Assault On The Soul Women In The Former Yugoslavia:

Assault on the Soul Sara Sharratt, 2013-08-27 Assault on the Soul Women in the Former Yugoslavia sheds light upon women's wartime experiences and makes sense of their coping strategies in the face of the innumerable atrocities committed against them. This is the only book to present the experiences of therapists, counselors, and other mental health professionals along with attorneys and Justices of the International Criminal Tribunal in working from both psychological and legal perspectives with women in former Yugoslavia. The workers who relate their experiences come from both former Yugoslavia and other nations representing countries such as Norway, Germany, Holland, Costa Rica, and the United States. Focusing on this region offers you a look at applied feminist practice in a cultural context outside the United States or Northern European. Assault on the Soul contains an integration of feminist theories and practice in psychology, women's history, women's geography, and women's jurisprudence. This collection of articles is intended as a historical document as assurance that both the plight of women and the role of women in bringing it to the attention of the international community and the justice system will not be erased. Assault on the Soul will help you serve your patients' needs by focusing on such issues as feminist psychology and global issues concerning crimes against women, interviews with judges for the International Criminal Tribunal, Belgrade feminists' experiences working with female survivors of war, supporting women's projects in the former Yugoslavia, traumatized women, and the impact of a women-centered training program in Bosnia, psychosocial services among refugee women during the war, the victims and perpetrators of Serbia, reports of rapes, killings, burning villages, and other serious war crimes. Assault on the Soul gives you first-hand accounts of war trauma to women. Deeply moving and well-written, the articles in this book are written in a combination of legal and psychological approaches to help you teach clients to heal from severe, acute, and chronic trauma.

Norsworthy, Ellyn Kaschak, 2013-09-13 This book brings together a group of feminist activists psychologists and peace workers from countries on every continent who describe how they apply global transnational feminism in their activist peace and justice projects in the cultures and countries in which they live and work The contributors who are from different locations in the global village reflect on their engagement in Global South North border crossings and partnerships taking into consideration such variables as the gender economic class ethnic racial political and imperializing colonizing tensions inherent in the work Authors discuss the feminist principles that guide their work describe a project or set of projects illustrating how they apply feminist theory and practice and reflect on the complexities tensions and conundrums inherent in negotiating cross national feminist partnerships in research practice and activism This book was originally published as a special issue of *Women Therapy* *Silenced Victims of Wartime Sexual Violence* Olivera Simic, 2018-03-09 The condemnation of wartime sexual violence as a gross violation of human rights has received widespread support While rape and other forms of sexual violence have attracted considerable local and international attention this often excludes wartime sexual violence among women belonging to so called perpetrator war torn nations This book explores the silence surrounding women's experiences of wartime sexual violence within academic legal and public discourses Olivera Simi argues that the international criminal law and feminist legal

discourse on wartime sexual violence can construct a problematic victim hierarchy that excludes and misrecognises certain women's experiences of sexual violence during and after armed conflict. The book focuses on the experiences of Bosnian Serb women where the collapse of the former Yugoslavia led to brutal war and gross human rights violations throughout the 1990s. Two decades after the war, women in Bosnia and Herzegovina are still facing the legacies of the violence in the 1990s. Through this case, Simi argues that while all women survivors of rape face problems of stigma, shame, and lack of political visibility, their legal and symbolic status differ according to their ethno-national identity. Drawing on interviews with Bosnian Serb women survivors of rape in Bosnia and Herzegovina, feminist activists, local media, documentary, and archival sources, the book examines post-conflict justice as it is seen, lived, and interpreted by women who belong to perpetrator nations and will be of great interest and use to researchers, students, and practitioners within post-conflict law and justice, international criminal law, security studies, and gender studies.
