Harald Kleinschmidt

A Tribute To Hans Morgenthau:

Truth and Tragedy Kenneth Thompson, 2020-03-09 Featuring a new fifty page interview with Hans J Morgenthau by Bernard Johnson this volume on the renowned scholar and philosopher demonstrates how pervasive is his mark on the study of international relations and political philosophy The interview illuminates Morgenthau's intellectual development in Europe between the world wars and in the United States It is in recognition of his unsurpassed contribution to the field of international relations and political philosophy that this collection of contributions from distinguished scholars has been assembled The continuation and refinement of his work in this book prove the lasting value of his philosophical truths in the understanding of human nature the role of power at all levels of society and his concept of national interest *A Tribute to Hans Morgenthau* Hans Joachim Morgenthau, 1977 With an intellectual autobiography by Hans J Morgenthau **Truth and Tragedy** Hans Joachim Morgenthau, 1984 **A Tribute to Hans Morgenthau** Hans Joachim Morgenthau, 1977 **Truth and Tragedy** Kenneth Thompson, Taylor & Francis Group, 2020-12-18 Featuring a new fifty page interview with Hans J

Morgenthau by Bernard Johnson this volume on the renowned scholar and philosopher demonstrates how pervasive is his mark on the study of international relations and political philosophy The interview illuminates Morgenthau's intellectual development in Europe between the world wars and in the United States It is in recognition of his unsurpassed contribution to the field of international relations and political philosophy that this collection of contributions from distinguished scholars has been assembled The continuation and refinement of his work in this book prove the lasting value of his philosophical truths in the understanding of human nature the role of power at all levels of society and his concept of national interest

Truth and tragedy Kenneth W. Thompson, 1984 *An Analysis of Hans J. Morgenthau's Politics Among Nations* Ramon Pacheco Pardo, 2017-07-05 Hans Morgenthau's *Politics Among Nations* is a classic of political science built on the firm foundation of Morgenthau's watertight reasoning skills The central aim of reasoning is to construct a logical and persuasive argument that carefully organizes and supports its conclusions often around a central concept or scheme of argumentation Morgenthau's subject was international relations the way in which the world's nations interact and come into conflict or peace a topic which was of vital importance during the unstable wake of the Second World War To the complex problem of understanding the ways in which the post war nations were jostling for power Morgenthau brought a comprehensive schema the concept of realism or in other words the idea that every nation will act so as to maximise its own interests From this basis Morgenthau builds a systematic argument for a pragmatic approach to international relations in which nations seeking consensus should aim for a balance of power grounding relations between states in understandings of how the interests of individual nations can be maximized Though seismic shifts in international politics after the Cold War undeniably altered the landscape of international relations Morgenthau's dispassionate reasoning about the nature of our world remains influential to this day [Power, Knowledge, and Dissent in Morgenthau's Worldview](#) Felix Rösch, 2016-04-29 This book provides a

comprehensive investigation into Hans Morgenthau's life and work Identifying power knowledge and dissent as the fundamental principles that have informed his worldview this book argues that Morgenthau's lasting contribution to the discipline of International Relations is the human condition of politics **The Nemesis of Power** Harald Kleinschmidt, 2000

The Nemesis of Power is the first book to look at the history of international relations theories Many theorists have investigated the nature of power studying it in its social political economic intellectual and physical contexts in order to define it Rather than present yet another definition Harald Kleinschmidt shows how the theorists themselves have perceived and handled the concept of power and how conduct in international relations has been evaluated Taking a broad look at international relations theories from the Roman Empire to the modern transformation of the European world picture Kleinschmidt bridges the gap between theory and history by subjecting theory to the logic and method of historical inquiry Drawing on original sources he reads international relations theories against their social and cultural contexts placing an emphasis on the ways in which changes in theory are reflections of a wider pattern of changes in culture **Edinburgh Companion to Political Realism** Robert Schuett, 2018-11-14

Political realism is a highly diverse body of international relations theory This substantial reference work examines political realism in terms of its history its scientific methodology and its normative role in international affairs Split into three sections it covers the 2000 year canon of realism the different schools of thought the key thinkers and how it responds to foreign policy challenges faced by individual states and globally It brings political realism up to date by showing where theory has failed to keep up with contemporary problems and suggests how it can be applied and adapted to fit our new globalised world order
