Hughes,2021-10-27 This book examines the satanic panic of the 1980s as an essential part of the growing relationship between tabloid media and American conservative politics in the 1980s It argues that widespread fears of Satanism in a

range of cultural institutions was indispensable to the development and success of both infotainment or tabloid content on television and the rise of the New Right a conservative political movement that was heavily guided by a growing coalition of influential televangelists or evangelical preachers on television It takes as its particular focus the hundreds of accusations that devil worshippers were operating America's white middle class suburban daycare centers Dozens of communities around the country became embroiled in trials against center owners the most publicized of which was the McMartin Preschool trial in Manhattan Beach California It remains the longest and most expensive criminal trial in the nation's history Burn in Blue Book 1 ,2025-09-24 Never call a girl a bitch I told him glaring as the bright blue drink dripped from his perfect hair Or she just might act like one Crystal Summers is no stranger to chaos Sarcastic stubborn and a magnet for trouble she moves to California determined to leave her messy past behind and maybe just maybe not screw up this new beginning With her new best friends by her side life finally starts to feel normal again That is until she collides with Ashton Monroe the school's notorious bad boy and the arrogant jerk she can't seem to escape They hate each other They torment each other And yet every insult every smirk every heated stare sparks something neither of them can ignore Because the line between hate and something much more dangerous It's razor thin And crossing it could either destroy her or set her free Enemies to lovers Banter tension forbidden attraction Past secrets colliding with new beginnings A love story that burns as hot as the hate
