Book About Love War Death:

A Book about Love & War & Death Dick Higgins,1965 A book about love and war and death Dick Higgins,1965 A
Book about Love & War & Death Dick Higgins,1972 A Book About Love Jonah Lehrer,2017-07-25 Weaving together
scientific studies from clinical psychologists longitudinal studies of health and happiness historical accounts and literary
depictions child rearing manuals and the language of online dating sites Jonah Lehrer s A Book About Love plumbs the most
mysterious most formative most important impulse governing our lives Love confuses and compels us and it can destroy and
define us It has inspired our greatest poetry defined our societies and our beliefs and governs our biology From the way
infants attach to their parents to the way we fall in love with another person to the way some find a love for God or their pets
to the way we remember and mourn love after it ends this book focuses on research that attempts even in glancing ways to
deal with the long term and the everyday The most dangerous myth of love is that it s easy that we fall into the feeling and
then the feeling takes care of itself While we can easily measure the dopamine that causes the initial feelings of falling in love
the partnerships and devotions that last decades or longer remain a mystery This book is about that mystery Love Lehrer
argues is not built solely on overwhelming passion but fascinatingly on a set of skills to be cultivated over a lifetime **Love**
and Death in the Great War Andrew J. Huebner,2018-02-01 Americans today harbor no strong or consistent collective
memory of the First World War Ask why the country fought or what they accomplished and democracy is the most likely if
vague response The circulation of confusing or lofty rationales for intervention began as soon as President Woodrow Wilson
secured a war declaration in April 1917 Yet amid those shifting justifications Love and Death in the Great War argues was a
more durable and resonant one Americans would fight for home and family Officials in the military and government grasping
this crucial reality invested the war with personal meaning as did popular culture Make your mother proud of you And the
Old Red White and Blue went George Cohan s famous tune Over There Federal officials and their allies in public culture in
short told the war story as a love story Intervention came at a moment when arbiters of traditional home and family were
regarded as under pressure from all sides industrial work women s employment immigration urban vice woman suffrage and
the imagined threat of black sexual aggression Alleged German crimes in France and Belgium seemed to further imperil
women and children War promised to restore convention stabilize gender roles and sharpen male character Love and Death
in the Great War tracks such ideas of redemptive war across public and private spaces policy and implementation home and
front popular culture and personal correspondence In beautifully rendered prose Andrew J Huebner merges untold stories of
ordinary men and women with a history of wartime culture Studying the radiating impact of war alongside the management
of public opinion he recovers the conflict s emotional dimensions its everyday rhythms heartbreaking losses soaring
possibilities and broken promises Love and Death in the American Novel Leslie A. Fiedler,1997 No other study of the
American novel has such fascinating and on the whole right things to say Washington Post **The Existence** Theodore

Ihejieta,2018-12-21 *The Existence* By Theodore Ihejieta *The Existence* is a book of love and life that talks about the world as the existence of human beings and tells human beings to understand that the world is the love and the life It is a book of Planet Earth which the Planet Earth gave to the author because the author asked the Planet Earth for the book of the world The author is a human being who lost faith in God and called on Planet Earth to do work and save human beings from evil and death in the world This is a book of a human being who was challenged by evil and death in the world and the human being called on his existence for help and protection The author did not like to die in the world and told his existence that he did not want to die because the author believed that Planet Earth has the power to save human beings in the world The Existence is the faith the hope and the charity that God challenged human beings to find and tell the mountain of evil and death to move away from human beings *Hotel Florida: Truth, Love, and Death in the Spanish Civil War* Amanda Vaill,2014-04-22 A spellbinding story of love amid the devastation of the Spanish Civil War Madrid 1936 In a city blasted by a civil war that many fear will cross borders and engulf Europe a conflict one writer will call the decisive thing of the century Six people meet and find their lives changed forever Ernest Hemingway his career stalled his marriage sour hopes that this war will give him fresh material and new romance Martha Gellhorn an ambitious novice journalist hungry for love and experience thinks she will find both with Hemingway in Spain Robert Capa and Gerda Taro idealistic young photographers based in Paris want to capture history in the making and are inventing modern photojournalism in the process And Arturo Barea chief of Madrid's loyalist foreign press office and Ilsa Kulcsar his Austrian deputy are struggling to balance truth telling with loyalty to their sometimes compromised cause a struggle that places both of them in peril *Hotel Florida* traces the tangled wartime destinies of these three couples against the backdrop of a critical moment in history As Hemingway put it You could learn as much at the *Hotel Florida* in those years as you could anywhere in the world From the raw material of unpublished letters and diaries official documents and recovered reels of film Amanda Vaill has created a narrative of love and reinvention that is finally a story about truth finding it out telling it and living it whatever the cost *Martyrdom, Mysticism and Dissent* Asghar Seyed-Gohrab,2021-08-23 This book is the first extensive research on the role of poetry during the Iranian Revolution 1979 and the Iran Iraq War 1980 1988 How can poetry especially peaceful medieval Sufi poems be applied to exalt violence to present death as martyrdom and to process war traumas Examining poetry by both Islamic revolutionary and established dissident poets it demonstrates how poetry spurs people to action even leading them to sacrifice their lives The book's originality lies in fresh analyses of how themes such as martyrdom and violence and mystical themes such as love and wine are integrated in a vehemently political context while showing how Shiite ritual such as the pilgrimage to Mecca clash with Saudi Wahhabi appreciations A distinguishing quality of the book is its examination of how martyrdom was instilled in the minds of Iranians through poetry employing Sufi themes motifs and doctrines to justify death Such inculcation proved effective in mobilising people to the front ready to sacrifice their lives As such the book is a must for

readers interested in Iranian culture and history in Sufi poetry in martyrdom and war poetry Those involved with Middle Eastern Studies Iranian Studies Literary Studies Political Philosophy and Religious Studies will benefit from this book From his own memories and expert research the author gives us a ravishing account of a poetry stained with blood violence and death His brilliantly layered analysis of modern Persian poetry shows how it integrates political and religious ideology and motivational propaganda with age old mystical themes for the most traumatic of times for Iran Alan Williams Research Professor of Iranian Studies University of Manchester When Asghar Seyed Gohrab a highly prolific academician publishes a new book you can be certain he has paid attention to an exciting and largely unexplored subject Martyrdom Mysticism and Dissent The Poetry of the 1979 Iranian Revolution and the Iran Iraq War 1980 1988 is no exception in the sense that he combines a few different cultural religious mystic and political aspects of Iranian life to present a vivid picture and thorough analysis of the development and effect of what became known as the revolutionary poetry of the late 1970s and early 1980s This time he has even enriched his narrative by inserting his voice into his analysis It is a thoughtful book and a fantastic read Professor Kamran Talattof University of Arizona
