**Asian American Novelists** Emmanuel Sampath Nelson, 2000 As a distinct area of literary study Asian American literature now enjoys a level of critical recognition that was unimaginable when academic interest in the field began modestly some 25 years ago Part of this recognition stems from the increasing contributions of Asian American novelists whose works continue to capture growing levels of popular attention By the early 1970s anthologies of creative writing by Asian Americans began to appear and there are now almost two dozen of them Since then numerous Asian American writers such as Amy Tan Michael Ondaatje and Bharati Mukherjee have gained considerable critical and commercial success The publication of this reference work reflects the new academic status of Asian American literature Included are alphabetically arranged entries for 70 Asian American novelists Since the historical and current experiences of Asians in Canada and the United States are substantially similar the volume covers authors from both countries While the majority of the writers profiled in the volume have East Asian backgrounds some have South Asian or West Asian origins Each entry is written by an expert contributor and provides a short biography a discussion of major works and themes a summary of the novelist's critical reception and separate bibliographies of primary and secondary sources The volume concludes with a selected general bibliography Google Books viewed Apr 14 2021

**The Happy Hsiungs** Diana Yeh,2014-03-01 Try Something Different Something Really Chinese The Happy Hsiungs recovers the lost histories of Shih I and Dymia Hsiung two once highly visible but now largely forgotten Chinese writers in Britain who sought to represent China and Chineseness to the rest of the world Shih I shot to worldwide fame with his play Lady Precious Stream in the 1930s and became known as the first Chinese director to work in the West End and on Broadway Dymia was the first Chinese woman in Britain to publish a fictional autobiography in English Diana Yeh traces the Hsiungs lives from their childhood in Qing dynasty China and youth amid the radical May Fourth era to Britain and the USA where they rubbed shoulders with George Bernard Shaw James M Barrie H G Wells Pearl Buck Lin Yutang Anna May Wong and Paul Robeson In recounting the Hsiungs rise to fame Yeh focuses on the challenges they faced in becoming accepted as modern subjects as knowledge of China and the Chinese was persistently framed by colonial legacies and Orientalist

discourses which often determined how their works were shaped and understood She also shows how Shih I and Dymia in negotiating acceptance performed not only specific forms of Chineseness but identities that conformed to modern ideals of class gender and sexuality defined by the heteronormative nuclear family Though featured as The Happy Hsiungs their lives ultimately highlight a bitter struggle in attempts to become modern In the 1930s China became briefly fashionable again after decades of Fu Manchu style demonising This switch coincided with the rise of anti fascism in the West and a new visibility of Chinese art In a path breaking contribution to the study of artistic production by British Chinese Yeh recovers the Hsiungs forgotten history their role in this new China wave and their struggle against hostile stereotyping Shedding light on a history few can have expected the book shows high narrative skill and the author's strong empathetic imagination brings everything to life Gregor Benton author of Chinese Migrants and Internationalism and The Chinese in Britain Through the riveting story of a successful couple of British Chinese artists the Hsiungs this book contributes to our understanding of the real struggles involved in the acceptance of Chineseness not as a fixed identity governed by unchanging tradition as Western Orientalism would have it but as a resolutely modern performative invention shaped by a confluence of globally circulating hybrid ideas concepts and images Ien Ang author of On Not Speaking Chinese Living Between Asia and the West Thanks to the phenomenal success of his play Lady Precious Stream Shih I Hsiung was a household name in the US and UK during the 1930s Diana Yeh explores the Hsiungs role in representing China and Chineseness to the rest of the world forcing us to rethink our vision of the British Chinese as invisible and insular with little social cultural or political impact on wider society Anne Witchard author of Lao She in London and Thomas Burke's Dark Chinoiserie The story of Shih I and Dymia Hsiung fills a gap in our understanding of the Chinese experience in England and highlights how very different it is from that in America Yeh does a remarkable job in unravelling the relationship between the Hsiungs the couple who landed in London in the 1930s and the Hsiungs as personas constructs designed to suit as well as to subvert British tastes for and preconceptions of Chineseness Ronald Egan Professor of East Asian Languages and Cultures Stanford University

**Asian American Poets**  
 Guiyou Huang, 2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity attention has focused primarily on longer narrative forms such as the novel And despite the proliferation of a large number of poets of Asian descent in the 20th century Asian American poetry remains a neglected area of study Poetry as an elite genre has not reached the level of popularity of the novel or short story partly due to the difficulties of reading and interpreting poetic texts The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area since perhaps more than any other genre poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world This reference book overviews the tremendous cultural contributions of Asian American poets Included are alphabetically arranged entries on 48 American poets of Asian descent most of whom have been active during the latter half of the 20th century Each entry begins with a short biography which sometimes includes

information drawn from personal interviews The entries then discuss the poet's major works and themes including such concerns as family racism sexism identity language and politics A survey of the poet's critical reception follows In many cases the existing criticism is scant and the entries offer new readings of neglected works The entries conclude with bibliographies of primary and secondary texts and the volume closes with a selected general bibliography
