of nearly nonstop artillery fire by himself He was protected in his third story house window by a large American infantry battalion A riveting story greatly illustrated with George s own photos maps and numerous unseen Battle of the Bulge combat photos

A Time for Trumpets Charles B. MacDonald, 1997-03-19 On December 16 1944 the vanguard of three German armies totaling half a million men attacked U S forces in the Ardennes region of Belgium and Luxembourg achieving what had been considered impossible total surprise In the most abysmal failure of battlefield intelligence in the history of the U S Army 600 000 American soldiers found themselves facing Hitler s last desperate effort of the war The brutal confrontation that ensued became known as the Battle of the Bulge the greatest battle ever fought by the U S Army a triumph of American ingenuity and dedication over an egregious failure in strategic intelligence A Time for Trumpets is the definitive account of this dramatic victory told by one of America s most respected military historians who was also an eyewitness MacDonald commanded a rifle company in the Battle of the Bulge His account of this unique battle is exhaustively researched honestly recounted and movingly authentic in its depiction of hand to hand combat Mingling firsthand experience with the insights of a distinguished historian MacDonald places this profound human drama unforgettably on the landscape of history

A Time for Trumpets Charles B. MacDonald, 2002 *The Battle of the Bulge* Charles Whiting, 2003 The history of the Battle of the Bulge **The Battle of The Bulge** Mike Looney, 2009 The Wehrmacht's Last Stand Robert M. Citino, 2020-07-09 By 1943 the war was lost and most German officers knew it Three quarters of a century later the question persists What kept the German army going in an increasingly hopeless situation Where some historians have found explanations in the power of Hitler or the role of ideology Robert M Citino the world s leading scholar on the subject posits a more straightforward solution Bewegungskrieg the way of war cultivated by the Germans over the course of history In this gripping account of German military campaigns during the final phase of World War II Citino charts the inevitable path by which Bewegungskrieg or a war of movement inexorably led to Nazi Germany s defeat The Wehrmacht s Last Stand analyzes the German Totenritt or death ride from January 1944 with simultaneous Allied offensives at Anzio and Ukraine until May 1945 the collapse of the Wehrmacht in the field and the Soviet storming of Berlin In clear and compelling prose and bringing extensive reading of the German language literature to bear Citino focuses on the German view of these campaigns Often

very different from the Allied perspective this approach allows for a more nuanced and far reaching understanding of the last battles of the Wehrmacht than any now available With Citino s previous volumes *Death of the Wehrmacht* and *The Wehrmacht Retreats* *The Wehrmacht s Last Stand* completes a uniquely comprehensive picture of the German army s strategy operations and performance against the Allies in World War II **Quartermaster Professional Bulletin**, 1991
