Latest Hybrid Work:

Hybrid Work Revolution Tan Weixi, 2024-03-25 In the wake of the global shift toward hybrid work arrangements businesses and organisations are facing unprecedented challenges Hybrid Work Revolution offers a comprehensive exploration of the changing landscape of work in the 21st century focusing on the experiences of teams and the critical insights leaders may be overlooking The book is organised into three easily digestible big bites The first delves into the challenges of communicating with team members who are spread out across multiple locations or worse still in different time zones and countries This section offers a perspective on how we can reimagine the workplace leverage technology effectively and enhance collaboration among our team members The second investigates the paradox for leaders to invest time to build close relationships while giving team members enough personal space The chapters here deliberate how leaders can establish trust build psychological safety and explore the factors that accelerates relationships in a hybrid work environment The last section takes a fresh look at the tracking of performance in a hybrid workplace and explores some paradigms that will encourage a learning culture and drive employee engagement

Remote and Hybrid Work Barbara Z. Larson, 2024 In *Remote and Hybrid Work What Everyone Needs to Know* R long time remote work scholar and consultant Barbara Z Larson provides an accessible and critical resource for understanding the remote and virtual workplace and how to lead in this new work environment Remote and hybrid work have become defining features of the twenty first century workplace and affect almost all of us including those who work daily in the office As many people discover the benefits and challenges of working from home co workers are contending with emptier offices and virtual teams managers are learning how to lead from a distance and businesses and governments are working through the policy implications of a new model of work In *Remote and Hybrid Work What Everyone Needs to Know* R Barbara Z Larson addresses key questions regarding the contemporary workplace what is the difference between virtual work and remote work How common is remote work and what changed due to the COVID 19 pandemic Is there a particular type of person who is better suited for remote work What are the effects of using technology to monitor remote workers What are the societal benefits and costs of remote work What has happened to companies that have tried to go fully remote with no offices at all Larson looks carefully into the challenges and opportunities that people and companies face today as work changes Chapters address the issues that vital stakeholders experience in remote work environments including the remote worker remote teams managers of remote workers and companies with remote workforces Larson also incorporates real world examples to illustrate key points and demonstrate best practices Readers will learn from more than thirty years of extensive research by scholars in the areas of applied psychology organizational behavior computer mediated communication and organizational economics *Remote and Hybrid Work What Everyone Needs to Know* R is a critical resource for understanding this new model of work [Handbook of Research on the Future of the Maritime Industry](#) Senbursa, Nihan, 2022-03-25 During the COVID 19 pandemic employees of

maritime and logistics sectors have continued their activities both on shore and on board to complete operations and supply continuity of logistics management in hard times While organizations worked to provide the best services to customers the shipping industry suffered by the work life changes brought by the pandemic Changes have been felt in talent management in new shipping changing maritime ethics and affecting the maritime industry psychology employee motivation importance of seafarers and employee rights and responsibilities The Handbook of Research on the Future of the Maritime Industry presents leaders and managers from maritime and logistics industries sharing their experiences new paradigms practices and strategies This book provides practical ideas and strategies to cope with the consequences of the new normal in the wake of the global pandemic crisis Covering topics such as employee rights occupational safety and psychological effects this book is an essential resource for senior executives leaders and managers HR professionals lecturers business clusters entrepreneurs researchers scholars academicians and faculty of higher education
