American Politics And Everyday Life:

Living with Hate in American Politics and Religion Jeffrey Israel, 2019-04-23 In the United States people are deeply divided along lines of race class political party gender sexuality and religion Many believe that historical grievances must eventually be left behind in the interest of progress toward a more just and unified society But too much in American history is unforgivable and cannot be forgotten How then can we imagine a way to live together that does not expect people to let go of their entrenched resentments Living with Hate in American Politics and Religion offers an innovative argument for the power of playfulness in popular culture to make our capacity for coexistence imaginable Jeffrey Israel explores how people from different backgrounds can pursue justice together even as they play with their divisive grudges prejudices and desires in their cultural lives Israel calls on us to distinguish between what belongs in a raucous domain of play and what belongs in the domain of the political He builds on the thought of John Rawls and Martha Nussbaum to defend the liberal tradition against challenges posed by Frantz Fanon from the left and Leo Strauss from the right In provocative readings of Lenny Bruce s stand up comedy Philip Roth s Portnoy s Complaint and Norman Lear s All in the Family Israel argues that postwar Jewish American popular culture offers potent and fruitful examples of playing with fraught emotions Living with Hate in American Politics and Religion is a powerful vision of what it means to live with others without forgiving or forgetting

La Raja, 2013-02-15 New Directions in American Politics introduces students not just to how the American political system works but also to how political science works La Raja brings together top scholars to write original essays across the standard curriculum of American government and politics capturing emerging research in the discipline in a way that is accessible for undergraduates Each chapter combines substantive knowledge with the kind of skill building and analytical inquiry that is being touted in higher education everywhere Contributors to New Directions highlight why the questions they seek to answer are critical for understanding American politics and situate them in the broader context of controversies in research The teaching of American politics follows a well worn path Textbooks for introductory courses hew to a traditional set of chapters that describe the Founding American institutions the ways citizens participate in politics and sometimes public policy The material rarely engages students in the kind of questions that animate scholarship on politics One hurdle for instructors is finding material that reflects quality scholarship and thus teaches students about why not just what and yet is accessible for undergraduates Articles in scholarly journals are typically unsuited for undergraduate courses particularly introductory courses What is needed is a book that conveys exciting trends in scholarship across vital topics in American politics and illustrates analytical thinking New Directions in American Politics is that book and will be an ideal companion to standard textbooks that focus mostly on nuts and bolts of politics The book features Contributions from a top notch cast of active scholars and a highly regarded editor A focus on analytical thinking that addresses questions of causality Full coverage of the American politics curriculum Short interviews with each contributor on a companion website to help the research come alive and prompt critical thinking questions for students Work that draws on the highest quality research in political science but is written specifically for first year undergraduate students There is simply no book like this available to the growing number of faculty who want their introductory American politics course to be a reflection of the political science discipline and not just the nuts and bolt facts of the American political system American Political Culture Michael Shally-Jensen, Mark J.
