Robert Hamburger

All The Lonely People Life In A Single Room Occupancy Hotel:

All the Lonely People Robert Hamburger,1983 *All the Lonely People* Robert Hamburger,1983 *America Needs Human Rights* Anuradha Mittal,Peter Rosset,1999 The time has come to stand up for what's right in America We may be in the middle of economic recovery but millions of Americans are not sharing the benefits The growing ranks of those without adequate food jobs shelter or health care challenge our fundamental notions of right and wrong America Needs Human Rights makes a powerful case that both the letter and spirit of universally recognized human rights are routinely violated in America by government policies that safeguard profits rather than people Topics includes understanding human rights basic needs and human rights the new American crisis poverty in America welfare reform and human rights policy options and movement building **Building Tradition** Marie Rose Wong,2018-10-30 Marie Rose Wong peers through the lens of single room occupancy SRO hotels to capture the 157 year origin story of Seattle's pan Asian International District This gorgeous meticulous book layers together interviews maps and insights from over a decade of primary research to provide an urgent history for Asian American activists and urban planners **Reckoning with Homelessness** Kim Hopper,2014-07-15 It must be some kind of experiment or something to see how long people can live without food without shelter without security Homeless woman in Grand Central Station Kim Hopper has dedicated his career to trying to address the problem of homelessness in the United States In this powerful book he draws upon his dual strengths as anthropologist and advocate to provide a deeper understanding of the roots of homelessness He also investigates the complex attitudes brought to bear on the issue since his pioneering fieldwork with Ellen Baxter twenty years ago helped put homelessness on the public agenda Beginning with his own introduction to the problem in New York Hopper uses ethnography literature history and activism to place homelessness into historical context and to trace the process by which homelessness came to be recognized as an issue He tells the largely neglected story of homelessness among African Americans and vividly portrays various sites of public homelessness such as airports His accounts of life on the streets make for powerful reading **Homelessness** Neil Larry Shumsky,2012-01-16 This book presents an unflinching investigation of homelessness in the United States a problem that has been with us since the arrival of the first English settlers nearly 400 years ago The terms historically used to describe them include bums hoboes migrants street people transients tramps and vagrants Just as varied as the words we have used to describe them are the reasons many people have found themselves living in the land of opportunity without permanent residence The book considers homelessness and its distinctive character in three periods of American history the era of tramps and hoboes in the late 1800s early 1900s the era of transients and migrants in the 1930s and the era of homeless and street people in the last 40 years It clarifies the multiple meanings of the word homeless today and demonstrates that homelessness is a symptom of more than one problem leading to confusion about the issue of homelessness and hampering attempts to reduce its occurrence Author Neil Larry Shumsky PhD also postulates that the treatment of homelessness in

England before the colonization of North America laid the foundation of pervasive American attitudes and practices *The Gods of New York* Jonathan Mahler, 2025-08-12 A sweeping chronicle of four tumultuous years in 1980s New York that changed the city forever and anticipated the forces that would soon divide the nation from the bestselling author of *Ladies and Gentlemen the Bronx Is Burning* A rip roaring sweeping essential work of history a deeply reported and brilliantly observed account of how the modern city was born and why all of us continue to live with the results Jonathan Eig Pulitzer Prize winning author of *King A Life* New York entered 1986 as a city reborn Record profits on Wall Street sent waves of money splashing across Manhattan bringing a battered city roaring back to life But it also entered 1986 as a city whose foundation was beginning to crack Thousands of New Yorkers were sleeping in the streets addicted to drugs dying of AIDS or suffering from mental illnesses Nearly one third of the city's Black and Hispanic residents were living below the federal poverty line Long simmering racial tensions threatened to boil over The events of the next four years would split the city open Howard Beach Black Monday Tawana Brawley The crack epidemic The birth of ACT UP The Central Park jogger The release of Do the Right Thing And a cast of outsized characters Ed Koch Donald Trump Al Sharpton Spike Lee Rudy Giuliani Larry Kramer would compete to shape the city's future while building their own mythologies *The Gods of New York* is a kaleidoscopic and deeply immersive portrait of a city whose identity was suddenly up for grabs Could it be both the great working class city that lifted up immigrants from around the world and the money soaked capital of global finance Could it retain a civic culture a common idea of what it meant to be a New Yorker when the rich were building a city of their own and vast swaths of its citizens were losing faith in the systems meant to protect them New York City was one thing at the dawn of 1986 it would be something very different as 1989 came to a close This is the story of how that happened **Paradise**

Laborers Patricia A. Adler, Peter Adler, 2018-08-06 Resorts have become important to American society and its economy one in eight Americans is now employed by the tourism industry Yet despite the ubiquity of hotels little has been written about those who labor there Drawing on eight years of participant observation and in depth interviews the renowned ethnographers Patricia A Adler and Peter Adler reveal the occupational culture and lifestyles of workers at five luxury Hawaiian resorts These resorts employ a workforce that is diverse in gender class ethnicity and nationality Hawaiian resort workers like those in nearly all resorts consist of four groups New immigrants hold difficult and dirty low status jobs for little pay Locals provide an authentic Polynesian flavor for guests a ready pool of youthful high turnover employees and a population trapped in a place that offers few occupational alternatives Managers tend to be middle class college educated young and middle aged men from the mainland whose lifestyles are occupationally transient Seekers mostly young white and from the mainland as well escape to paradise seeking adventure warmth extreme sports or some alternate life experiences The Adlers describe the work lives and careers of these four groups that labor in organizations that never close with shifts scheduled around the clock and around the year *Paradise Laborers* adds to the growing interest in the global flow of labor as

these immigrant workers display different trends in gendered opportunities and mobility than those exhibited by other groups. The authors propose a political economy of tourist labor in which they compare the different expectations and rewards of organizations, employees, and local labor markets. **The Orwell Mystique** Daphne Patai, 1984. Historical perspective on the writings of George Orwell and the study in mass ideology. *Kirkus Reviews*, 1983. Adult books are categorized by genre, i.e., fiction, mystery, science fiction, nonfiction. Along with bibliographic information, the expected date of publication and the names of literary agents for individual titles are provided. Starred reviews serve several functions. In the adult section, they mark potential bestsellers, major promotions, book club selections, and just very good books. In the children's section, they denote books of very high quality. The unsigned reviews manage to be discerning and sometimes quite critical.
