Science and Art Antonio Sgamellotti, Brunetto Giovanni Brunetti, Costanza Miliani, 2020-02-24

Science and art are increasingly interconnected in the activities of the study and conservation of works of art Science plays a key role in cultural heritage from developing new analytical techniques for studying the art to investigating new ways of preserving the materials for the future For example high resolution multispectral examination of paintings allows art historians to view underdrawings barely visible before while the use of non invasive and micro sampling analytical techniques allow scientists to identify pigments and binders that help art conservators in their work It also allows curators to understand more about how the artwork was originally painted Through a series of case studies written by scientists together with art historians archaeologists and conservators Science and Art The Painted Surface demonstrates how the cooperation between science and humanities can lead to an increased understanding of the history of art and to better techniques in conservation The examples used in the book cover paintings from ancient history Renaissance modern and contemporary art belonging to the artistic expressions of world regions from the Far East to America and Europe Topics covered include the study of polychrome surfaces from pre Columbian and medieval manuscripts the revelation of hidden images below the surface of Van Gogh paintings and conservation of acrylic paints in contemporary art Presented in an easily readable form for a large audience the book guides readers into new areas uncovered by the link between science and art The book features contributions from leading institutions across the globe including the Metropolitan Museum of Art New York Art Institute of Chicago Getty Conservation Institute Opificio delle Pietre Dure Firenze National Gallery of London Tate Britain Warsaw Academy of Fine Art and the National Gallery of Denmark as well as a chapter covering the Thangka paintings by Nobel Prize winner Richard Ernst

The Story of Contemporary Art Tony Godfrey, 2020-11-10

An introduction to the rich and diverse history of contemporary art over the past 60 years from Modernism and minimalism to artists like Andy Warhol and Marina Abramovi Featuring lavish illustrations this is the perfect gift for art history fans and anyone looking for a more inclusive perspective on the old boys club Encountering a work of contemporary art a viewer might ask What does it mean Is it really art and Why does it cost so much These are not the questions that E H Gombrich set out to answer in his magisterial The Story of Art Contemporary art seems totally unlike what came before it departing from the road map supplied by Raphael D rer Rembrandt and other European masters In The Story of Contemporary Art Tony Godfrey picks up where Gombrich left off offering a lively introduction to contemporary art that stretches from Andy Warhol s Brillo boxes to Marina Abramovi s performance art to today s biennale circuit and million dollar auctions Godfrey a curator and writer on contemporary art chronicles important developments in pop art minimalism conceptualism installation art performance art and beyond
