Aspects Of Verdi:

Aspects of Verdi George Whitney Martin, 2004-08 This collection of original essays ranges widely among the composer's interests and achievements from his religious views to his skill as a cook from the politics that galvanized him to the poetry that inspired him from his earliest compositions to his final masterwork Falstaff completed at the age of 80 Drawing on original research and scholarship this book also contains two of Verdi's early works never before published in this form a translated collection of his letters also heretofore unpublished the text of the Requiem with indications of Verdi's emphases and a directory of his operas with sources casts theatres and premiere dates

Aspects of Verdi George Martin, 1989-01-01 *The Operas of Giuseppe Verdi* Abramo Basevi, 2022-12-22 Abramo Basevi published his study of Verdi's operas in Florence in 1859 in the middle of the composer's career The first thorough systematic examination of Verdi's operas it covered the twenty works produced between 1842 and 1857 from Nabucco and Macbeth to Il trovatore La traviata and Aroldo But while Basevi's work is still widely cited and discussed and nowhere more so than in the English speaking world no translation of the entire volume has previously been available The Operas of Giuseppe Verdi fills this gap at the same time providing an invaluable critical apparatus and commentary on Basevi's work As a contemporary of Verdi and a trained musician erudite scholar and critic conversant with current and past operatic repertoires Basevi presented pointed discussion of the operas and their historical context offering today's readers a unique window into many aspects of operatic culture and culture in general in Verdi's Italy He wrote with precision on formal aspects use of melody and orchestration and other compositional features which made his study an acknowledged model for the growing field of music criticism Carefully annotated and with an engaging introduction and detailed glossary by editor Stefano Castelvechi this translation illuminates Basevi's musical and historical references as well as aspects of his language that remain difficult to grasp even for Italian readers Making Basevi's important contribution to our understanding of Verdi and his operas available to a broad audience for the first time The Operas of Giuseppe Verdi will delight scholars and opera enthusiasts alike

Giuseppe Verdi Gregory W. Harwood, 2021-12-12 First Published in 1998 Giuseppe Verdi already stood out as a distinctive and unusually significant composer by the time his career was barely underway Today Verdi scholars build their work on a vast foundation of earlier research For researchers who have not spent years with the Verdi literature or who may just be starting to explore some aspect of this giant's life and works this foundation may seem daunting indeed It is primarily for these researchers that this guide is intended Its purpose is to index and describe some of the most significant studies about the composer presenting enough material in annotations that researchers may survey the many myriad directions Verdi research has gone ascertain the relevance of individual items to their individual interests and pursue significant patterns and threads in which they are interested

Verdi's Theater Gilles de Van, 1998-09-15 But in the musical drama reality begins to blur the musical forms lose their excessively neat patterns and doubt and ambiguity undermine characters and situations reflecting the crisis of

character typical of modernity Indeed much of the interest and originality of Verdi's operas lie in his adherence to both these contradictory systems allowing the composer-dramatist to be simultaneously classical and modern traditionalist and innovator

Verdi's Middle Period Martin Chusid, 1997 During the middle phase of his career 1849-1859 Verdi created some of his best-loved and most frequently performed operas including *Luisa Miller*, *Rigoletto*, *Il trovatore*, *La traviata* and *Un ballo in maschera*. This was also the period in which he wrote his first completely original French grand opera *Les Vêpres siciliennes*, the first version of *Simon Boccanegra* and the intensely dramatic *Stiffelio*. Until recent years the most neglected of all Verdi's mature works for the operatic stage. Featuring contributions from many of the most active Verdi scholars in the United States and Europe, *Verdi's Middle Period* explores the operas composed during this period from three interlinked perspectives: studies of the original source material; cross-disciplinary analyses of musical and textual issues; and the relationship of performance practice to Verdi's musical and dramatic conception. Both musicologists and serious opera buffs will enjoy this distinguished collection.

Verdi John Suchet, 2018-07-03 Giuseppe Verdi remains the greatest operatic composer that Italy, the home of opera, has ever produced. Yet throughout his lifetime he claimed to detest composing and repeatedly rejected it. He was a landowner, a farmer, a politician, and symbol of Italian independence, but his music tells a different story. An obsessive perfectionist, Verdi drove collaborators to despair, but his works lauded from the start as dazzling feats of composition and characterization. From *Rigoletto* to *Otello*, *La Traviata* to *Aida*, Verdi's canon encompassed the full range of human emotion. His private life was no less complex; he suffered great loss and went out of his way to antagonize supporters and his own family. An outspoken advocate of Italian independence and a sharp critic of the church, he was often at odds with nineteenth-century society. In *Verdi: The Man Revealed*, John Suchet attempts to get under the skin of perhaps the most private composer who ever lived.

The Politics of Verdi's Cantic Roberta Montemorra Marvin, 2017-07-05 *The Politics of Verdi's Cantic* treats a singular case study of the use of music to resist oppression, combat evil, and fight injustice. *Cantic*, better known as *Inno delle nazioni* (Hymn of the Nations), commissioned from Italy's foremost composer to represent the newly independent nation at the 1862 London International Exhibition, served as a national voice of pride and of protest for Italy across two centuries and in two very different political situations. The book unpacks for the first time the full history of Verdi's composition from its creation, performance, and publication in the 1860s through its appropriation as purposeful social and political commentary and its perception by American broadcast media as a weapon of art in the mid-twentieth century. Based on largely untapped primary archival and other documentary sources, journalistic writings, and radio and film scripts, the project discusses the changing meanings of the composition over time. It not only unravels the complex history of the work in the nineteenth century of greater significance, it offers the first fully documented study of the performances, radio broadcast, and filming of the work by the renowned Italian conductor Arturo Toscanini during World War II. In presenting new evidence about ways in which Verdi's music was appropriated by expatriate Italians and the US government for cross-

cultural propaganda in America and Italy it addresses the intertwining of Italian and American culture with regard to art politics and history and investigates the ways in which the press and broadcast media helped construct a musical weapon that traversed ethnic aesthetic and temporal boundaries to make a strong political statement Verdi's Aida Clyde T. McCants, 2005-12-05 Every opera tells a story but sometimes the creation of an opera makes a pretty fascinating tale on its own If Verdi's Aida is the quintessential opera it is also an amazing piece of musical history This work examines the origin composition premiere recording history and consistent popularity of one of Verdi's greatest works In the late 1860s Ismail Pasha Khedive viceroy of Egypt asked Verdi to compose a work to premiere in the Cairo Opera House Although Verdi was uninterested in the project at first persistence on the part of the Khedive as well as a tempting plot line written by Mariette Bey one of the day's leading Egyptologists drew him in To this day however much mystery still surrounds the opera's inception This book explores that mystery highlights the genius of Aida's plot and characters and traces the process through which Verdi and his librettist Ghislanzoni shaped the lyrics It also considers Aida's spread from Cairo to the rest of the world discussing aspects of its unique and interesting staging Following this history the book provides a critical survey of recordings of Aida including 33 of the entire opera and three abridged versions The final chapter discusses film and video presentations Appendices offer a discography of complete recordings a videography of versions generally available and an annotated guide to further sources Verdi in America George Whitney Martin, 2011 The operas of Giuseppe Verdi stand at the center of today's operatic repertoire and have done so for more than a century The story of how the reputation and wide appeal of these operas spread from Western Europe throughout the world has long needed to be told This latest book by noted Verdi authority George W Martin Verdi in America Oberto through Rigoletto specifically details the changing fortunes of Verdi's early operas in the theaters and concert halls of the United States Among the important works whose fates Martin traces are Nabucco Attila Ernani Macbeth in its original version Luisa Miller and one of Verdi's immortal masterpieces Rigoletto denounced in 1860 as the epitome of immorality Martin also explores the astonishing revival of many of these operas in the 1940s and onward including Macbeth in its revised version of 1865 and the first American productions sometimes in small opera houses outside the main circuit of some Verdi operas that had never previously managed to cross the Atlantic Extensive quotations from newspaper reviews testify to the eventual triumph of these remarkable works They also reveal the crucial shifts in tastes and expectations that have occurred from Verdi's day to our own Publisher description

Whispering the Secrets of Language: An Psychological Journey through **Aspects Of Verdi**

In a digitally-driven earth wherever monitors reign great and quick transmission drowns out the subtleties of language, the profound secrets and mental nuances hidden within phrases usually get unheard. However, nestled within the pages of **Aspects Of Verdi** a fascinating fictional treasure blinking with natural emotions, lies an exceptional quest waiting to be undertaken. Penned by a skilled wordsmith, that charming opus attracts visitors on an introspective journey, gently unraveling the veiled truths and profound impact resonating within ab muscles fabric of every word. Within the emotional depths with this poignant review, we will embark upon a honest exploration of the book is primary styles, dissect their fascinating publishing design, and succumb to the strong resonance it evokes deep within the recesses of readers hearts.
