Arts Humanities II Impact Of New South:

Aeffect Stephen Duncombe, 2024-05-07 The first book to seriously identify how artistic activism works and how to make it work better The past decade has seen an explosion in the hybrid practice of artistic activism as artists have turned toward activism to make their work more socially impactful and activists have adopted techniques and perspectives from the arts to make their interventions more creative Yet questions haunt the practice Does artistic activism work aesthetically Does it work politically And what does working even mean when one combines art and activism In ffect author Stephen Duncombe sets out to address these questions at the heart of the field of artistic activism Written by the co founder and current Research Director of the internationally recognized Center for Artistic Activism ffect draws on Duncombe s more than twenty five years of experience in the field and one hundred in depth interviews with artistic activists worldwide More than a mere academic exercise the theory research and tools in this book lay the groundwork for artistic activists to evaluate and strengthen their practice and to create better projects The exploration of good artistic activism is grounded in three sets of concerns 1 Change Upon what theories of change is artistic activism based 2 Intention What do we hope and expect artistic activism to do and how does it do this 3 Evaluation What actually happens as the result of an artistic activist intervention Can it be measured ffect is rich with examples that demonstrate successful artistic activism including Undocubus an old bus painted No Fear across its side that was driven cross country by a group of undocumented immigrant activists Journal Rapp a video show created by Senegalese rappers who created long form investigative reports by rapping the current news in French and Wolof and War on Smog a staged a public performance piece by artistic activists in the city of Chongqing in Southwest China Scannable QR codes are included to provide tools that help readers assess the ffect of their artistic activism

Aspects of Management Planning for Cultural World Heritage Sites Simon Makuvaza,2017-11-23 Every site that is inscribed on the World

Heritage List WHL must have a management plan or some other management system According to the UNESCO Operational Guidelines the purpose of a management plan is to ensure the effective protection of the nominated property for present and future generations This requirement was in part necessitated by the need to implement real systems of monitoring on the management of World Heritage Sites Since its implementation in 2005 discussion on the function and the contents of management plans for World Heritage Sites has grown tremendously The discussions have mainly been focused on the theoretical frameworks of World Heritage site management plans and proposals of practical guidelines for their implementation This volume provides a platform for heritage practitioners especially those working at Cultural World Heritage Sites to put in writing their experiences and impressions about the implementation of site management plans at properties that are inscribed on the WHL Cultural World Heritage Sites in this case refer to world heritage properties such as archaeological sites cultural landscapes religious sites and architectural structures The book also seeks to examine the extent to which site management plans have been or are being implemented at Cultural World Heritage Sites
