Assessment Update May June 2003:

Offshore Financial Centers - The Assessment Program - A Progress Report International Monetary Fund. Monetary and Financial Systems Dept.,2005-02-25 NULL **Business as Usual: An Assessment of Donald Rumsfeld's Transformation Vision and Transformation's Prospects for the Future** Mark G. Czelusta,2010-11 Donald Rumsfeld's vision of a transformed U S military has been discussed by many and understood by few and this lack of understanding has resulted in both significant simplifications and sweeping generalizations If Rumsfeld's Transformation is indeed dead does this mean that Transformation as a greater process is dead as well This report discusses the answers to this question which requires one to understand first that Rumsfeld's Transformation Vision RTV is the result of multiple influences that predate his time in office Second RTV is actually an umbrella term for 3 different things a new way of war a process and a defense strategy And third the military services shaped and at times limited the effectiveness of his program Illus **Hard Lessons** United States. Office of the Special Inspector General for Iraq Reconstruction,2009 Product Description The billions of dollars expended in Iraq constitute the largest relief and reconstruction exercise in American history SIGIR's lessons learned capping report characterizes this effort in four phases pre war to ORHA CPA post CPA Negroponte era and Khalilzad Crocker and the Surge From this history SIGIR forwards a series of conclusions and recommendations for Congress to consider when organizing for the next post conflict reconstruction situation Over the past five years the United States has provided nearly fifty billion dollars for the relief and reconstruction of Iraq This unprecedented rebuilding program implemented after the March 2003 invasion was developed to restore Iraq's essential services build Iraq's security forces create a market based economy and establish a democratic government all in pursuit of U S interests in a stable and free Iraq Did the U S rebuilding program achieve its objectives Was the money provided well spent or wasted What lessons have we learned from the experience **Hard Lessons** The Iraq Reconstruction Experience a report from the Special Inspector General for Iraq Reconstruction SIGIR answers these and other important questions by presenting a comprehensive history of the U S program chiefly derived from SIGIR's body of extensive oversight work in Iraq hundreds of interviews with key figures involved with the reconstruction program and thousands of documents evidencing the reconstruction work that was or was not done The report examines the limited pre war planning for reconstruction the shift from a large infrastructure program to a more community based one and the success of the Surge in 2007 and beyond **Hard Lessons** concludes that the U S government did not have the structure or resources in place to execute the mammoth relief and reconstruction plan it took on in 2003 The lessons learned from this experience create a basis for reviewing and reforming the U S approach to contingency relief and reconstruction operations **Report on Postwar Findings about Iraq's WMD Programs and Links to Terrorism and how They Compare with Prewar Assessments** United States. Congress. Senate. Select Committee on Intelligence,2006 , **2011 Review of the Standards and Codes Initiative — Background Paper**
