Aida English National Opera Guide

Julian Budden

Aida English National Opera Guide :

Verdi Julian Budden, 2008-04-04 In this third edition of the classic Verdi renowned authority Julian Budden offers a comprehensive overview of Verdi the man and the artist tracing his ascent from humble beginnings to the status of a cultural patriarch of the new Italy whose cause he had done much to promote and demonstrating the gradual enlargement over the years of his artistic vision This concise study is an accessible insightful and engaging summation of Verdi scholarship acquainting the non specialist with the personal details Verdi s life with the operatic world in which he worked and with his political ideas his intellectual vision and his powerful means of communicating them through his music In his survey of the music itself Budden emphasizes the unique character of each work as well as the developing sophistication of Verdi s style He covers all of the operas the late religious works the songs and the string quartet A glossary explains even the most obscure operatic terms current in Verdi s time **Giuseppe Verdi** Gregory W. Harwood, 2021-12-12 First Published in 1998 Giuseppe Verdi already stood out as a distinctive and unusually significant composer by the time his career was barely underway Today Verdi scholars build their work on a vast foundation of earlier research For researchers who have not spent years with the Verdi literature or who may just be starting to explore some aspect of this giant s life and works this foundation may seem daunting indeed It is primarily for these researchers that this guide is intended Its purpose is to index and describe some of the most significant studies about the composer presenting enough material in annotations that researchers may survey the many myriad directions Verdi research has gone ascertain the relevance of individual items to their individual interests and pursue significant patterns and threads in which they are interested Verdi's Aida Clyde T. McCants, 2005-11-23 Every opera tells a story but sometimes the creation of an opera makes a pretty fascinating tale on its own If Verdi s Aida is the quintessential opera it is also an amazing piece of musical history This work examines the origin composition premiere recording history and consistent popularity of one of Verdi s greatest works In the late 1860s Ismail Pasha Khedive viceroy of Egypt asked Verdi to compose a work to premiere in the Cairo Opera House Although Verdi was uninterested in the project at first persistence on the part of the Khedive as well as a tempting plot line written by Mariette Bey one of the day s leading Egyptologists drew him in To this day however much mystery still surrounds the opera s inception This book explores that mystery highlights the genius of Aida s plot and characters and traces the process through which Verdi and his librettist Ghislanzoni shaped the lyrics It also considers Aida s spread from Cairo to the rest of the world discussing aspects of its unique and interesting staging Following this history the book provides a critical survey of recordings of Aida including 33 of the entire opera and three abridged versions The final chapter discusses film and video presentations Appendices offer a discography of complete recordings a videography of versions generally available and an annotated guide to further sources **Giuseppe Verdi** Gregory Harwood, 2012-05-04 This comprehensive research guide surveys the most significant published materials relating to Giuseppe Verdi This new edition includes research since the

publication of the first edition in 1998 **Italian Literature before 1900 in English Translation** Robin Healey, 2011-12-15 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008 It lists works from all genres and subjects and includes translations wherever they have appeared across the globe In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings Most entries are accompanied by useful notes providing information on authors works translators and how the translations were received Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy's most translated authors Dante Alighieri Machiavelli and Boccaccio and other hundreds which represent the author's only English translation A significant number of entries describe works originally published in Latin Together with Healey's Twentieth Century Italian Literature in English Translation this volume makes comprehensive information on translations accessible for schools libraries and those interested in comparative literature *Verdi's Theater* Gilles de Van, 1998-09-15 But in the musical drama reality begins to blur the musical forms lose their excessively neat patterns and doubt and ambiguity undermine characters and situations reflecting the crisis of character typical of modernity Indeed much of the interest and originality of Verdi's operas lie in his adherence to both these contradictory systems allowing the composer dramatist to be simultaneously classical and modern traditionalist and innovator **The Opera Handbook** John Lazarus, 1990 This book examines 200 of the most regularly performed operas Brief composer biographies are followed by opera entries which include plot summaries performance histories notes on the derivation of the theme suggestions for further reading and selected discographies English National Opera Guides Nicholas John, 1980 *Opera* Alexandra Wilson, 2012-12-01 Opera is often dismissed as outdated and excessive and perceived to be characterised by excessive passions sumptuous costumes and ill mannered divas In reality however operas address the most fundamental and universal of human concerns love death jealousy greed and power Revealing the diverse reasons behind opera's lasting appeal opera champion and expert Alexandra Wilson provides a lucid and engaging introduction to the agendas that have governed its composition production and reception over the last four centuries and explains the reasons behind its enduring appeal **The Pocket Guide to Opera** Anna Selby, 2011-06-13 Everything you need to know about opera in one handy guide Part of our best selling Pocket Guide series The Pocket Guide to Opera contains A Z synopses of operas and biographies of the characters lyricists and composers The book features the history of opera setting it in the context of its day and discussing the influence of world events and influences such as the Freemasons and the composers patrons With factboxes highlighting surprising little known and often quirky operatic facts this fascinating book is a must buy guide for everyone who loves opera

Eventually, you will utterly discover a supplementary experience and finishing by spending more cash. still when? accomplish you believe that you require to get those all needs similar to having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to comprehend even more something like the globe, experience, some places, as soon as history, amusement, and a lot more?

It is your definitely own grow old to measure reviewing habit. in the midst of guides you could enjoy now is **Aida English National Opera Guide** below.
