Allegorical Readers And Cultural Revision In Ancient Alexandria:

Allegorical Readers and Cultural Revision in Ancient Alexandria David Dawson, 2023-04-28 Allegorical readings of literary or religious texts always begin as counterreadings starting with denial or negation challenging the literal sense You have read the text this way but I will read it differently David Dawson insists that ancient allegory is best understood not simply as a way of reading texts but as a way of using non literal readings to reinterpret culture and society Here he describes how some ancient pagan Jewish and Christian interpreters used allegory to endorse revise and subvert competing Christian and pagan world views This reassessment of allegorical reading emphasizes socio cultural contexts rather than purely formal literary features opening with an analysis of the pagan use of etymology and allegory in the Hellenistic world and pagan opposition to both techniques The remainder of the book presents three Hellenistic religious writers who each typify distinctive models of allegorical interpretation the Jewish exegete Philo the Christian Gnostic Valentinus and the Christian Platonist Clement The study engages issues in the fields of classics history of Christianity and Hellenistic Judaism literary criticism and theory and more broadly critical theory and cultural criticism Allegorical readings of literary or religious texts always begin as counterreadings starting with denial or negation challenging the literal sense You have read the text this way but I will read it differently David Dawson insists that ancient alle

Plutarch on Literature, Graeco-Roman Religion, Jews and Christians Frederick E. Brenk, 2023-05-08 The present book includes sixteen studies by Professor Frederick E Brenk on Plutarch on Literature Graeco Roman Religion Jews and Christians Of them thirteen were published earlier in different venues and three appear here for the first time Written between 2009 and 2022 these studies not only provide an excellent example of Professor Brenk s incisiveness and deep knowledge of Plutarch they also provide an excellent overview of Plutarchan studies of the last years on a variety of themes Indeed one of the most salient characteristics of Brenk s scholarship is his constant interaction and conversation with the most recent scholarly literature

Interpretation and Allegory Whitman, 2022-03-28 Western literary philosophical and religious traditions from Plato and Paul to Augustine and Avicenna have utilized exploited or been subjected to allegorical interpretation Naturally developing a composite picture of interpretive allegory from such a large landscape faces numerous difficulties As the editor puts it to imagine a definitive account of the theory and practice of allegorical interpretation in the West would require something of an allegorical vision in its own right With that caveat in mind however the international team of contributors from a variety of disciplines offers a historical and conceptual framework for understanding interpretive allegory in the West from antiquity through the early and late medieval and renaissance periods and from the eighteenth through the twentieth centuries This publication has also been published in hardback please click here for details

The Cambridge Companion to Allegory Rita Copeland, Peter T. Struck, 2010-03-25 Traces the development of allegory in the European and American tradition from antiquity to the modern era

Feminist Interpretations of Ludwig Wittgenstein Naomi Scheman, Peg O'Connor, 2010-11-01 The original essays

in this volume while written from diverse perspectives share the common aim of building a constructive dialogue between two currents in philosophy that seem not readily allied Wittgenstein who urges us to bring our words back home to their ordinary uses recognizing that it is our agreements in judgments and forms of life that ground intelligibility and feminist theory whose task is to articulate a radical critique of what we say to disrupt precisely those taken for granted agreements in judgments and forms of life Wittgenstein and feminist theorists are alike however in being unwilling or unable to make sense in the terms of the traditions from which they come needing to rely on other means including telling stories about everyday life to change our ideas of what sense is and of what it is to make it For both appeal to grounding is problematic but the presumed groundedness of particular judgments remains an unavoidable feature of discourse and as such in need of understanding For feminist theory Wittgenstein suggests responses to the immobilizing tugs between modernist modes of theorizing and postmodern challenges to them For Wittgenstein feminist theory suggests responses to those who would turn him into the normal philosopher he dreaded becoming one who offers perhaps unorthodox solutions to recognizable philosophical problems In addition to an introductory essay by Naomi Scheman the volume s twenty chapters are grouped in sections titled The Subject of Philosophy and the Philosophical Subject Wittgensteinian Feminist Philosophy Contrasting Visions Drawing Boundaries Categories and Kinds Being Human Agents and Subjects and Feminism s Allies New Players New Games These essays give us ways of understanding Wittgenstein and feminist theory that make the alliance a mutually fruitful one even as they bring to their readings of Wittgenstein an explicitly historical and political perspective that is at best implicit in his work The recent salutary turn in analytic philosophy toward taking history seriously has shown how the apparently timeless problems of supposedly generic subjects arose out of historically specific circumstances These essays shed light on the task of feminist theorists along with postcolonial queer and critical race theorists to in Wittgenstein s words rotate the axis of our examination around whatever real need s might emerge through the struggles of modernity s Others Contributors besides the editors are Nancy E Baker Nalini Bhushan Jane Braaten Judith Bradford Sandra W Churchill Daniel Cohen Tim Craker Alice Crary Susan Hekman Cressida J Heyes Sarah Lucia Hoagland Christine M Koggel Bruce Krajewski Wendy Lynne Lee Hilda Lindemann Nelson Deborah Orr Rupert Read Phyllis Rooney and Janet Farrell Smith **Philip Sidney and the Poetics of Renaissance Cosmopolitanism** Robert E. Stillman, 2016-04-22 Celebrations of literary fictions as autonomous worlds appeared first in the Renaissance and were occasioned paradoxically by their power to remedy the ills of history Robert E Stillman explores this paradox in relation to Philip Sidney s Defence of Poesy the first Renaissance text to argue for the preeminence of poetry as an autonomous form of knowledge in the public domain Offering a fresh interpretation of Sidney s celebration of fiction making Stillman locates the origins of his poetics inside a neglected historical community the intellectual elite associated with Philip Melanchthon leader of the German Reformation after Luther the so called Philippists As a challenge to traditional Anglo centric scholarship his study demonstrates how Sidney s education by

Continental Philippians enabled him to dignify fiction making as a compelling form of public discourse compelling because of its promotion of powerful new concepts about reading and writing its ecumenical piety and its political ambition to secure through natural law from universal Ideas freedom from the tyranny of confessional warfare Intellectually ambitious and wide ranging this study draws together various elements of contemporary scholarship in literary religious and political history in order to afford a broader understanding of the Defence and the cultural context inside which Sidney produced both his poetry and his poetics

The Cambridge History of Early Christian Literature Frances Young, Lewis Ayres, Andrew Louth, 2004-04 Publisher Description *Johannine Social Identity Formation after the Fall of the Jerusalem Temple* Christopher A. Porter, 2021-10-25 In *Johannine Social Identity Formation after the Fall of the Jerusalem Temple* Christopher Porter reads the Fourth Gospel through the lens of social identity theory as means of reconciling the social dislocation and trauma of the destruction of the Jerusalem temple Analysing the Fourth Gospel in conversation with other temple removed texts of Qumran Philo and Josephus the gospel's intent to renegotiate cultic life without the temple can be seen Through this analysis it is argued that the Fourth Gospel primarily functions as an intra mural Jewish text attempting to negotiate the formation of a Jesus follower social identity in direct continuity with earlier Jewish shared social narratives Finally this work reviews the Johannine Community as an outcome of the Gospel identity formation

The Catena in Marcum William Lamb, William R.S Lamb, 2012-04-19 Providing the first extended English translation of the earliest anthology of patristic commentary on Mark's gospel this book provides a careful analysis of the development of this text and assesses its significance for the history of the interpretation of Mark's gospel

Hellenism, Early Judaism, and Early Christianity Radka Fialová, Jiří Hoblík, Petr Kitzler, 2022-11-07 Papers collected in this volume try to illuminate various aspects of philosophical theology dealt with by different Jewish and early Christian authors and texts e.g. the Acts of the Apostles Philo Origen Gregory of Nazianzus rooted in and influenced by the Hellenistic religious cultural and philosophical context and they also focus on the literary and cultural traditions of Hellenized Judaism and its reception e.g. Sibylline Oracles Prayer of Manasseh including material culture Elephant Mosaic Panel from Huqoq synagogue By studying the Hellenistic influences on early Christianity both in response to and in reaction against early Hellenized Judaism the volume intends not only to better understand Christianity as a religious and historical phenomenon with a profound impact on the development of European civilization but also to better comprehend Hellenism and its consequences which have often been relegated to the realm of political history
