Baudelaires Voyages The Poet And His Painters:

Baudelaire's Voyages ,1993 *Key Writers on Art: From Antiquity to the Nineteenth Century* Chris Murray,2005-08-18

Key Writers on Art From Antiquity to the Nineteenth Century offers a unique and authoritative guide to theories of art from Ancient Greece to the end of the Victorian era written by an international panel of expert contributors Arranged chronologically to provide an historical framework the 43 entries analyze the ideas of key philosophers historians art historians art critics artists and social scientists including Plato Aquinas Alberti Michelangelo de Piles Burke Schiller Winckelmann Kant Hegel Burckhardt Marx Tolstoy Taine Baudelaire Nietzsche Ruskin Pater W lfflin and Riegl Each entry includes a critical essay a short biography a bibliography listing both primary and secondary texts Unique in its range and accessibly written this book together with its companion volume *Key Writers on Art The Twentieth Century* provides an invaluable guide for students as well as general readers with an interest in art history aesthetics and visual culture The Art of Rivalry Sebastian Smee,2016-08-16 Pulitzer Prize winning art critic Sebastian Smee tells the fascinating story of four pairs of artists Manet and Degas Picasso and Matisse Pollock and de Kooning Freud and Bacon whose fraught competitive friendships spurred them to new creative heights Rivalry is at the heart of some of the most famous and fruitful relationships in history The Art of Rivalry follows eight celebrated artists each linked to a counterpart by friendship admiration envy and ambition All eight are household names today But to achieve what they did each needed the influence of a contemporary one who was equally ambitious but possessed sharply contrasting strengths and weaknesses Edouard Manet and Edgar Degas were close associates whose personal bond frayed after Degas painted a portrait of Manet and his wife Henri Matisse and Pablo Picasso swapped paintings ideas and influences as they jostled for the support of collectors like Leo and Gertrude Stein and vied for the leadership of a new avant garde Jackson Pollock s uninhibited style of action painting triggered a breakthrough in the work of his older rival Willem de Kooning After Pollock s sudden death in a car crash de Kooning assumed Pollock s mantle and became romantically involved with his late friend s mistress Lucian Freud and Francis Bacon met in the early 1950s when Bacon was being hailed as Britain s most exciting new painter and Freud was working in relative obscurity Their intense but asymmetrical friendship came to a head when Freud painted a portrait of Bacon which was later stolen Each of these relationships culminated in an early flashpoint a rupture in a budding intimacy that was both a betrayal and a trigger for great innovation Writing with the same exuberant wit and psychological insight that earned him a Pulitzer Prize for art criticism Sebastian Smee explores here the way that coming into one s own as an artist finding one s voice almost always involves willfully breaking away from some intimate s expectations of who you are or ought to be Praise for The Art of Rivalry Gripping Mr Smee s skills as a critic are evident throughout He is persuasive and vivid You leave this book both nourished and hungry for more about the art its creators and patrons and the relationships that seed the ground for moments spent at the canvas The New York Times With novella like detail and incisiveness Sebastian Smee opens up the

worlds of four pairs of renowned artists Each of his portraits is a biographical gem The Art of Rivalry is a pure informative delight written with canny authority The Boston Globe *Fifty Key Texts in Art History* Diana Newall, Grant Pooke, 2013-03-01 *Fifty Key Texts in Art History* is an anthology of critical commentaries selected from the classical period to the late modern It explores some of the central and emerging themes issues and debates within Art History as an increasingly expansive and globalised discipline It features an international range of contributors including art historians artists curators and gallerists Arranged chronologically each entry includes a bibliography for further reading and a key word index for easy reference Text selections range across issues including artistic value cultural identity modernism gender psychoanalysis photographic theory poststructuralism and postcolonialism Rozsika Parker and Griselda Pollock *Old Mistresses Women Art Ideology* 1981 Victor Burgin *s The End of Art Theory Criticism and Postmodernity* 1986 Homi Bhabha *The Location of Culture Hybridity Liminal Spaces and Borders* 1994 Geeta Kapur *When was Modernism in Indian Art* 1995 Judith Butler *s Gender Trouble* 1999 Georges Didi Huberman *Confronting Images Questioning the Ends of a Certain History of Art* 2004 *Paris: The Collected Traveler* Barrie Kerper, 2011-07-12 Each edition of this unique series marries a collection of previously published essays with detailed practical information creating a colorful and deeply absorbing pastiche of opinions and advice Each book is a valuable resource a compass of sorts pointing vacationers business travelers and readers in many directions Going abroad with a *Collected Traveler* edition is like being accompanied by a group of savvy and observant friends who are intimately familiar with your destination This edition on Paris features Distinguished writers such as Mavis Gallant Barbara Grizzuti Harrison Herbert Gold Olivier Bernier Richard Reeves Patricia Wells Catharine Reynolds and Gerald Asher who share seductive pieces about Parisian neighborhoods personalities the Luxembourg Gardens P re Lachaise and other monuments restaurants and wine bars le Plan de Paris and le Beaujolais Nouveau Annotated bibliographies for each section with recommendations for related readings An A Z renseignements pratiques practical information section covering everything from accommodations marches aux puces flea markets and money to telephones tipping and the VAT Whether it s your first trip or your tenth the *Collected Traveler* books are indispensable and meant to be the first volumes you turn to when planning your journeys *James McNeill Whistler and France* Suzanne Singletary, 2016-11-18 *James McNeill Whistler and France* A Dialogue in Paint Poetry and Music is the first full length and in depth study to position this painter within the overall trajectory of French modernism during the second half of the nineteenth century and to view the artist as integral to the aesthetic projects of its most original contributors Suzanne M Singletary maintains that Whistler was in a unique situation as an insider within the emerging French avant garde thereby in an enviable position to both absorb and transform the innovations of others and that until now his widespread influence as a catalyst among his colleagues has been neither investigated nor appreciated Singletary contends that Whistler s importance rivals that of Manet whose multi layered and often unexpected interconnections with Whistler are the focus of one chapter In

addition Whistler's pivotal role in linking the legacies of Baudelaire Delacroix Gautier Wagner and other mid century innovators to the later French Symbolists has previously been largely ignored Courbet Degas Monet and Seurat complete the roster of French artists whose dialogue with Whistler is highlighted *The Year's Best Fantasy and Horror Seventh Annual Collection*, 1994

Perspectives on Manet Therese Dolan, 2017-07-05 Bringing forth fresh perspectives on Manet's art by established scholars this volume places this compelling and elusive artist's painted oeuvre within a broader cultural context and links his artistic preoccupations with literary and musical currents Rather than seeking consensus on his art through one methodology or focusing on one crucial work or period this collection investigates the range of Manet's art in the context of his time and considers how his vision has shaped subsequent interpretations Specific essays explore the relationship between Manet and Whistler Emile Zola's attitude toward the artist Manet's engagement with moral and ethical questions in his paintings and the heritage of Charles Baudelaire and Clement Greenberg in critical responses to Manet Through these and other analyses this volume illuminates the scope of Manet's career and indicates the crucial position the artist held in generating a modernist avant garde aesthetic

Rethinking the Concept of the Grotesque Shun-Liang Chao, 2017-07-05 How are we to define what is grotesque in art or literature Since the Renaissance the term has been used for anything from the fantastic to the monstrous and been associated with many artistic genres from the Gothic to the danse macabre Shun Liang Chao's new study adopts a rigorous approach by establishing contradictory physicality and the notion of metaphor as two keys to the construction of a clear identity of the grotesque With this approach Chao explores the imagery of Richard Crashaw Charles Baudelaire and Rene Magritte as individual exemplars of the grotesque in the Baroque Romantic and Surrealist ages in order to suggest a lineage of this curious aesthetic and to cast light on the functions of the visual and of the verbal in evoking it
