Bishop Von Galen German Catholicism And National Socialism

Derek Hastings

Bishop Von Galen German Catholicism And National Socialism:

Bishop von Galen Beth A. Griech-Polelle, 2008-10-01 Clemens August Graf von Galen Bishop of Münster from 1933 until his death in 1946 is renowned for his opposition to Nazism most notably for his public preaching in 1941 against Hitler's euthanasia project to rid the country of sick elderly mentally retarded and disabled Germans This provocative and revisionist biographical study of von Galen views him from a different perspective as a complex figure who moved between dissent and complicity during the Nazi regime opposing certain elements of National Socialism while choosing to remain silent on issues concerning discrimination deportation and the murder of Jews Beth Griech-Polelle places von Galen in the context of his times describing how the Catholic Church reacted to various Nazi policies how the anti-Catholic legislation of the Kulturkampf shaped the repertoire of resistance tactics of northwestern German Catholics and how theological interpretations were used to justify resistance and or collaboration She discloses the reasons for von Galen's public denunciation of the euthanasia project and the ramifications of his openly defiant stance She reveals how the bishop portrayed Jews and what that depiction meant for Jews living in Nazi Germany Finally she investigates the creation of the image of von Galen as Grand Churchman Resister and discusses the implications of this for the myth of Catholic conservative resistance constructed in post-1945 Germany

Catholicism and the Roots of Nazism Derek Hastings, 2011 Derek Hastings illuminates an important and largely overlooked aspect of Nazi history revealing National Socialism's close early ties with Catholicism in the years immediately after World War I when the movement first emerged Jacket

German Catholicism at War, 1939-1945 Thomas Brodie, 2018 German Catholicism at War explores the role Roman Catholicism played in shaping the moral economy of German society during the Second World War Drawing on previously unused source materials German Catholicism at War examines the complex relationship between Catholics and Nazi authorities and religious responses to the war

Catholic Theologians in Nazi Germany Robert Krieg, 2004-02-27 Discusses a range of religious scholars but focuses on five major theologians who were born during the Kulturkampf came to maturity and international recognition during the Hitler era and had an influence on Catholicism in the English speaking world While three were sympathetic to the Third Reich in varying degrees and the other two were publicly critical of the new regime the book takes a look at each of their stances regarding the Third Reich's anti-Jewish propaganda

Complicity in the Holocaust Robert P. Ericksen, 2012-02-05 In one of the darker aspects of Nazi Germany churches and universities generally respected institutions grew to accept and support Nazi ideology Complicity in the Holocaust describes how the state's intellectual and spiritual leaders enthusiastically partnered with Hitler's regime becoming active participants in the persecution of Jews effectively giving Germans permission to participate in the Nazi regime Ericksen also examines Germany's deeply flawed yet successful postwar policy of denazification in these institutions

Jews and Inter-marriage in Nazi Austria Evan Burr Bukey, 2010-12-31 Evan Burr Bukey explores the experience of intermarried couples marriages with Jewish and non-Jewish partners and their

children in Vienna after Germany's seizure of Austria in 1938. These families coped with changing regulations that disrupted family life, pitted relatives against each other, and raised profound questions about religious, ethnic, and national identity. Bukey finds that although intermarried couples lived in a state of fear and anxiety, many managed to mitigate delay or even escape Nazi sanctions. Drawing on extensive archival research, his study reveals how hundreds of them pursued ingenious strategies to preserve their assets, to improve their racial status, and above all, to safeguard the position of their children. It also analyzes cases of intermarried partners who chose divorce, as well as persons involved in illicit liaisons with non-Jews.

Jews and Intermarriage in Nazi Austria concludes that although most of Vienna's intermarried Jews survived the Holocaust, several hundred Jewish partners were deported to their deaths, and children of such couples were frequently subjected to Gestapo harassment.

Antisemitism, Christian Ambivalence, and the Holocaust Kevin P. Spicer, 2007-05-31. Thirteen essays exploring the role of antisemitism in the political and intellectual life of Europe. In recent years, the mask of tolerant, secular, multicultural Europe has been shattered by new forms of antisemitic crime. Though many of the perpetrators do not profess Christianity, antisemitism has flourished in Christian Europe. In this book, thirteen scholars of European history, Jewish studies, and Christian theology examine antisemitism's insidious role in Europe's intellectual and political life. The essays reveal that annihilative antisemitic thought was not limited to Germany but could be found in the theology and liturgical practice of most of Europe's Christian churches. They dismantle the claim of a distinction between Christian anti-Judaism and neo-pagan antisemitism and show that at the heart of Christianity, hatred for Jews overwhelmingly formed the milieu of twentieth-century Europe. This volume's inclusion of essays on several different Christian traditions, as well as the Jewish perspective on Christian antisemitism, make it especially valuable for understanding varieties of Christian antisemitism and ultimately the practice and consequences of exclusionary thinking in general. In bringing a range of theological and historical perspectives to bear on the question of Christian and Nazi antisemitism, the book broadens our view on the question and is of great value to historians and theologians alike.

Maria Mazzenga, Catholic University of America, H. Catholic, February 2009. Sheds light on and offers steps to overcome the locked-in conflict between Jews and Christians along the antisemitic path from Calvary to Auschwitz and beyond.

Zev Garber, Los Angeles Valley College and American Jewish University. *Shofar: An Interdisciplinary Journal of Jewish Studies*, Vol. 27, No. 1, Fall 2008.

Trajectories of Memory Beth Griech-Polelle, Christina Guenther, 2021-01-20. This volume, which grew out of a conference of the same name held at Bowling Green State University in March 2006, represents new scholarly perspectives on the way in which the Holocaust is remembered in history, literary studies, and theatre. It is a response to changing representations of the Holocaust across generations, disciplines, and in various cultural and national contexts. The contributions address the following questions: How do historians, artists, scholars, and teachers negotiate the language of the Holocaust as survivors die, leaving future generations to respond to the dictum "Never again"? How do children and grandchildren of survivors, perpetrators, bystanders transmit the difficult legacy of the

Holocaust in American Israeli French German Swiss and Austrian contexts while navigating feelings of transgenerational guilt or victimhood How can we do justice to survivor testimony when the survivors can no longer speak directly or mediate the testimony to us How does transferred and multiply mediated knowledge translate into meaningful artifacts for the next generations The collection features an interview about interdisciplinarity within Holocaust studies conducted at the conference with keynote speakers Marianne Hirsch and Leo Spitzer The articles in the first section explore the complex relationship between memory oral history and historiography in cross cultural contexts The second section includes articles on texts by Cynthia Ozick Thane Rosenbaum Daniel Handler W G Sebald Monika Maron Stephan Wackwitz Jonathan Foer Art Spiegelman Georges Arthur Goldstein Benjamin Wilkomirski Elfriede Jelinek Thomas Bernhard Tim Blake Nelson and Diane Samuel

Anti-Semitism and the Holocaust Beth A. Griech-Polelle, 2023-01-26 Appreciating the power of language and how discriminatory words can have deadly consequences is pivotal to our understanding of the Holocaust Engaging with a wealth of primary sources and significant Holocaust scholarship *Anti-Semitism and the Holocaust* traces the historical tradition of anti-Semitism to explore this in detail From religious anti-Semitism in ancient Rome to racially led anti-Semites focused on building superior nation states in 19th century Europe to Hitler's vitriolic attacks Griech-Polelle analyzes how tropes and stereotypes incited suspicion dislike and hatred of the Jews and ultimately how this was used to drive anti-Semitic feeling toward genocide Crucially this 2nd edition sheds further light on the everyday experience of ordinary Germans and Jews under the Nazi regime with new chapters examining the role of the Christian Churches in Hitler's persecution of the Jews and those who participated in rescue work and resistance more broadly With new illustrations a detailed glossary and up to date further reading suggestions and questions this 2nd edition provides a concise and lucid survey of European Jewry the Holocaust and the language of anti-Semitism

Disruptive Power Michael E. O'Sullivan, 2018-11-23 *Disruptive Power* examines a surprising revival of faith in Catholic miracles in Germany from the 1920s to the 1960s The book follows the dramatic stigmata of Therese Neumann of Konnersreuth and her powerful circle of followers that included theologians Cardinals politicians journalists monarchists anti-fascists and everyday pilgrims *Disruptive Power* explores how this and other similar groups negotiated the precariousness of the Weimar Republic the repression of the Third Reich and the dynamic early years of the Federal Republic Analyzing a network of rebellious traditionalists O'Sullivan illustrates the divisions that characterized the German Catholic minority as they endured the tumultuous era of the world wars Analyzing material from archives in Germany and the United States Michael E O'Sullivan investigates the unsanctioned but very popular visions in several rural towns after World War II providing micro histories that illuminate the impact of mystical faith on religiosity politics and gender norms
