Aiding Democracy Abroad

Thomas Carothers

Aiding Democracy Abroad:

Aiding Democracy Abroad Thomas Carothers, 2011-09 Aid to promote democracy abroad has emerged as a major growth industry in recent years. Not only the United States but many other Western countries, international institutions and private foundations today use aid to support democratic transitions in Eastern Europe, the former Soviet Union, Asia, Africa, Latin America and the Middle East. Though extensive in scope, these activities remain little understood outside the realm of specialists. Debates among policymakers over democracy promotion oscillate between unhelpful poles of extreme skepticism and unrealistic boosterism, while the vast majority of citizens in aid providing countries have little awareness of the democracy building efforts their governments sponsor. *Aiding Democracy Abroad* is the first independent comprehensive assessment of this important new field. Drawing on extensive field research and years of hands-on experience, Thomas Carothers examines democracy aid programs relating to elections, political parties, governmental reform, rule of law, civil society, independent media, labor unions, decentralization and other elements of what he describes as the democracy template that policymakers and aid officials apply around the world. Steering a careful path between the inflated claims of aid advocates and the exaggerated criticisms of their opponents, Carothers takes a hard look at what such programs achieve and how they can be improved.

Understanding China's Legal System C. Stephen Hsu, 2003-03 [Annotation](#) [View the Table of Contents](#) [Read the Introduction](#) *American Power and Liberal Order* Paul D. Miller, 2019-02-01 Paul D. Miller offers a tough-minded critique of recent trends in American grand strategy. He rejects retrenchment but also the excesses of liberal internationalism. He prescribes a conservative internationalist grand strategy to preserve the American security and leadership in the world while avoiding overstretch. Originally written before the 2016 US presidential election, this first paperback edition contains a new preface that repositions the book's argument for the Trump era. Miller explains why President Trump's nationalist vision for American grand strategy damages US interests and world order. Miller blends academic rigor with his experiences as former member of the National Security Council and intelligence community to offer prescriptions for US grand strategy. He advocates for narrowing regional priorities and focusing on five strategic objectives: balancing against the nuclear autocracies, championing liberalism to maintain a favorable balance of power, thwarting the transnational jihadist movement, investing in governance in weak and failed states, and strengthening homeland security. This book is a must-read for scholars and students of international affairs and for anyone who is concerned about America's role in the world.

Promoting the Rule of Law Abroad Thomas Carothers, 2010-03-01 Over the past decade, Carothers has established himself as the leading US expert on democracy promotion. He is a powerful critic not only of the nuts and bolts of democracy assistance but also of US grand strategy overall. SAIS Review Promoting the rule of law has become a major part of Western efforts to spread democracy and market economics around the world. Yet although programs to foster the rule of law abroad have mushroomed, well-grounded knowledge about what factors ensure success and why remains scarce. In

Promoting the Rule of Law Abroad leading practitioners and policy oriented scholars draw on years of experience in Russia China Latin America Central and Eastern Europe the Middle East and Africa to critically assess the rationale methods and goals of rule of law policies These incisive accessible essays offer vivid portrayals and penetrating analyses of the challenges that define this vital but surprisingly little understood field Contributors include Rachel Belton Truman National Security Project Lisa Bhansali World Bank Christina Biebesheimer World Bank Thomas Carothers Carnegie Endowment Wade Channell Stephen Golub and David Mednicoff University of Massachusetts Amherst Laure H l ne Piron Overseas Development Institute Matthew Spence Yale Law School Matthew Stephenson Harvard Law School and Frank Upham NYU School of Law

Exporting Press Freedom Craig LaMay, 2017-07-12 International media assistance is a small but important form of international democracy promotion aid Media assistance boomed after the 1989 transitions in Central Europe but now flows to virtually all regions of the world Today the media assistance industry is focused on the problem of sustainability How are free and independent public affairs media supposed to maintain their editorial mission while facing hostile political systems or the demands of the consumer marketplace Many media in developing countries have been or are grant dependent When grants are exhausted or withdrawn media that were funded to further democratic consolidation typically wither and die Some become mere grant chasers Others abandon public service to the demands of market competition or political patronage As a result governmental and non governmental grant makers now emphasize the need for sustainability in considering grants in the media sector Many grant recipients have grown frustrated sometimes bitter and have sought to take a much more active role in the way assistance programs are put together Just how is sustainability to be achieved while also ensuring a public service editorial mission *Exporting Press Freedom* examines the history and practice of media assistance and argues that the dilemma of media independence and sustainability is best understood as an economic problem rather than one of poor editorial standards or lack of will It includes profiles of news and public affairs media in developing and democratizing countries and also of two non governmental organizations that have pioneered the use of low interest loans in media assistance These profiles exemplify strategic and entrepreneurial approaches to developing and supporting public service media Such approaches may be of use not only in the developing world but in the consolidated Western democracies as well where concern has grown about poor journalistic performance and its consequences f

Realism and Democracy Elliott Abrams, 2017-09-12 This book makes a realpolitik argument for supporting democracy in the Arab world drawing on four decades of policy experience **Democratic Regressions in Asia** Aurel Croissant, Jeffrey Haynes, 2022-12-12 The book studies and compares causes catalysts and consequences of democratic regression and revival in South Southeast and Northeast Asia The Asia Pacific presents social scientists with a natural laboratory to test competing theories of democratic erosion decay and revival and to identify new patterns and relationships This volume combines conceptual and comparative research with single case studies Overall the collection of studies in this volume captures

different forms of democratic regression and autocratization examine how Asia Pacific experiences fit into debates about democracy's deepening global recession and what the Asia Pacific experiences contribute to the understanding of the causes, catalysts and consequences of democratic regression and resilience in the comparative politics literature. The chapters in this book were originally published as a special issue of *Democratization*. **Why Elections Fail** Pippa Norris, 2015-07-08. This volume compares international and institutional accounts as alternative perspectives to explain why elections fail to meet international standards. Debates on Democratization Larry Diamond, Marc F. Plattner, Philip J. Costopoulos, 2010-09-15. If democracy means anything, it means robust debates. Over the years, the pages of the *Journal* have certainly seen their share of lively and illuminating scholarly disagreements. As a service to students and teachers who wish to deepen their understanding of the questions and controversies that surround contemporary democratization, the *Journal* has now brought together a series of exchanges on the topic. **Democratization in Africa: Challenges and Prospects** Gordon Crawford, Gabrielle Lynch, 2013-09-13. It is two decades since the third wave of democratization began to roll across sub-Saharan Africa in the early 1990s. This book provides a very timely investigation into the progress and setbacks over that period, the challenges that remain, and the prospects for future democratization in Africa. It commences with an overall assessment of the lack of progress made from 1990 to 2010, exploring positive developments with reasons for caution. Based on original research, subsequent contributions examine various themes through country case studies, inclusive of the routinisation of elections accompanied by democratic rollback and the rise of hybrid regimes, the tenacity of presidential powers, the dilemmas of power sharing, ethnic voting, and the rise of a violent politics of belonging, the role of donors, and the ambiguities of democracy promotion. Overall, the book concludes that steps forward remain greater than reversals, and that typically, though not universally, sub-Saharan African countries are more democratic today than in the late 1980s. Nonetheless, the book also calls for more meaningful processes of democratization that aim not only at securing civil and political rights but also socio-economic rights and the physical security of African citizens. This book was originally published as a special issue of *Democratization*.

The book delves into Aiding Democracy Abroad. Aiding Democracy Abroad is a crucial topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Aiding Democracy Abroad, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Aiding Democracy Abroad
- Chapter 2: Essential Elements of Aiding Democracy Abroad
- Chapter 3: Aiding Democracy Abroad in Everyday Life
- Chapter 4: Aiding Democracy Abroad in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Aiding Democracy Abroad. This chapter will explore what Aiding Democracy Abroad is, why Aiding Democracy Abroad is vital, and how to effectively learn about Aiding Democracy Abroad.
3. In chapter 2, this book will delve into the foundational concepts of Aiding Democracy Abroad. This chapter will elucidate the essential principles that must be understood to grasp Aiding Democracy Abroad in its entirety.
4. In chapter 3, this book will examine the practical applications of Aiding Democracy Abroad in daily life. This chapter will showcase real-world examples of how Aiding Democracy Abroad can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Aiding Democracy Abroad in specific contexts. This chapter will explore how Aiding Democracy Abroad is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Aiding Democracy Abroad. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Aiding Democracy Abroad.
