Angola The Hidden History Of Washingtons War:

Angola Ernest Harsch, Tony Thomas, 1976 *Angola : the Hidden History of Washington's War*, 1976 Angola. The Hidden History of Washington's War. Ed. with an Introd. by Malik Miah, 1976 *The Destruction of a Nation* George Wright, 1997 In this thorough examination of US policy towards Angola from 1945 up to the present George Wright assesses how each President from Truman to Clinton has carried out US foreign policy in general and in Angola specifically in a step by step case study that traces the dismantling of a Marxist regime by the West Wright demonstrates the influence that policy planning organisations have in determining foreign policy and emphasizes the internal debates and struggles inherent in carrying out foreign policy This well researched and well documented book is an invaluable critique of US intervention in a Third World state over five decades before and after the end of the Cold War The Angolan War Arthur J Klinghoffer, 2019-07-11 The Angolan War of 1975-1976 focused international attention on an area long relegated to the sidelines of world diplomacy and accented the historical momentum toward black control of southern African states This book is the first to examine why a localized conflict in a remote area was the object of such extensive global concern Dr Klinghoffer discusses both the Soviet and the Cuban roles in Angola and evaluates the decisive change in Soviet foreign policy that subsequently caused the United States to question the very nature of Soviet American detente He answers the key question of whether the Soviet Union followed an overall plan for Angola or developed its policy over time in reaction to the behavior of the United States China South Africa Zaire Portugal and other political actors *Encyclopedia of African History 3-Volume Set* Kevin Shillington, 2013-07-04 Covering the entire continent from Morocco Libya and Egypt in the north to the Cape of Good Hope in the south and the surrounding islands from Cape Verde in the west to Madagascar Mauritius and Seychelles in the east the Encyclopedia of African History is a new A-Z reference resource on the history of the entire African continent With entries ranging from the earliest evolution of human beings in Africa to the beginning of the twenty first century this comprehensive three volume Encyclopedia is the first reference of this scale and scope Also includes 99 maps

Kissinger, Angola and US-African Foreign Policy Steven O'Sullivan, 2019-07-25 Analysing US foreign policy towards Angola during the Ford administration this book provides an intriguing insight into one of the most avoidable and unfortunate episodes in Cold War history and explores the impact on Henry Kissinger's much vaunted reputation for being guided by realist principles Kissinger has dominated political discourse and scholarship on US foreign policy since the 1970s but although his legacy continues to generate controversy little attention has been paid to the influence of Vietnam's collapse on the US decision to covertly intervene in the Angolan civil war This book argues that Kissinger's concern for personal reputation and US credibility following the collapse of Vietnam led to a harmful and unrealistic policy toward Angola Exposure of US covert intervention exacerbated domestic and international political tensions and the subsequent showdown between the executive and legislative branches ironically resulted in Kissinger proclaiming a new departure in US African

relations Thus it is argued that Kissinger was an unintentional realist rather than an intellectual proponent of realpolitik Enhancing our understanding of Kissinger his relationship with his subordinates and with Congress and his approach to foreign policy this book will be of interest to scholars of Cold War history US foreign policy and all those fascinated by the personality of Henry Kissinger **The Routledge Handbook of American Military and Diplomatic History** Christos Frentzos, Antonio Thompson, 2013-08-29 The Routledge Handbook of U S Military and Diplomatic History provides a comprehensive analysis of the major events conflicts and personalities that have defined and shaped the military history of the United States in the modern period Each chapter begins with a brief introductory essay that provides context for the topical essays that follow by providing a concise narrative of the period highlighting some of the scholarly debates and interpretive schools of thought as well as the current state of the academic field Starting after the Civil War the chapters chronicle America s rise toward empire first at home and then overseas culminating in September 11 2001 and the War on Terror With authoritative and vividly written chapters by both leading scholars and new talent maps and illustrations and lists of further readings this state of the field handbook will be a go to reference for every American history scholar s bookshelf **Historical Dictionary of Angola** W. Martin James, 2011-05-05 The second edition of the Historical Dictionary of Angola is a thorough examination of Angola It includes a chronology bibliography maps appendixes and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about Angola *Perversions of Justice* Ward Churchill, 2003 Examines the faulty reasoning employed to legislate colonial control over North America s indigenous peoples and their lands
