Air Support For Pattons Third Army:

Air Support for Patton's Third Army John J. Sullivan, 2003-04-14 As the United States Third Army's tanks moved through Avranches no one not even the Third Army's commander Lieutenant General George S Patton could have foreseen that it was the start of one of the most successful offensives of World War II an offensive that received a great deal of help from the air As Patton later wrote to the chief of the Army Air Forces For about 250 miles I have seen the calling cards of the fighter bombers which are bullet marks in the pavement and burned tanks and trucks in the ditches This book covers the units in the Ninth Air Force which gave close air support to the Third Army and the Third Army's campaign in France from August to November 1944 with special emphasis on how support from the air helped the Third Army continue pushing toward the German border The difficult logistics of the operation are discussed in detail Both the Ninth Air Force and the Third Army were hurt by a lack of materiel especially gasoline and this affected the offensive

Patton's Third Army in World War II Michael Green, James D. Brown, 2023-08-31 Patton was champing at the bit to lead the D Day invasion but Eisenhower placed him in command of a decoy unit the First U S Army Group Nearly seven weeks after D Day Patton finally got his chance to take Third Army into battle He began a ten month rampage across France driving through Germany and into Nazi occupied Czechoslovakia and Austria Along the way Third Army forces entered the Battle of the Bulge breaking the siege of Bastogne It was a turning point in the war and afterward the Third Army pushed eastward again Patton's Third Army in World War II covers Patton's command of Third Army with a focus on the armor It was a new style of fighting avoiding entrenched infantry warfare by continuously pushing forward and it appealed to Patton's hard charging personality Archival photos along with frequent quotes complete the portrait of Patton as well as his men as they fight their way across the Third Reich

Patton's Third Army at War George Forty, 2015-04-19 The story of Gen George S Patton's magnificent Third Army as it advanced across Nazi occupied Europe and into Hitler's redoubt Includes photos As America's own answer to the Blitzkrieg Third Army's actions from the Normandy coast across France and Germany to Austria gave a new dimension to the term fluid warfare They only needed one general order to seek out the enemy trap and destroy them This they did relentlessly overcoming every obstacle thrown in their way Third Army's story is one of teamwork of armor infantry and aircraft working together with a perfection that amazed even the Germans who'd always considered themselves the masters of the mobile offensive Though Third Army is often remembered for its tank spearheads like the 4th Armored Division these pages also give credit to the brave infantry divisions which butted their heads against fortresses such as Metz with ultimate success It is also the story of a triumph of administration as thousands of trucks carried forward the vital supplies to keep the army on the move and fighting When a German counteroffensive nearly burst through the US lines in the Ardennes it was Patton's Third Army that turned on its heel and immediately drove in the Bulge ending Hitler's last great hope for success in the west Afterward nothing could stop it as it crossed the Rhine and overran the Reich Much of Third Army's greatness

driving force and will to win was owed to one man Gen George Smith Patton Jr and a significant part of this book is devoted to him alone In these pages a renowned military historian gives a vivid impression in words and pictures of what it was like to live and fight with Patton s men Full of eyewitness accounts photographs and maps it relates the full story of how America s most dynamic fighting formation led the Allied effort against the Nazis seemingly invincible European empire **The Ghost in General Patton's Third Army** Eugene G. Schulz,2012 Eugene G Schulz was born on a farm in Clintonville Wisconsin in 1923 He graduated from high school in May 1941 and worked on his father s farm and at a truck manufacturing plant until he was drafted into the army in January 1943 Schulz received his basic training at Camp Young California at the Desert Training Center and later at Camp Campbell Kentucky He was assigned to the IV Armored Corps later named the XX Corps where he was a typist in the G 3 Section His duties included the typing of battle orders developed by Colonel W B Griffith the G 3 of XX Corps Headquarters The XX Corps sailed to England in February 1944 on the Queen Mary with 16 000 soldiers on board completing the voyage in five days After final training in England the XX Corps landed on Utah Beach in Normandy on D 46 His unit was attached to General Patton s Third Army and spearheaded the drive across France through Germany and into Austria where they met the Russian Army on V E Day Schulz was awarded the Bronze Star medal when the war ended He served in the Army of Occupation in Germany then returned to the States and was discharged on December 1 1945 He enrolled at the University of Wisconsin Madison taking advantage of the GI Bill of Rights and earning Bachelor s and Master s degrees in Business Administration Schulz met his wife Eleanore at the University and they were married in 1949 Schulz worked as an investment research officer at the Northwestern Mutual Life Insurance Company in Milwaukee for 36 years The Schulz s have been retired since 1988 and continue to live in Milwaukee They are world travelers They have five sons all married and sixteen grandchildren **Patton and His Third Army** Brenton Greene Wallace,2019-02-26 In Patton and His Third Army Brenton Wallace details the actions of General George S Patton and the Third Army from its preparations in Britain to its first engagements with the enemy through to the major battles countering the German offensives liberating Paris and breaking across the Moselle into the Nazi heartland to subdue Hitler s forces **Forward with Patton** Robert S. Allen,2017-08-25 The WWII diary of a US soldier and Soviet spy who worked closely with General Patton is presented in this fully annotated edition Robert S Allen is one of the more controversial figures of the Second World War After serving in France during World War I he left the military to start a career as a syndicated columnist eventually becoming the Washington DC bureau chief for the Christian Science Monitor In that time he also developed a sideline as a paid informant for the KGB When American entered World War II Allen rejoined the army to serve as General Patton s chief of situation and executive officer for operations He was considered such an authority on Patton after the war that Twentieth Century Fox asked him to develop a film script about the general In Forward with Patton John Nelson Rickard presents a complete annotated edition of Colonel Allen s World War II diary for 1944 1945 The entries reflect Allen s private thoughts on the

Third Army and provide an invaluable perspective on Patton whom Allen deeply admired XII Corps, Spearhead of Patton's Third Army pt. I Lt.-Col. George Dyer, 2017-07-11 Part I of a very fine richly illustrated reference book on General Patton's Third Army The XII Corps fought from northern France to Austria in World War II Constituted in the Organized Reserves in 1933 it was activated on 29 August 1942 at Columbia South Carolina XII Corps became operational in France as part of Lieutenant General George S Patton's Third Army on 1 August 1944 Initially commanded by Major General Gilbert R Cook bad health forced MG Cook to relinquish command to Major General Manton S Eddy within three weeks MG Eddy commanded the corps until late April 1945 when his own health problems forced him to turn over command to MG Stafford LeRoy Irwin Last Shots for Patton's Third Army Robert Paul Fuller, 2003 *General George S. Patton and the Art of Leadership* William Nester, 2025-03-30 For General George S Patton Leadership is the thing that wins battles I have it but I'll be damned if I can define it Probably it consists in knowing what you want to do and then doing it and getting mad if anyone steps in the way Self confidence and leadership are twin brothers Indeed Patton excelled at virtually every dimension of leadership most vitally as a war commander His record as a general is clear The larger more armored and better supplied his armies and the freer he was to decide what to do with them the more rapid and further they advanced to inflict more defeats on the enemy In that no other American army commander matched him during World War II That ranks Patton among the Valhalla of America's greatest generals with him most resembling Thomas Stonewall Jackson and Nathan Bedford Forrest as a fast moving hard hitting commander who repeatedly outflanked and devastated enemy forces Patton led from the front and tried to inspire his troops by being a model officer who exemplified bravery problem solving tactical brilliance and decisiveness He was in near constant motion from his headquarters to rear echelon and front line troops everywhere exhorting them to greater efforts and overcoming challenges at times enduring shell fire strafing mines snipers and other dangers His greatest attribute was his drive to be the best at whatever he chose or was ordered to do He recognized that developing a successful military career depended not just on will and chance but on incessant training and study Yet he believed that instincts were just as vital as skills in being a successful leader I have a sixth sense in war and can put myself in the enemies head and I am also willing to take chances Patton harbored plenty of flaws He was a narcissist who constantly strove to be center stage and outshine his rivals He contrived an idealized version of himself as the epitome of the brilliant general and fearless soldier immaculately dressed and spent his life playing that role He was a braggart who regaled listeners with at times exaggerated tales of his past deeds and those yet to come His boasting did have one positive element He sought to surpass his past glories with greater future victories Patton seesawed between elation and despair rage and compassion He could chew out a subordinate for some mistake in the morning and comfort him for a similar mistake in the afternoon His quick temper and provocative views often overpowered his self control Twice that cost him an army command During Germany's occupation in August 1945 he casually quipped to several reporters that being a Nazi in Germany was no

different from being a Republican or Democrat in the United States For that Eisenhower relieved him from Third Army s command Most notoriously during the Sicily campaign he slapped two soldiers suffering combat fatigue that he accused of malingering General George S Patton and the Art of Leadership is his most psychologically penetrating biography that captures the paradoxical character behind his brilliant military feats and often dismaying failures Throughout Patton explains his values and deeds through hundreds of quotes along with scores of insights from those who knew him comrades and critics alike *Patton's One-Minute Messages* Charles Province,2009-02-19 A brief biography and photos of General Patton helps readers visualize one of the great military leaders of all time The inspirational content will make this book an indispensable compaion for busy executives everywhere This collection of George S Patton s pithy one liners shows how business managers can succeed by applying the combat tested principles of one of America s most famous battlefield leaders General Patton was a professional soldier who spent his life inspiring people to accomplish the seemingly impossible Now managers can use his secrets to motivate their employees The author takes brief quotations from Patton s writings and draws the deep inner philosophy from them This way managers can easily grasp the principles involved and make practical use of them to get great performance and productivity from their employees The book also presents the work of W Edwards Deming and Walter A Shewhart two pioneers in quality control who have influenced management practice for over fifty years Their philosophy is very similar to Patton s which is not surprising since the fundamental principles of both military leadership and business management are universal
