

Becoming Strangers

"A gut-wrenching tale of marital recklessness and guilt...Dean's sheer talent takes one's breath away in its rigorous complexity and lyrical dazzle...
Becoming Strangers is poignant, authentic, funny and extraordinary."

—*San Francisco Chronicle*

A NOVEL

LOUISE DEAN

Becoming Strangers

Michael Ford

Becoming Strangers:

Becoming Strangers Louise Dean, 2007-01-08 After more than half a century of marriage Dorothy and George are embarking on their first journey abroad together Three decades younger Jan and Annemieke are taking their last as illness and incompatibility bring their unhappy union to an end At first the luxury of a Caribbean resort is no match for the well worn patterns of domestic life Then the couples paths cross and a series of surprises ensues a disappearance and an assault most dramatically but also a teapot tempest of passions slights misunderstandings and small awakenings that punctuate a week in which each pair struggles to come to terms with what s been keeping them apart A hit with readers and critics alike when it was published in England last year *Becoming Strangers* is a different kind of love story in which there s seldom a happy ending but sometimes a chance to redeem a life half lived

Becoming the Presence of God Michael Ford, 2017

Toward a Stranger and More Posthuman Social Studies Bretton A. Varga, Timothy Monreal, Rebecca C. Christ, Wayne Journell, 2023 This collection of essays explores posthuman approaches to social studies education challenging the field to think differently about the precarious status of the world Authors examine how educators and scholars can foster more ethical ways of teaching learning and researching by cultivating a greater sense of attunement to the more than human

The Night We Became Strangers Lorena Hughes, 2025-09-30 An immersive historical novel based on true events In 1938 Orson Welles s legendary radio dramatization of H G Wells s novel *The War of the Worlds* terrified Americans into believing Martians were invading Eleven years later an Ecuadorian radio station adapted the show with catastrophic consequences Now two young journalists are determined to uncover what really happened to their families that night even as secrets endanger their future 1957 Aspiring photojournalist Valeria Anzures returns to her hometown of Quito with a secret purpose to discover the truth about how her parents really died The disastrous 1949 *War of the Worlds* show caused a mob to torch her family s radio station and the newspaper run by their closest friends the Monteros The tragedy shattered the families relationship and left the station on precarious financial ground Now expected to save her family s legacy through an arranged marriage Valeria will risk everything to find out the truth Even if it means allying with the man she s always loved but who now treats her like a stranger For Mat as Montero the scars of that night run deep He saved his mother but blames himself for not rescuing his father As a journalist he views Valeria as a rival Still they re both on the same mission Perhaps together they can unearth the past their families and friends would rather remain buried Valeria and Mat as soon find trusting each other is as dangerous as the attraction they can t resist Between their families mutual hatred duplicitous witnesses and insidious lies and ruthless manipulations exposing the real story will put their future on the line and ignite revelations no one saw coming

The Strangers Book Lloyd Pratt, 2016 *The Strangers Book* explores how various nineteenth century African American writers radically reframed the terms of humanism by redefining what it meant to be a stranger Rejecting the idea that humans have easy access to a common reserve of experiences and emotions they countered

the notion that a person can use a supposed knowledge of human nature to claim full understanding of any other person's life. Instead they posited that being a stranger, unknown and unknowable, was an essential part of the human condition. Affirming the unknown and unknowable differences between people as individuals and in groups laid the groundwork for an ethical and democratic society in which all persons could find a place. If everyone is a stranger, then no individual or class can lay claim to the characteristics that define who gets to be a human in political and public arenas. Lloyd Pratt focuses on nineteenth-century African American writing and publishing venues and practices such as the Colored National Convention movement and literary societies in Nantucket and New Orleans. Examining the writing of Frederick Douglass in tandem with that of the francophone free men of color who published the first anthology of African American poetry in 1845, he contends these authors were never interested in petitioning whites for sympathy or for recognition of their humanity. Instead, they presented a moral imperative to develop practices of stranger humanism in order to forge personal and political connections based on mutually acknowledged and always evolving differences.

Strangers in the Family Guo-Quan Seng, 2023-11-15

In *Strangers in the Family*, Guo-Quan Seng provides a gendered history of settler Chinese community formation in Indonesia during the Dutch colonial period, 1816-1942. At the heart of this story lies the creolization of patrilineal Confucian marital and familial norms to the colonial legal, moral, and sexual conditions of urban Java. Departing from male-centered narratives of Overseas Chinese communities, *Strangers in the Family* tells the history of community formation from the perspective of women who were subordinate to and alienated from full Chinese selfhood. From native concubines and mothers, creole Chinese daughters and wives, and matriarchs to the first generation of colonial-educated feminists, Seng showcases women's moral agency as they negotiated, manipulated, and debated men in positions of authority over their rights in marriage formation and dissolution. In dialogue with critical studies of colonial Eurasian intimacies, this book explores Asian-centered, inter-ethnic patterns of intimate encounters. It shows how contestations over women's place in marriage and in society were formative of a Chinese racial identity in colonial Indonesia.

The Stranger as My Guest Michel Agier, 2021-01-14

The migration crisis of recent years has elicited a double response: on the one hand, many states have responded by tightening border controls in an attempt to restrict population movements; while on the other hand, many citizens have responded by welcoming new arrivals, offering them shelter, food, and whatever help they could provide. By so doing, they have reawakened an old form of anthropology that was long considered to be dead: that of hospitality. In this book, Agier develops an original anthropology of hospitality that starts from the reality of hospitality as a social relationship, albeit an asymmetrical one, in which each party has rights and duties. He argues that with the decline of state and religious support, hospitality is now making a comeback at individual and municipal levels, but these local initiatives, while important, are insufficient to respond to the scale of migration in the world today. We need a new hospitality policy for the modern era, one that will regard hospitality as a right rather than a favour and will treat the stranger as a guest rather than as an alien or an enemy. This timely and original book will be of

great interest to students and scholars in anthropology sociology and the social sciences generally and to anyone concerned with migration and refugees in the world today **Called Beyond Our Selves** Erin VanLaningham,2024 Higher education today faces challenges from all sides but college can provide young people with an opportunity to explore what it means to live a meaningful life Increasingly undergraduate education encourages students to reflect on their many callings in life but this does not need to be a purely individual pursuit This volume provides an argument for helping students to think about the interconnectedness of individual and communal life as they reflect on their various vocations **Stalkers and Their Victims** Paul E. Mullen,Michele Pathé,Rosemary Purcell,2000-04-27 This highly practical informative account is a must for anyone who deals with stalkers and their victims **Synagogue Life** Samuel C. Heilman,2017-07-05 Via a participant observer approach Synagogue Life analyzes the three essential dimensions of synagogue life the houses of prayer study and assembly In each Heilman documents the rich detail of the synagogue experience while articulating the social and cultural drama inherent in them He illustrates how people come to the synagogue not only for spiritual purposes but also to find out where and how they fit into life in the neighborhood in which they share In his new introduction Heilman discusses what led him to write this book and the process of personal transformation through which he as an Orthodox Jew had to go in order to turn a disciplined eye on the world from which he came Rather than using the stranger as native approach of classic anthropology he had instead to begin as a native who discovered how to look at a once taken for granted synagogue life like a stranger In the afterword arguing for the efficacy of this approach Heilman offers guidance on how natives can use their special familiarity and still be trained to distance themselves from their own group making use of the disciplines of sociology and anthropology Synagogue Life offers a fascinating portrait that has something to say to social scientists as well as all those curious about what happens in the main arena of Orthodox Jewish community life

Whispering the Secrets of Language: An Mental Journey through **Becoming Strangers**

In a digitally-driven world where screens reign great and immediate communication drowns out the subtleties of language, the profound strategies and mental subtleties hidden within words often move unheard. Yet, set within the pages of **Becoming Strangers** a fascinating fictional value pulsing with organic thoughts, lies a fantastic journey waiting to be undertaken. Penned by an experienced wordsmith, that charming opus encourages viewers on an introspective trip, lightly unraveling the veiled truths and profound influence resonating within ab muscles material of each word. Within the emotional depths of this emotional evaluation, we will embark upon a heartfelt exploration of the book is core subjects, dissect their fascinating publishing style, and fail to the powerful resonance it evokes deep within the recesses of readers hearts.
