

American Revolutionary

Francis D. Cogliano

American Revolutionary:

The American Revolution Gordon S. Wood, 2005 The noblest ideals and aspirations of the peoples of the United States of America its commitment to freedom constitutionality and equality came out of the Revolutionary era The story is a dramatic one Thirteen insignificant colonies of His Britannic Majesty King George III three thousand miles from the centres of Western civilization fought off British rule to become in fewer than three decades a huge sprawling rambunctious republic of nearly four million citizens It is also a complicated and at times ironic story that needs to be explained and understood not blindly celebrated or condemned How did this great revolution come about What was its character What were its consequences These are the questions this short history seeks to answer That it succeeds in such a profound and enthralling way is a tribute to Gordon Wood s mastery of his subject and of the historian s craft

The True History of the American Revolution Sydney George Fisher, 1902

Revolutionary America, 1763-1815 Francis D. Cogliano, 2003-09-02 The American Revolution describes and explains the crucial events in the history of the United States between 1763 and 1815 when settlers in North America rebelled against British authority won their independence in a long and bloody struggle and created an enduring republic Placing the political revolution at the core of the story this book considers the deterioration of the relationship between Britain and the American colonists the Wars of Independence the creation of the republican government and the ratification of the United States Constitution the trials and tribulations of the first years of the new republic The American Revolution also examines those who paradoxically were excluded from the political life of the new republic and the American claim to uphold the principle that all men are created equal In particular this book describes the experiences of women who were often denied the rights of citizens Native Americans and African Americans The American Revolution is an important book for all students of the American past

The American Revolution Dee Ready, Lora Polack Oberle, Susan R Gregson, Kristin Thoennes Keller, Rebecca Aldridge, Jane Duden, Nancy Furstinger, Kristal Leebrick, Judith Peacock, 2004-07-01 What events led up to the Boston Tea Party or the signing of the Declaration of Independence These stories are filled with human interest and packed with facts offering readers an exciting look into this important time in our nation s history

The American Revolution, how Revolutionary was It? George Athan Billias, 1965

The Real History of the American Revolution Alan Axelrod, 2009-09 Axelrod explores the fascinating mix of philosophical ideals and economic self interest that ignited America s struggle for independence

The History of the American Revolution David Ramsay, 1793

Rebels and Redcoats Hugh Bichen, 2003 Controversial and revisionist history of America s first civil war Accompanying four part BBC TV series written and presented by star military historian Richard Holmes Most people view the American Revolutionary War of the 1775-83 also known as the War of Independence as a popular struggle for liberty against an oppressive colonial power REBELS REDCOATS by historian Hugh Bichen written to accompany a four part BBC television series presented by Richard Holmes demonstrates that it was in fact America s first civil war Employing the latest

scholarship and vivid eyewitness accounts Bicheno argues that the war was the product of a broad French imperial design and greed of many prominent colonials As many Americans remained loyal to the Crown as rebelled against it and the reasons for adopting or changing sides were as varied as the men and women who had to make the unenviable decision Native and African Americans overwhelmingly favoured the British cause We hear not only the voices of Rebels and Redcoats but also of German mercenaries and aristocratic French adventurers as well as Indian warriors and Black slaves fighting for their independence which together shed new light on events that forged a nation The main loser was the French monarchy which ruined itself to gain no lasting influence over the United States while unable to exploit the distraction the war created either to invade Britain or gain control of the West Indies which at the time were considered a far bigger prize than all of North America

The American Revolution Captivating History, 2019-12-29 This captivating history book presents a general outline of the American Revolution focusing largely on the period between the outbreak of rebellion in 1765 until the ratification of the US Constitution in 1789 In homage to the original thirteen colonies the book is divided into thirteen chapters

American Revolution Andrew K. Frank, 2007-08-01 Moving beyond traditional texts this revealing volume explores the world of the average citizens who played an integral part in the Revolutionary era of American history American Revolution looks at one of the most significant eras in American history through the eyes of its least famous least studied citizens It is an eye opening collection of essays demonstrating how the wrenching transformation from English colonies to an emerging nation affected Americans from all walks of life American Revolution features the work of 14 accomplished social historians whose findings are adding new dimensions to our understanding of the Revolutionary era But some of the most fascinating contributions to this volume come from the people themselves the anecdotes letters diaries journalism and other documents that convey the experiences of the full spectrum of American society in the mid to late 18th century including women African Americans Native Americans immigrants soldiers children laborers Quakers sailors and farmers
