

THE BOOK OF THE COURTIER

A HISTORIC GUIDE TO MANNERS AND
ETIQUETTE IN THE ROYAL COURTS
OF RENAISSANCE EUROPE

BY BALDASSARE CASTIGLIONE

Of The Courtier

Baldassare Castiglione

Of The Courtier:

The Book of the Courtier conte Baldassarre Castiglione, 1903 71 collotype illustrations from art and sculpture Hanson collection catalog p 135 *The Fortunes of the Courtier* Peter Burke, 1996 Castiglione's Cortegiano or the Courtier is one of the best known texts of the Italian Renaissance When it first appeared in 1528 the Courtier was widely read as a guide to contemporary conduct Its popularity led to its publication in six languages in twenty different European centers in the sixteenth century alone While the text itself has been studied very carefully in recent years as the embodiment of the spirit of the High Renaissance its multitude of readers spread over the world has received much less attention In this engaging study Peter Burke explores how readers over the years have responded to the Courtier Because it was read so widely in Europe the Courtier affords Burke an ideal test case for the diffusion and reception of ideas From Poland and Hungary to England Portugal and even the New World he takes us on a fascinating tour of the courts libraries and reading rooms of Europe in search of Castiglione's idea of the perfect courtier He shows how changing responses to the Courtier both positive and negative reveal changing social values and how regional variations in its reception reflect the emerging cultural map of early modern Europe His evidence includes printing history translations marginalia and records of sale and possession He concludes with a discussion of the later fortune of the Courtier including its role in the civilizing process and its curious appeal to writers as different as Samuel Johnson and W B Yeats Informed by Burke's considerable knowledge of printing and publishing history this book contributes to our growing understanding of the history of the book and to our knowledge of the Renaissance and its reception [The Book of the Courtier](#) Baldesar Castiglione, 2004-04-29 In The Book of the Courtier 1528 Baldesar Castiglione a diplomat and Papal Nuncio to Rome sets out to define the essential virtues for those at Court In a lively series of imaginary conversations between the real life courtiers to the Duke of Urbino his speakers discuss qualities of noble behaviour chiefly discretion decorum nonchalance and gracefulness as well as wider questions such as the duties of a good government and the true nature of love Castiglione's narrative power and psychological perception make this guide both an entertaining comedy of manners and a revealing window onto the ideals and preoccupations of the Italian Renaissance at the moment of its greatest splendour **The Book of the Courtier** Baldassare Castiglione, 2014-07-18 The Book of the Courtier Il Cortegiano describing the behaviour of the ideal courtier and court lady was one of the most widely distributed books in the 16th century It remains the definitive account of Renaissance court life This edition Thomas Hoby's 1561 English translation greatly influenced the English ideal of the gentleman Baldesar Castiglione a courtier at the court of Urbino at that time the most refined and elegant of the Italian courts Practising his principles counted many of the leading figures of his time as friends and was employed on sensitive diplomatic missions He was a close personal friend of Raffaello Sanzio da Urbino better known as Raphael who painted the sensitive portrait of Castiglione on the cover of this edition Also available in hardcover isbn 9781781391860 **The book of the courtier** Baldassare Castiglione, 1928 [The Book of the](#)

Courtier: A Historic Guide to Manners and Etiquette in the Royal Courts of Renaissance Europe (Hardcover) Baldassare Castiglione, Sir Thomas Hoby, 2018-08-28 The Book of the Courtier Baldassare Castiglione's classic account of Renaissance court life offers profound insight into the refined behavior which defined the era's ruling class The courtly customs and manners of Italy to a great extent characterized the Renaissance which elevated art and expression to new heights Baldassare Castiglione published this book with the intention of chronicling the manners customs and traditions which underpinned how courtiers nobles and their servants behaved Although ostensibly a book of etiquette and good conduct Castiglione's treatise carries enormous historical value He derived his observations directly from the many gatherings and receptions conducted by society's elite Conversations with the officials diplomats and nobility of the era further enhanced the accuracy of this book imbuing it with an authenticity seldom seen elsewhere Castiglione's Allegory Dr W R Albury, 2014-07-28 Approaching The Book of the Courtier as an early modern reader would have author W R Albury explores aspects of the work which he argues are intentionally concealed and veiled in allegory In this reading Albury recovers a serious political message which he shows has a great deal of contemporary relevance and which is lost from sight when the work is approached from other perspectives *The Book of the Courtier from the Italian of Count Baldassare Castiglione* conte Baldassarre Castiglione, 1900 **The Book of the Courtier from the Italian of Count Baldassare Castiglione** conte Baldassarre Castiglione, 1900 **Book of the Courtier** Castiglione Baldassarre, 1901
