Bits And Pieces Of My Soul Remembering What We Already Know:

Remembering Tim Tengblad, 2024-10-09 There is more more than what the Church has told you I had been a Lutheran pastor for twenty nine years when I sensed an inner inaudible voice telling me this Listening to that inner voice led me to a wonderful friendship with Echo Bodine who is a psychic and to explorations of Buddhism Sufism the Tao Te Ching meditation centers reincarnation Aramaic and much more Do you sense there is more A deeper truth about yourself God and reality that wants to be known and lived This book reveals my true journey told within the framework of a fictional story The main character Sam is intrigued when he hears that the message of Jesus is to know and live from the Divine that is naturally within him in everyone and in everything This leads us to deep conversations in a tavern on a boat at a playground in the woods under the stars in a sanctuary on a golf course at home watching comedy and the news and at a hospice home The discussions that Sam and I have about our own struggles questions and discoveries eventually lead us to affirm that we are here to grow into the love from which our souls emerged Welcome to the conversation You are love Tim *Bits and Pieces of My Soul* Carolyn M. Dixon, 2004

The Human Soul: Essays in Honor of Nalin Ranasinghe Predrag Cicovacki, 2022-02-01 This collection of essays is dedicated to a recently deceased philosopher and humanist Nalin Ranasinghe His central philosophical and humanistic preoccupation was with the human soul Not surprisingly his greatest inspiration was Socrates credo Care for your soul and the title of his first book was The Soul of Socrates In this and his later writings Ranasinghe expressed his growing concern over the idea that the human soul has been highjacked due to the way our civilization has developed the highest and noblest aspirations of our civilization have been replaced by our obsession with money pleasure and power We now live in a time where we do not know who we are nor who the people around us are Despite all of the technical gadgets connecting us virtually this is the age of disconnect and loneliness as well as of the degradations of humanity Ranasinghe insisted that the two keys for recovery are the self knowledge of the soul and a continuous dialogue with others We need to relearn how to relate to ourselves and others as unique individuals not as objects for the satisfaction of our needs Following his ideas the twenty essays presented here are divided into two parts the soul in reflection and the soul in dialogue The contributors come from various countries around the globe and work in different disciplines and their chapters aim to revive our interest in the soul and the obscured core of our humanity This book will appeal to undergraduate and graduate students of philosophy however the essays are written in a

non technical language also making them accessible to the general audience
