A TREATISE ON THE SOUL AND ITS ORIGIN

St. Augustine

A Treatise On The Soul

LM Reder

A Treatise On The Soul:

A Treatise on the Soul Tertullian, 2020 Tertullian a native of Carthage in North Africa was an Early Church writer who lived between 155 and 240 A D A Treatise on the Soul is a fascinating philosophical work which reads much like Plato or Greek philosophers of antiquity **A Treatise on the Soul and Its Origin** Saint Augustine of Hippo, Aeterna Press, At that time one Vincentius discovered in the possession of a certain presbyter called Peter in Mauritania Caesariensis a little work of mine in a particular passage of which touching the origin of souls in individual men I had confessed that I knew not whether they are propagated from the primeval soul of the first man and from that by parental descent or whether they are severally assigned to each person without propagation as the first was to Adam but that I was at the same time quite sure that the soul was not body but spirit In opposition to these opinions of mine he addressed to this Peter two books which were sent to me from Caesarea by the monk Renatus Aeterna Press **A Treatise of the Soul of Man** John Flavel, 1698 **A Treatise on the Soul and Its Origin** St. Augustine, 2018-08 I had confessed that I knew not whether they are propagated from the primeval soul of the first man and from that by parental descent or whether they are severally assigned to each person without propagation as the first was to Adam but that I was at the same time quite sure that the soul was not body but spirit

A Treatise on the Soul Tertullian, 2004-06 THIS IS A DOWNLOADABLE E BOOK Besides it would be a harsh and absurd proceeding to exempt anything from the class of corporeal beings on the ground that it is not exactly like the other constituents of that class And where individual creatures possess various properties does not this variety in works of the same class indicate the greatness of the Creator in making them at the same time different and yet like amicable yet rivals

Pneumatologia John Flavel, 1698 **Greek . | A | Treatise | Of The | Soul of Man: | Wherein | The Divine Original, Excellent and Immortal | Nature of the Soul are Opened; Its Love and Inclination to | the Body, with the Necessity of Its Separation from It, Considered and Improved. The Existence, Operations; and States | of Separated Souls, Both in Heaven and Hell, Immediately After Death, Asserted, Discussed, and Various Applied. Divers Knotty and Difficult Questions about Departed Souls Both | Philosophical, and Theological, Stated and Determined. The | Invaluable Preciousness of Human Souls, and the Various Activities of Satan (their Professed Enemy) to Destroy Them, Discussed. And the Great Duty and Interest of All Men, Seasonably and Heartily to Comply with the Most Great and Gracious Design of the Father, Son, and Spirit, for the Salvation | of Their Souls, Argued and Pressed** John Flavel, 1698 **The Ante-Nicene Fathers: Latin Christianity: its founder, Tertullian. I. Apologetic; II. Anti-Marcion; III. Ethical**, 1903 Tertullian - Treatise on the Soul (Modern US English Translation) Quintus Tertullianus, 2015-08-25 Whatever noxious vapors accordingly exhaled from philosophy obscure the clear and wholesome atmosphere of truth it will be for Christians to clear away both by shattering to pieces the arguments which are drawn from the principles of things I mean those of the philosophers and by opposing to them the

maxims of heavenly wisdom that is such as are revealed by the Lord in order that both the pitfalls wherewith philosophy captivates the heathen may be removed and the means employed by heresy to shake the faith of Christians may be repressed We have already decided one point in our controversy with Hermogenes as we said at the beginning of this treatise when we claimed the soul to be formed by the breathing of God and not out of matter We relied even there on the clear direction of the inspired statement which informs us how that the Lord God breathed on man s face the breath of life so that man became a living soul by that inspiration of God of course On this point therefore nothing further need be investigated or advanced by us It has its own treatise and its own heretic I shall regard it as my introduction to the other branches of the subject Tertullian

Iamblichus' De Anima John Finamore, John Dillon, 2002-09-01 Iamblichus 245 325 successor to Plotinus and Porphyry brought a new religiosity to Neoplatonism His theory of the soul is at the heart of his philosophical system For Iamblichus the human soul is so far inferior to the divine that its salvation depends not on philosophy alone as it did for Plotinus but on the aid of the gods and other divinities This edition of the fragments of Iamblichus major work on the soul De Anima is accompanied by the first English translation of the work and a commentary which explains the philosophical background and Iamblichus doctrine of the soul Included too are excerpts from the Pseudo Simplicius and Priscianus also translated with commentary that shed further light on Iamblichus treatise
