True Confessions of Nude Photography A. K. Nicholas, 2017-01-02 A Step by Step Guide to Recruiting Beautiful Models Lighting Photographing Nudes Post Processing Images and Maybe Even Getting Paid to Do It third edition Prior experience with nude models is not required to benefit from this how to guide This guide can be enjoyed by anyone but is written for two main audiences the accomplished photographer wanting insight from a peer and the serious amateur wanting a guided introduction to the field The female body has been an inspiration for artists since before the invention of photography Naturally nudes were one of the first subjects of photography as well Although the guide covers the basics of nude photography it is assumed that you have a digital camera that is more advanced than a point and shoot and that you already understand the basics of operating your camera This book deals with female models You won't find male models or advice on photographing non models in this book Finding Models Nude photography entails more than just photographic technique there is a huge interpersonal element much more so than in any other kind of people photography The guide addresses everything from finding models to working with them long term Most guides on photographic technique assume you've already found a willing model This one assumes that you're having trouble or at least having trouble finding a model that you feel takes your work to the next level It contains techniques for finding and recruiting models Techniques A range of processes are explained step by step You'll find more than just a selection of photos and a dissection of each you'll see full lighting diagrams as well as frank discussions of techniques and pitfalls in the days and weeks leading up to making a nude image From finding your first nude model to selling your first nude photo the guide presents complete concise instruction on lighting posing and post processing with Photoshop

Encyclopedia of Nineteenth-Century Photography John Hannavy, 2013-12-16 The Encyclopedia of Nineteenth Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The Encyclopedia presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics students researchers and libraries worldwide
