All Judgement Fled:

All Judgment Fled James White, 1968 *All Judgment Fled* James White, 1987 **Alien Emergencies** James White, 2024-08-06 This omnibus edition presents books 4-6 of the sci-fi saga chronicling a vast hospital in outer space dedicated to saving both human and alien kind. James White's tales of Sector General are lively, humorous, and humane at times, shot through with a healer's anger at violence and destruction. These are endlessly inventive dramas of civility and spirituality tempered with White's gently wicked wit and his keen eye for the remarkable in the everyday. Now in a single volume, the second three volumes of the series *Ambulance Ship*, *Sector General*, and *Star Healer* return to print in complete and corrected editions, including a sequence *Spacebird* omitted from previous American editions of *Ambulance Ship*. The volume is introduced by Hugo Award-winning SF writer and critic David Langford.

All Judgment Fled James White, 1970 Sixty million miles from Earth, embroiled in all the perils of First Contact with alien life forms, astronauts haven't much time for politicians and public relations officers. Back on Earth, though, the First Contact is being relayed to a breathlessly waiting public, and much of what the astronauts must do and say is coming through live to the total dismay of military brass and political bigwigs.

Mind Changer James White, 2010-04-01 It's where human and alien medicine meet: a massive hospital space station on the Galactic Rim with 384 levels and a multispecies staff of thousands. In the course of practicing deep space medicine, that staff has seen more than its share of challenges, from plagues caused by cafeteria food to cafeteria food that resembles alien species. But now they are facing a disquieting new development: the terrifying Chief Psychologist Dr. O. Mara has been promoted to head of the hospital. Worse, he's been given the job on a temporary basis for just as long as it takes to train his own replacement. After that, he is up for mandatory retirement. Nobody at Sector General can begin to imagine what they'll do without him, assuming they last long enough to find out. This is White's finest performance, replete with wit, originality, medical expertise, and sheer decency. Publishers Weekly. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Beginning Operations James White, 2001-06-02 3 science-fiction romances.

All the Sonnets of Shakespeare William Shakespeare, 2020-09-10 How can we look afresh at Shakespeare as a writer of sonnets? What new light might they shed on his career, personality, and sexuality? Shakespeare wrote sonnets for at least thirty years, not only for himself for professional reasons and for those he loved, but also in his plays as prologues, epilogues, and as part of their poetic texture. This ground-breaking book assembles all of Shakespeare's sonnets in their probable order of composition. An inspiring introduction debunks long-established biographical myths about Shakespeare's sonnets and proposes new insights about how and why he wrote them. Explanatory notes and modern English paraphrases of every poem and dramatic extract illuminate the meaning of these sometimes challenging but always deeply rewarding witnesses to Shakespeare's inner life and professional expertise. Beautifully printed and elegantly presented, this volume will be treasured by students, scholars, and every Shakespeare enthusiast.

Nature & Science on the Pacific Coast, 1915

Final Diagnosis James White, 1998-07-15 It's always been an article of faith among the staff at Sector General that infections can't pass from one species to another. But in a season of anomalies it looks like that might have their first interstellar virus on their hands. James White's inventive Galactic Hospital stories never get old. Starlog *General Practice*
James White, John Clute, 2025-10-16 At Sector General anything can happen and frequently does. In this vast hospital in the depths of space the thousands of staff, human and alien both, have a single mission: to care for all patients of all species. For decades these dramas of humanity and humor have commanded a following among science fiction readers. Now in a single omnibus the seventh and eighth volumes of the series *Code Blue Emergency* and *The Genocidal Healer* return to print along with an introduction by John Clute. At the Publisher's request, this title is being sold without Digital Rights Management Software. DRM applied.
