Painter, Essayist and Man of the Enlightenment

Alastair Smart

Allan Ramsay Painter Essayist And Man Of The Enlightenment

Roger L. Emerson

Allan Ramsay Painter Essayist And Man Of The Enlightenment:

Allan Ramsay Alastair Smart,1992 A classical scholar and master of several modern languages Ramsay was unquestionably the most erudite artist of the age His friends included such celebrated men of letters as David Hume Adam Smith Horace Walpole Samuel Johnson and James Boswell he also came to know the French philosophes Voltaire Diderot d Holbach and Rousseau whose portrait he painted *Allan Ramsay and the Search for Horace's Villa* Ian Gordon Brown,2017-11-01 This title was first published in 2001 This volume contains Allan Ramsay s Enquiry into the Situation and Circumstances of Horace s Sabine Villa It also features essays about Ramsay Jacob More Jacob Philipp Hackert the garden and country house in 18th century British thought and the archaeology of the Licenza Valley The aims of the editors are three fold to print the text as Ramsay would have wished to had he been able to publish the related illustrations by Hackert More and Ramsay and to provide some basic background facts and commentary They hope to help the contemporary reader understand the antiquarian context in which Ramsay was writing and to appreciate Ramsay s contribution to our understanding of the site conventionally known as Horace s Villa The Enlightenment and the Book Richard B. Sher,2008-09-15 The late eighteenth century witnessed an explosion of intellectual activity in Scotland by such luminaries as David Hume Adam Smith Hugh Blair William Robertson Adam Ferguson James Boswell and Robert Burns And the books written by these seminal thinkers made a significant mark during their time in almost every field of polite literature and higher learning throughout Britain Europe and the Americas In this magisterial history Richard B Sher breaks new ground for our understanding of the Enlightenment and the forgotten role of publishing during that period The Enlightenment and the Book seeks to remedy the common misperception that such classics as The Wealth of Nations and The Life of Samuel Johnson were written by authors who eyed their publishers as minor functionaries in their profession To the contrary Sher shows how the process of bookmaking during the late eighteenth century involved a deeply complex partnership between authors and their publishers one in which writers saw the book industry not only as pivotal in the dissemination of their ideas but also as crucial to their dreams of fame and monetary gain Similarly Sher demonstrates that publishers were involved in the project of bookmaking in order to advance human knowledge as well as to accumulate profits The Enlightenment and the Book explores this tension between creativity and commerce that still exists in scholarly publishing today Lavishly illustrated and elegantly conceived it will be must reading for anyone interested in the history of the book or the production and diffusion of Enlightenment thought Essays on David Hume, Medical Men and the Scottish Enlightenment Roger L. Emerson,2016-05-13 The Scottish Enlightenment was a period of intellectual and scientific progress in a country previously considered to be marginal to the European intellectual scene Yet the enlightenment was not about politeness or civic humanism but something more basic the making of an improved society which could compete in every way in a rapidly changing world David Hume writing in 1752 commented that industry knowledge and humanity are linked together by an

indissoluble chain Collectively this volume of essays embraces many of the topics which Hume included under industry knowledge and humanity from the European Enlightenment and the Scots relation to it to Scottish social history and its relation to religion science and medicine Overarching themes of what it meant to be enlightened in the eighteenth century are considered alongside more specific studies of notable figures of the period such as Archibald Campbell 3rd Duke of Argyll and David Hume and the training and number of Scottish medical students Together the volume provides an opportunity to step back and reconsider the Scottish Enlightenment in its broader context and to consider what new directions this field of study might take

Philosophical Dialogue in the British Enlightenment Michael Prince, 1996 This book offers the first full length study of philosophical dialogue during the English Enlightenment It explains why important philosophers Shaftesbury Mandeville Berkeley and Hume and innumerable minor translators imitators and critics wrote in and about dialogue during the eighteenth century and why after Hume philosophical dialogue either falls out of use or undergoes radical transformation Philosophical Dialogue in the British Enlightenment describes the extended heavily coded and often belligerent debate about the nature and proper management of dialogue and it shows how the writing of philosophical fictions relates to the rise of the novel and the emergence of philosophical aesthetics Novelists such as Fielding Sterne Johnson and Austen are placed in a philosophical context and philosophers of the empiricist tradition in the context of English literary history

Dr. John Moore, 1729-1802 Henry L. Fulton, 2014-12-24 This book is the first biography of Scottish born physician John Moore Here Henry L Fulton recounts Moore s childhood education and medical training in Glasgow and abroad discusses his marriage family and friendships particularly with Tobias Smollett and depicts his professional practice in the north The narrative uncovers Moore s transformative experience accompanying a young nobleman on the Grand Tour through Europe and provides a detailed account of the journey s highlights and difficulties When Moore returns he moves his family to London to begin a second career in literature and to acquire patronage for his sons professions In this biography Fulton covers not only Moore s publications but also discusses his circle of friends among nobility politicians artists and others Also discussed is Moore s involvement in the French Revolution his correspondence with Robert Burns and his strained family relationships Additionally presented here is new information regarding Moore s finances drawn from archival records in Glasgow and Edinburgh and his bank ledgers in London

Circulating Enlightenment Adam Budd, 2020-12-24 Historians of the intellectual and literary culture of the Enlightenment have recognised the importance of Andrew Millar 1705-68 His publisher s imprint adorned the title pages of the most important works of the eighteenth century in fiction poetry drama medicine and philosophy This is the first extended study of Millar s commercial and social role in the commissioning production circulation and consumption of Enlightenment literature in Britain Providing a new intervention on the culture of Enlightenment this study shows how and why Millar provoked major controversies through his role as friend patron and publisher to great rivals in the republic of letters An unprecedented analysis

of publishing and authorship at the intersection of politics business visual arts moral debate and literary self fashioning this study of Andrew Millar also shows the degree to which Scottish identity shaped a professional career within London s rise as the cosmopolitan centre of learning and trade at the heart of the British empire This volume presents hundreds of previously unpublished letters that passed between Millar and his literary network and includes the 52 letters that passed between Millar and David Hume the majority of which have been edited for the first time since 1931 This is a major contribution to the material and intellectual worlds that defined the culture of Enlightenment in Britain during the eighteenth century casting new light in the history of publishing and authorship

The Scottish Enlightenment Alexander Broadie, 2012-11-01 This authoritative anthology covers the many contributions to science philosophy and economics made by the great minds of 18th century Scotland Through the eighteenth and into the nineteenth centuries Scotland saw an explosion of intellectual activity in the realms of philosophy law economics politics linguistics and the physical sciences Great thinkers such as Adam Smith David Hume Adam Ferguson Thomas Reid James Hutton and many others formulated many of the ideas that would become foundational to modernity This anthology collects some of the most significant works by Scottish Enlightenment thinkers as well as lesser known writings that have not been reprinted for centuries Arranged thematically it includes sections on Human Nature Ethics Aesthetics Religion Economics Social Theory and Politics Law Historiography Language and Science Scottish philosopher and intellectual historian Alexander Broadie sheds light on the significance of these writings through his masterful introduction as well as commentary throughout A major contribution to our literature and intellectual resources and I do not think it could be better done For many people this book will become a companion for years or even a lifetime Scotsman UK

Defining Features Ludmilla Jordanova, 2012-12-24 Portraiture as a genre is receiving increased attention at the same time that public curiosity about science is reaching unprecedented levels Published to coincide with a major exhibition at the National Portrait Gallery London from 14 April 17 September 2000 and the Sainsbury Centre for Visual Arts University of East Anglia from 27 September 10 December 2000 Defining Features brings portraiture and science together Ludmilla Jordanova s lucid text reflects on the nature of the relationship between art science medicine and technology by focusing on a selection of portraits that spans more than three centuries Illustrated with likenesses of such notable personalities as Edward Jenner Marie Curie Charles Darwin Albert Einstein and Dorothy Hodgkin and encompassing a variety of media from paintings and medals to bookmarks and key rings Defining Features charts changing attitudes towards medical practice and scientific investigation as well as exploring how notions of gender heroism popularization and celebrity have affected the public s understanding of how researchers do their work

Sir Joshua Reynolds Richard Wendorf, 1998 Sir Joshua Reynolds explores the ways in which portrait painting is embedded in the social fabric of a given culture as well as in the social and professional transaction between the artist and his or her subject In addition to providing a new view of Reynolds Wendorf s book develops a thoroughly new way of interpreting portraiture
