Ashes Of Izalco:

Ashes of Izalco Claribel Alegria, Darwin J. Flakoll, Erik Flakoll, Karen Fauch, Mario Benedetti, 2015-02-20 A novel that blends politics history and romance with unfailing gentleness unforeseeable explosive events determine the actions of the characters but never interrupt the work's lyrical structure Carmen Rojas the heroine was a child when in 1932 she witnessed the brutality of the El Salvadoran National Guard who murdered 30 000 rioting peasants The tragedy shapes her political consciousness and although she marries an American and lives in Washington D C she cannot escape its memory Thirty years later she returns home to attend her mother's funeral and to care for her sickly father and discovers a diary kept by her mother's American lover in the months before the 1932 uprisings **Redefining Latin American Historical Fiction** H. Weldt-Basson, 2013-06-05 Current scholarship on Latin American historical fiction has failed to take feminism and postcolonialism into account This study uses these important contemporary discourses as a starting point for a new definition of the Latin American historical novel that includes national identity magical realism historical intertextuality and symbolism

Encyclopedia of Contemporary Latin American and Caribbean Cultures Daniel Balderston, Mike Gonzalez, Ana M. Disaster Writing Mark D. Anderson, 2011-10-17 In the aftermath of disaster literary and other cultural representations of the event can play a role in the renegotiation of political power In Disaster Writing Mark D Anderson analyzes four natural disasters in Latin America that acquired national significance and symbolism through literary mediation the 1930 cyclone in the Dominican Republic volcanic eruptions in Central America the 1985 earthquake in Mexico City and recurring drought in northeastern Brazil Taking a comparative and interdisciplinary approach to the disaster narratives Anderson explores concepts such as the social construction of risk landscape as political and cultural geography vulnerability as the convergence of natural hazard and social marginalization and the cultural mediation of trauma and loss He shows how the political and historical contexts suggest a systematic link between natural disaster and cultural politics Taking Their Word Arturo Arias, Central Americans are one of the largest Latino population groups in the United States Yet Arturo Arias argues the cultural production of Central Americans remains little known to North Americans In Taking Their Word Arias complicates notions of the cultural production of Central America from Mexico in the North to Panama in the South He charts the literature of Central America's liberation struggles of the 1970s and 1980s its transformation after peace treaties were signed the emergence of a new Maya literature that decenters Latin American literature written in Spanish and the rise and fall of testimonio Arias demonstrates that Central America and its literature are marked by an indigenism that has never before been fully theorized or critically grasped Never one to avoid controversy Arias proffers his views of how the

immigration of Central Americans to North America has changed the cultural topography of both zones With this groundbreaking work Arias establishes the importance of Central American literature and provides a frame for future studies of the region s culture Arturo Arias is director of Latin American studies at the University of Redlands He is the author of six novels in Spanish and editor of *The Rigoberta Mench Controversy* Minnesota 2001

Post-Conflict Central American Literature Yvette Aparicio, 2013-11-26 Post Conflict Central American Literature Searching for Home and Longing to Belong studies often overlooked contemporary poetry Through the exploration of poetry and a select number of short stories this book contemplates the meanings of home belonging and the homeland in post conflict globalizing and neoliberal El Salvador Nicaragua and Costa Rica Aparicio analyzes literary representations of and meditations on the current conditions as well as the recent pasts of Central American homelands Additionally the book highlights aesthetic renditions of home at the same time that it engages with and is grounded in contemporary Central American cultures politics and societies In effect this book contests hegemonic and apparently commonsense views that assert that globalization produces global citizenship and globalized experiences Instead it argues that a palpable desire for home and belonging survives and thrives in rapidly globalizing Central American homelands
