100 Years of Circus Posters, 1974 *100 Years of Circus Posters* Jack Rennert, 1975 **100 Years of Children's Book Week Posters** Leonard S. Marcus, 2019-03-05 Celebrate a century of children's book illustration For families art lovers and history buffs alike Leonard S Marcus's visual history tour of 100 years of children's book illustration gathers in one glorious volume the posters of the annual Children's Book Week Featuring work from early luminaries such as N C Wyeth and Marcia Brown to more contemporary illustrators like David Wiesner Mary GrandPr Christian Robinson and Jillian Tamaki this beautiful collection showcases the conceptual and iconic images that have defined children's books for generations of young readers While the posters within these pages are linked in their resounding advocacy for young people's literacy they are distinguished by the styles and mediums of their creators and by the historical social and cultural influences of their times Renowned historian Leonard S Marcus traces these developments in the children's book field with incisive descriptions to accompany each poster Children's Book Week has grown over the past one hundred years from a modest grassroots effort to a full throttle nationwide annual celebration of literacy and the pleasures of reading The posters in this book beautifully emphasize Book Week's mission with slogans such as Build the Future with Books Get Lost in a Book and One World Many Stories **Posters** Tony Fusco, 1994 **Masonic Temples** William D. Moore, 2006 In *Masonic Temples* William D Moore introduces readers to the structures American Freemasons erected over the sixty year period from 1870 to 1930 when these temples became a ubiquitous feature of the American landscape As representations of King Solomon's temple in ancient Jerusalem erected in almost every American town and city Masonic temples provided specially designed spaces for the enactment of this influential fraternity's secret rituals Using New York State as a case study Moore not only analyzes the design and construction of Masonic structures and provides their historical context but he also links the temples to American concepts of masculinity during this period of profound economic and social transformation By examining edifices previously overlooked by architectural and social historians Moore decodes the design and social function of Masonic architecture and offers compelling new insights into the construction of American masculinity Four distinct sets of Masonic ritual spaces the Masonic lodge room the armory and drill room of the Knights Templar the Scottish Rite Cathedral and the Shriners mosque form the central focus of this volume Moore argues that these spaces and their accompanying ceremonies communicated four alternative masculine archetypes to American Freemasons the heroic artisan the holy warrior the adept or wise man and the frivolous jester or fool Although not a Freemason Moore draws from his experience as director of the Chancellor Robert R Livingston Masonic Library in New York City where he utilized sources previously inaccessible to scholars His work should prove valuable to readers with interests in vernacular architecture material culture American studies architectural and social history Freemasonry and voluntary associations *The Great Parade* Pierre Th  berge, Galeries Nationales du Grand Palais (Paris), National Gallery of Canada, 2004-01-01 A beautiful book that showcases how circus figures and artifacts have been

portrayed in art over the past two centuries The circus is a dazzling world filled with acrobats and harlequins tumblers and riders monsters and celestial creatures Now this engaging book sets that world in a new light examining how painters sculptors and photographers from the eighteenth century to the present have used the circus as a springboard for their imaginative expression and have envisioned the clown as a metaphor for the modern artist The book presents more than 175 works by such artists as Degas Toulouse Lautrec Rouault Picasso Chagall and L ger Some of these are masterful works shown for the first time these range from the 18 meter stage curtain Picasso designed in 1917 for Erik Satie s ballet Parade to more intimate works such as Nadar and Tournachon s photographs of Pierrot as played by celebrated mime Charles Debureau
