Agent In Place Stig Wennerstrom:

An Agent in Place Thomas Whiteside, 1967 Biografisk omtale af den svenske spion Stig Wennerström **Agent Sniper** Tim Tate, 2021-12-14 The thrilling never before told story of Agent Sniper one of the Cold War's most effective counter agents Michal Goleniewski cover name Sniper was one of the most important spies of the early Cold War For almost three years as a Lieutenant Colonel at the top of Poland's espionage service he smuggled thousands of top secret Soviet bloc intelligence and military documents as well as 160 rolls of microfilm from behind the Iron Curtain Then in January 1961 he abandoned his wife and children to make a dramatic defection across divided Berlin with his East German mistress to the safety of American territory There he exposed more than 1 600 Soviet bloc agents operating undercover in the West more than any single spy in history The CIA called Goleniewski one of the West's most valuable counterintelligence sources but in late 1963 he was abandoned by the US government because of a split inside the agency and over questions about his mental stability and his trustworthiness Goleniewski bears some of the blame for his troubled legacy He made baseless assertions about his record notably that he was the first to expose Kim Philby He also bizarrely claimed to be Tsarevich Aleksei Romanoff heir to the Russian Throne who had miraculously survived the 1918 massacre of his family For more than fifty years American and British intelligence services have sought to erase Goleniewski from the history of Cold War espionage The vast bulk of his once substantial CIA and MI5 files remain closed Only fragments of his material crop up in the declassified dossiers on the KGB spies he exposed or the memoirs of CIA officers who dealt with him but his newly released Polish intelligence file reveals the remarkable extent of his espionage on behalf of the West A never before told story that brings together love and loyalty courage and treachery betrayal greed and ultimately insanity Tim Tate's *Agent Sniper* is a crackling page turner that takes readers back to the post war world and a time when no one was what they seemed *Stig Wennerström - Myten om en svensk storspion* Wilhelm Agrell, 2021-05-25 I juni 1963 skakade avsljandet av Stig Wennerströms förräderi Sverige Han hade hunnit lämna ut minst 20 000 sidor hemliga dokument till Sovjetunionen innan han avslöjades I Stig Wennerströms myten om en svensk storspion berättar Wilhelm Agrell professor i underrättelseanalys om hur hans far Jan Agrell chef för Militärpsykologiska institutet understödd kontrollerade former hettades i en mörkgrön bil för att närvara vid rättegången mot Wennerström i hemmet omnämnd som Dubbel W Nu tillgängliggörs det militära utredningsmaterialet och Wilhelm Agrell kan ta del av sin fars handskrivna anteckningar kring den psykologiska undersökning som Wennerström blev föremål för I arkivets tidskapsel skriver han bland annat svar på frågan om Wennerström verkligen var den storspion han utgav sig för Och stämde egentligen allt han själv erkände **Intelligence And Espionage** George C Constantinides, 2019-03-04 This pioneering work based on many years of reading and research and ranging mainly from the seventeenth century to the present breaks new ground in intelligence bibliography It is the most comprehensive and thorough bibliography of English language nonfiction books on intelligence and espionage to date The in depth analytical annotations deal **Commission on the**

Michael Parrish, 1992-01-30 One of the hallmarks of the Soviet system was its heavy reliance on internal and foreign security and intelligence organizations Not surprisingly given the secrecy surrounding Soviet efforts in these areas no biographical reference tools and few bibliographies have been published to date In this context Michael Parrish's work is a unique undertaking In the first section to the volume biographies are provided on some 4 000 officials in senior and mid level positions who had served in Cheka NKVD RFSFR GPU KGB and other organizations Also included are officials of the Committee for State Control formerly Ministry of State Control and before that Commissariat of Workers and Peasants Inspection Prominent political personalities with earlier ties to security services such as N A Bulganin are listed even though such service formed only a brief part of their careers Others listed include party officials such as A A Kuznetsov who at different times served as the Party's watchdog of security organs Also included because of their close association with repression and security organs are members of Stalin's inner circle The second part of the volume is a survey of books in English published between 1917 and 1990 which related to Soviet security and intelligence organizations This is followed by a biographical addendum a glossary of terms and material showing the development of Soviet security organizations No one concerned with current intelligence issues and the role of security organizations in Soviet life can ignore this volume
