HELP YOUR CHILD LEARN AND GROW!

Try these fun and easy activities with your 2-month-old—a great way to have fun together and encourage your child's healthy development.

Take turns with your baby when he makes cooing and gurgling sounds. Have a "conversation" back and forth with simple sounds that he can make.

Rest your baby, tummy down, on your arm, with your hand on her chest. Use your other hand to secure your baby—support her head and neck. Gently swing her back and forth. As she gets older, walk around to give her different views.

Gently shake a rattle or another baby toy that makes a noise. Put it in your baby's hand. See if she takes it, even for a brief moment.

Read simple books to your baby. Even if he does not understand the story, he will enjoy being close and listening to you read.

Put a puppet or small sock on your finger. Say your baby's name while moving the puppet or sock up and down. See whether he follows the movement. Now move your finger in a circle. Each time your baby is able to follow the puppet, try a new movement.

With white paper and a black marker, create several easy-to-recognize images on each piece of paper. Start with simple patterns (diagonal stripes, bull's eyes, checkerboards, triangles). Place the pictures so that your baby can see them (8"–12" inches from her face). Tape these pictures next to her car seat or crib.

Place a shatterproof mirror close to your baby where she can see it. Start talking, and tap the mirror to get her to look. The mirror will provide visual stimulation. Eventually your baby will understand her reflection.

Sing to your baby (even if you don't do it well). Repetition of songs and lullabies helps your baby to learn and listen.
