Marketing and Managing Tourism Destinations Alastair M. Morrison, 2023-07-31 Marketing and Managing Tourism Destinations is a comprehensive and integrated introductory textbook covering destination management and marketing in one volume It focuses on how destination management is planned implemented and evaluated as well as the management and operations of destination management organizations DMOs how they conduct business major opportunities and challenges and issues they face to compete for the global leisure and business travel markets Much has changed since the publication of the second edition of this book in 2018 The COVID 19 pandemic was unpredictable at the time and has caused havoc for destinations and DMOs The third edition includes many materials about the COVID 19 impacts and recovery from the pandemic This third edition has been updated to include four new chapters Chapter 2 Destination Sustainability and Social Responsibility Chapter 3 Quality of Life and Well Being of Destination Residents Chapter 11 Destination Crisis Management and Chapter 20 Destination Management Performance Measurement and Management new and updated international case examples to show the practical realities and approaches to managing different destinations around the world coverage of contemporary topics including for example COVID 19 social responsibility metaverse mixed reality virtual meetings teleworking digital nomads

viral marketing blended travel regenerative tourism meaningful travel and several others a significantly improved illustration program keyword lists It is illustrated in full color and packed with features to encourage reflection on main themes spur critical thinking and show theory in practice Written by an author with many years of industry practice university teaching and professional training experience this book is the essential guide to the subject for tourism hospitality and events students and industry practitioners alike

Promoting Sustainability in Psychosocial Travel Techniques Jimenez Ruiz, Andrea Edurne,Rudkouskaya, Volha,Bejarano, Nathalie Landeta,Bhartiya, Shivam,2024-09-27 In today s fast paced world the travel industry faces the dual challenge of mitigating its environmental impact while promoting the mental and emotional well being of travelers Traditional travel practices often lead to significant carbon footprints and can contribute to the degradation of local communities and ecosystems Additionally the hurried nature of modern travel can leave tourists feeling stressed and disconnected rather than rejuvenated Promoting Sustainability in Psychosocial Travel Techniques addresses these pressing issues by offering a comprehensive exploration of sustainable travel practices that also enhance psychological health This book provides valuable insights into how mindful travel practices community engagement and cultural sensitivity can create enriching travel experiences that benefit both the environment and the traveler It emphasizes the importance of integrating psychosocial approaches into travel to foster deeper connections with nature and local cultures ultimately contributing to a more sustainable and fulfilling travel experience

Transport, Climate Change and the City Robin Hickman,David Banister,2014-02-05 Sustainable mobility has long been sought after in cities around the world particularly in industrialised countries but also increasingly in the emerging cities in Asia Progress however appears difficult to make as the private car still largely fuelled by petrol or diesel remains the mainstream mode of use Transport is the key sector where carbon dioxide CO2 emissions seem difficult to reduce Transport Climate Change and the City seeks to develop achievable and low transport CO2 emission futures in a range of international case studies including in London Oxfordshire Delhi Jinan and Auckland The aim is that the scenarios as developed and the consideration of implementation and governance issues can help us plan for and achieve attractive future travel behaviours at the city level The alternative is to continue with only incremental progress against CO2 reduction targets to sleepwalk into climate change difficulties oil scarcity a poor quality of life and to continue with the high traffic casualty figures The topic is thus critical with transport viewed as central to the achievement of the sustainable city and reduced CO2 emissions

Cases For Event Management and Event Tourism Donald Getz,Vassilios Ziakas,2023-04-30 A comprehensive collection of fully developed case studies of event management and event tourism main areas including HR leadership marketing strategy operations stakeholder management and evaluation all written by international experts It is a must have collection for all those studying and teaching event management and event tourism

Tourism eBook GURMEET SINGH DANG, Exploring AI and Consumer Decision-Making in Tourism and Marketing Elgammal, Islam,Soliman, Mohammad,2025-06-27 Artificial intelligence AI

changes the way consumers make decisions in tourism and marketing From personalized travel recommendations to dynamic pricing and targeted advertising AI tools shape how people search for choose and experience destinations and services AI continues to influence consumer behavior including how data driven technologies impact trust choice and satisfaction However various ethical social and economic implications of using AI in these industries remain raising important questions about privacy transparency and the human touch in consumer experiences Further research may reveal the lasting impact of intelligent technologies in hospitality and tourism practices Exploring AI and Consumer Decision Making in Tourism and Marketing explores how AI technologies influence consumer decision making in tourism and marketing including personalization recommendation systems and targeted advertising It examines the effects of these tools on consumer behavior trust and engagement as well as the ethical and practical challenges they present for businesses and consumers This book covers topics such as advertising ethics and law and sociology and is a useful resource for engineers business owners sociologists academicians researchers and data scientists
