Americas National Interest In A Post Cold War World Issues And Dilemmas:

America's National Interest in a Post-Cold War World Alvin Z. Rubinstein, 1994 FROST copy 1 from the John Holmes Library collection **The Politics of Ballistic Missile Nonproliferation** W. Bowen, 2000-01-20 During the presidency of George Bush 1989-93 the proliferation of nuclear chemical and biological weapons and the ballistic missiles capable of delivering them rose greatly in significance as issues on the American security agenda In the missile field this became evident by the efforts of certain elements in the executive branch and several congressmen to improve domestic and international implementation of the Missile Technology Control Regime *The Politics of Ballistic Missile Nonproliferation* examines the political bureaucratic and systemic issues that interacted to determine the outcome of these efforts

Handbook of US-Middle East Relations Robert Looney, 2014-05-22 Divided into three sections the Handbook of US Middle East Relations provides a thorough and up to date overview of contemporary US Middle East relations in historical perspective With chapters contributed by leading experts in the field this Handbook will be of use to academics students and researchers in international relations policy analysts media professionals and government officials Part I Factors Affecting US Relations contains essays including Globalization Energy Security Wars and Revolution Peace Processes US Foreign Aid Policy to the Middle East and US Relations with Islamic Groups in the Middle East Part II Perceptions of US Relations contains essays on how US policies are viewed including The View from the Arab Street The View from Palestine The View from Pakistan and The View from Kurdistan Part III US Relations at the Country Level comprise essays detailing relations between the USA and countries and areas in the Middle East and North Africa including Saudi Arabia Egypt Israel Tunisia Lebanon Iran Iraq Libya Algeria and Bahrain A comprehensive index completes the volume *American Civil-Military Relations: New Issues, Enduring Problems* Douglas V. Johnson, 1995 *Pandemics Among Nations* Iskren Ivanov, 2022-06-21 The end of the Cold War marks the geopolitical peak of America's global primacy The centerpiece of U S Foreign Policy in the pre pandemic world order was the assumption that promoting human rights and democracy will secure peace However the Coronavirus Pandemic challenged the U S dominated globalized order The international system in the post pandemic age embodies a paradox of the American primacy and the Chinese struggle for global domination *Pandemics Among Nations* U S Foreign Policy and the New Grand Chessboard addresses the geopolitical puzzle of the post pandemic world order and seeks to explain how COVID 19 has remastered Brzezinski's theory of the Grand Chessboard In this book Ivanov offers a two level approach emphasizing the consequences of the Pandemic and their impact on U S Foreign Policy He also argues that if the United States wants to maintain its leadership in the post pandemic world order Washington should develop a new concept of smart power to deter the Chinese Art of War The foremost goal of *Pandemics Among Nations* is to analyze how America could overcome the geopolitical effects of the Pandemic The author examines three possible scenarios for the future role of the United States on the post pandemic Chessboard The analysis rests on the testing of a series of research hypotheses

across a structured comparison of all elements of the remastered Grand Chessboard not just on isolated case studies such as China's rise, Russian New Imperialism or European ambitions for a mutual defense

The Post-Cold War Presidency

Anthony J. Eksterowicz, Glenn P. Hastedt, 1999 With the end of the Cold War U.S. presidential leadership has become both more important and more difficult. Post-war periods have historically posed challenges to leadership and this time around the long-time image of the O-leader of the free world has declined in the face of globalization and increased interdependence among nations. It is exactly this complex environment that makes Americans look ever more to their president for guidance. This accessibly written volume discusses socio-cultural, political and economic changes during and after the Cold War period and how these have affected modern presidential leadership. Prominent contributors cover key issues: image and character, domestic and foreign policy, distraction theory, domestic and international economics, executive-legislative relations, security, intelligence, executive dominance and activist government, and suggest strategies for helping to ensure a strong presidency in the future.

The Democrats' Dilemma

Steven M. Gillon, 1995-02-16 What does Walter Mondale's career reveal about the dilemma of the modern Democratic party and the crisis of postwar American liberalism? Steven M. Gillon's answer is that Mondale's frustration as Jimmy Carter's vice president and his failure to unseat the immensely popular President Reagan in 1984 reveal the beleaguered state of a party torn apart by generational and ideological disputes. *The Democrats' Dilemma* begins with Mondale's early career in Minnesota politics from his involvement with Hubert Humphrey to his election to the United States Senate in 1964. Like many liberals of his generation, Mondale traveled to Washington hopeful that government power could correct social wrongs. By 1968, urban unrest, a potent white backlash and America's involvement in the Vietnam war dimmed much of his optimism. In the years after 1972, as senator, as vice president and as presidential candidate, Mondale self-consciously attempted to fill the void after the death of Robert Kennedy. Mondale attempted to create a new Democratic party by finding common ground between the party's competing factions. Gillon contends that Mondale's failure to create that consensus underscored the deep divisions within the Democratic Party. Using previously classified documents, unpublished private papers and dozens of interviews including extensive conversations with Mondale himself, Gillon paints a vivid portrait of the inner workings of the Carter administration. *The Democrats' Dilemma* captures Mondale's frustration as he attempted to mediate between the demands of liberals intent upon increased spending for social programs and the fiscal conservatism of a president unskilled in the art of congressional diplomacy. Gillon discloses the secret revelation that Mondale nearly resigned as vice president. Gillon also chronicles Mondale's sometimes stormy relationships with Jesse Jackson, Gary Hart and Geraldine Ferraro. Eminently readable and a means of access to a major twentieth-century political figure, *The Democrats' Dilemma* is a fascinating look at the travail of American liberalism.

The Domestic Sources of

American Foreign Policy Eugene R. Wittkopf, James M. McCormick, 2004 Now in its fourth edition, this comprehensive survey of the interaction between domestic and international politics shows how public opinion, interest groups, the media, the

intelligence establishment and the different branches of American government influence US foreign policy formulation with a special emphasis on national security issues in the wake of the attacks of September 11 2001 innovation in key arenas including Cuba Afghanistan and the war on terrorism Prominent contributors including Joseph S Nye Jr Stanley Hoffmann and Fred I Greenstein from academic and policy communities combine practical and theoretical perspectives to offer this well rounded complement to courses in American government foreign policy and international relations **United States Post-Cold War Defence Interests** K. Magyar,2004-04-30 With the end of the Cold War the security concerns of the USA the sole Superpower in the new international order became fragmented and proliferated throughout the world Since September 11 2001 and the war in Iraq the US has had to evaluate new global developments in terms of the threats they pose to regional and global stability The nature of the potential enemy is difficult to anticipate United States Post Cold War Defence Interests gathers together seasoned analysts to examine traditional military concerns and responses to the new environment **Delusions of Grandeur** Ted Galen Carpenter,1997 Questions whether or not the United Nations can be reformed

Americas National Interest In A Post Cold War World Issues And Dilemmas Book Review: Unveiling the Power of Words
