Assessing Listening:

Assessing L2 Listening Gary J. Ockey, Elvis Wagner, 2018-08-08 This book is relevant for language testers listening researchers and oral proficiency teachers in that it explores four broad themes related to the assessment of L2 listening ability the use of authentic real world spoken texts the effects of different speech varieties of listening inputs the use of audio visual texts and assessing listening as part of an interactive speaking listening construct Each theme is introduced with a review of the relevant literature and then is examined through either two or three empirical studies The notion of authenticity underlies each of these four themes By creating more authentic test tasks that are similar to real world language tasks test developers can create listening assessments that not only more effectively assess test takers communicative competence but can also have a positive washback effect on educational systems *Assessing Listening* Gary Buck, 2001-04-12 The book outlines the major areas of listening research in an accessible manner and provides language teachers with guidelines to design and develop suitable listening tests for their students **Assessing Listening** Gary Buck, 2001-04-12 A formal evaluation of students listening abilities is crucial in order that language teachers can meet the pedagogical needs of their students While there has been a considerable body of work done on assessing the listening abilities of native speakers the issues surrounding the assessment of second language learners listening abilities are still emerging This book outlines in an accessible manner the theory and research relating to the listening ability of foreign language learners It provides language teachers with guidelines to design and develop suitable listening tasks for their students *Assessing Listening and Spoken Language in Children with Hearing Loss* Tamala S. Bradham, K. Todd Houston, 2014-12-30 *Assessing Listening for Chinese English Learners* Pan Zhixin, 2016-12-08 This book reports in detail the newly developed Communicative Listening Comprehension Test CLCT for the National College English Test CET of China Following the principles of communicative testing in general and test construction approach proposed by Bachman and Palmer 1996 in particular the project develops CLCT for CET 4 and CET 6 The research begins with the construction of frameworks of listening task characteristics and communicative listening ability Subsequently based on a survey of Chinese college students English listening needs and an analysis of listening tasks in influential English listening course books and public tests CLCT 4 and CLCT 6 test specifications are developed Finally sample papers are produced and a series of posteriori studies are conducted to examine the difficulty and usefulness of the newly developed notes completion task type in two CLCT tests As an example of successful integration of communicative testing theories and test construction practice this research provides valuable insights into listening test development for other large scale tests *The Concise Companion to Language Assessment* Antony John Kunnan, 2024-10-01 The Concise Companion to Language Assessment provides a state of the art overview of the crucial areas of language assessment teaching and learning Edited by one of the foremost scholars in the field The Concise Companion combines newly commissioned articles on innovations in assessment
