Paul Copan, William Lane Craig

Of Nothing:

Way of Nothing , **Out of Nothing** Andrew Dunlop,2018-06-30 The two key questions often levelled at fresh expressions are What is Church and How on earth can a fresh expression be evaluated In Out of Nothing Andrew Dunlop offers an account of his journey in starting a fresh expression and along the way proposes an alternative theological foundation for evaluation the Cross Shaped approach Dunlop proposes a theological foundation which goes to the heart of God s action in the world Both accessible and critically engaged the book will provide an important resource for both pioneers and for those studying pioneer ministry *Creation Out of Nothing* Paul Copan,William Lane Craig,2004-06 Addresses the biblical philosophical and scientific bases for the doctrine of creation out of nothing while countering contemporary trends that are assailing this doctrine **The Politics of Nothing** Clare Monagle,Dimitris Vardoulakis,2013-10-31 This book questions what sovereignty looks like when it is de ontologised when the nothingness at the heart of claims to sovereignty is unmasked and laid bare Drawing on critical thinkers in political theology such as Schmitt Agamben Nancy Blanchot Paulhan The Politics of Nothing asks what happens to the political when considered in the frame of the productive potential of the nothing The answers are framed in terms of the deep intellectual histories at our disposal for considering these fundamental questions carving out trajectories inspired by for example Peter Lombard Shakespeare and Spinoza This book offers a series of sensitive and creative reflections that suggest the possibilities offered by thinking through sovereignty via the frame of nihilism This book was originally published as a special issue of Culture Theory and Critique **The Story of Nothing** Rio Hershey,2024-05-31 The Story of Nothing is a collection of musings epiphanies and psychological breakthroughs gathered and compiled on a three year journey Across the cliffs of Ireland along the coasts of France amongst the fields of the American Midwest and through the vast and awe inspiring deserts of Saudi Arabia these beautiful and varied landscapes were the very muses that inspired this author to take the journey inward into the complex and often shadowed depths of her own psyche The Story of Nothing is the story of a girl who truly believed she was nothing on her way to becoming the woman she was meant to be *Nations of Nothing But Poetry* Matthew Hart,2010-04-22 Modernism is typically associated with novelty and urbanity So what happens when poets identify small communities and local languages with the spirit of transnational modernity Are vernacular poetries inherently provincial or implicitly xenophobic How did modernist poets use vernacular language to re imagine the relations between people their languages and the communities in which they live Nations of Nothing But Poetry answers these questions through case studies of British Caribbean and American poetries from the 1920s through the 1990s With a combination of fresh insights and attentive close readings Matthew Hart presents a new theory of a synthetic vernacular writing that explores the aesthetic and ideological tensions within modernism s dual commitments to the local and the global The result is an invigorating contribution to the field of transnational modernist studies Chapters focus on a mixture of canonical and non canonical

writers combining new literary histories such as the story of how Melvin B Tolson while a resident of Oklahoma was appointed Poet Laureate of Liberia with analyses of poems by Gertrude Stein W H Auden Ezra Pound and T S Eliot More broadly the book reveals how the language of modernist poetry was shaped by the incompletely globalized nature of a world in which the nation state continued to be a primary mediator of cultural and political identity even as its authority was challenged as never before Through deft juxtaposition Hart develops a new interpretation of modernist poetry in English one that disrupts the critical opposition between nationalism and the transnational paving the way for a political history of modernist cosmopolitanism

Pictures of Nothing Kirk Varnedoe, 2006-10-29 He delivered the lectures edited and reproduced here with their illustrations to overflowing crowds at the National Gallery of Art in Washington in the spring of 2003 just months before his death With brilliance passion and humor Varnedoe addresses the skeptical attitudes and misunderstandings that we often bring to our experience of abstract art Resisting grand generalizations he makes a deliberate and scholarly case for abstraction showing us that more than just pure looking is necessary to understand the self made symbolic language of abstract art Proceeding decade by decade he brings alive the history and biography that inform the art while also challenging the received wisdom about distinctions between abstraction and representation modernism and postmodernism and minimalism and pop
