Agrarian Reform Policy in the Dominican Republic Ana Teresa Gutierrez San Martin, 1988 *Foundations of Despotism* Richard Lee Turits, 2003 This book explores the history of the Dominican Republic as it evolved from the first European colony in the Americas into a modern nation under the rule of Rafael Trujillo It investigates the social foundations of Trujillo's exceptionally enduring and brutal dictatorship 1930 1961 and more broadly the way power is sustained in such non democratic regimes The author reveals how the seemingly unilateral imposition of power by Trujillo in fact depended on the regime's mediation of profound social and economic transformations especially through agrarian policies that assisted the nation's large independent peasantry By promoting an alternative modernity that sustained peasants free access to land during a period of economic growth the regime secured peasant support as well as backing from certain elite sectors This book thus elucidates for the first time the hidden foundations of the Trujillo regime **Current Land Policy in Latin**
