Aspects of Antiquity Moses I. Finley,1977 *Aspects of Antiquity* Moses I. Finley,1963 Aspects of Antiquity Moses I. Finley,1968 **Aspects of Antiquity**,1965 **The Archaeology of Etruscan Society** Vedia Izzet,2007-12-13 The late sixth century was a period of considerable change in Etruria this change is traditionally seen as the adoption of superior models from Greece In a re alignment of agency this book examines a wide range of Etruscan material culture mirrors tombs sanctuaries houses and cities in order to demonstrate the importance of local concerns in the formation of Etruscan material culture Drawing on theoretical developments the book emphasises the deliberate nature of the smallest of changes in material culture form and develops the concept of surface as a unifying key to understanding the changes in the ways Etruscans represented themselves in life and death This concept allows a uniquely holistic approach to the archaeology of Etruscan society and has the potential for other archaeological investigations The book will interest all scholars and students of classical archaeology Aspects of Antiquity Moses I. Finley,1977 *Slavery from Roman Times to the Early Transatlantic Trade* William D. Phillips,1985 Marxism Missing, Missing Marxism Tom Brass,2021-02-15 Examining how Marxist theory is missing but necessary this book traces the theoretical maze in which Marxism currently finds itself and from which it is trying to exit whilst at the same time remaining epistemologically intact When stripped of any or all of its core elements such as class formation consciousness struggle and a socialist transition it ceases to be what historically Marxists have claimed it is Consequently the book constitutes an attempt by Marxist political economy to extricate itself from mistaken attempts to conflate it with the cultural turn identity politics bourgeois economics or varieties of populism and nationalism together with the danger of not doing so Western Thinker's in Political Science Dr.Shrikant Yelegaonkar,2015-04-23 Political science is a social science discipline that deals with systems of government and the analysis of political activity and political behavior It deals extensively with the theory and practice of politics which is commonly thought of as the determining of the distribution of power and resources Political scientists see themselves engaged in revealing the relationships underlying political events and conditions and from these revelations they attempt to construct general principles about the way the world of politics works **Classical Slavery** Moses I. Finley,2014-01-14 Slavery in Greece and Rome has always prompted comparisons with that of more recent history This volume includes discussions of the relationship between war piracy and slavery early abolitionist movements as well as the supply and domestic aspects of slavery in these ancient societies

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
