Bargainnier,1984 There are hundreds of satisfactory and satisfying British mystery writers whose works should be studied both for their own individual accomplishments and for their comments on the society in which they were published in the last 150 years but who have not received any critical comment lately This volume is designed to correct that fault in a dozen of those unjustifiably neglected British authors Wilkie Collins A E W Mason G K Chesterton H C Bailey Anthony Berkeley Cox Nicholas Blake Michael Gilbert Julian Symons Dick Francis Edmund Crispin H R F Keating and Simon Brett "Twice the Thrills! Twice the Chills!" Bryan Senn,2019-03-19 In the mid 1950s to combat declining theater attendance film distributors began releasing pre packaged genre double bills including many horror and science fiction double features Though many of these films were low budget and low end others such as *Invasion of the Body Snatchers* *Horror of Dracula* and *The Fly* became bona fide classics Beginning with Universal International s 1955 pairing of *Revenge of the Creature* and *Cult of the Cobra* 147 officially sanctioned horror and sci fi double bills were released over a 20 year period This book presents these double features year by year and includes production details historical notes and critical commentary for each film

British Books in Print ,1979 The Werewolf Filmography Bryan Senn,2017-02-06 From the horrific to the heroic cinematic werewolves are metaphors for our savage nature symbolizing the secret bestial side of humanity that hides beneath our civilized veneer Examining acknowledged classics like *The Wolf Man* 1941 and *The Howling* 1981 as well as overlooked gems like *Dog Soldiers* 2011 this comprehensive filmography covers the highs and lows of the genre Information is provided on production cast and filmmakers along with critical discussion of the tropes and underlying themes that make the werewolf a terrifying but fascinating figure In the Beginning Mary Jean DeMarr,1995 Others concentrate more on

analysis of the subject novel itself indicating more briefly how that book relates to those which follow it Some discuss such questions as what exactly is the first novel in some rather complex series and in several cases more than one initiating book is discussed No attempt has been made to include consideration of a representative sample of the various types of detective series but a variety of authors is covered ranging from such classics as Agatha Christie Rex Stout and Dorothy L Sayers to more recent authors like James McClure Joseph Hansen and Colin Dexter
