provides an early and brief but very sophisticated anarchist reading of Nietzsche The book s second section explores the relevance of Nietzsche to contemporary anarchism At the core of this section are five essays by Andrew Koch Franco Riccio Salvo Vaccaro Saul Newman and Max Cafard which from different perspectives deal with post structuralist and post modern readings of Nietzsche and consider their appropriateness or otherwise for anarchists These specific engagements with contemporary interpretations of Nietzsche are complemented by two essays focusing on specific aspects of Nietzsche s work from anarchist perspectives John Moore provides an anarchist post situationist interpretation of Nietzsche s aesthetics and Peter Lamborn Wilson considers the Islamic dimensions of Nietzsche s philosophy
