

Administrative law

Administrative law is the body of law created by the agencies and departments of the government, which carry out the laws passed by Congress or a state legislature.

- Encompasses laws and legal principles governing the administration and regulation of government agencies

- Legal institutions affecting government agencies as they implement legislation and administer public programs.

- Part of the public law which fixes the organization and determines the competence of administrative authorities and indicates to the individual remedies for the violation of his rights.

Constitutional Law

- Constitutional law the body of rules, doctrines, and practices that govern the operation of political communities. In modern times the most important political community has been the state.

- Constitutional law refers to rights carved out in the federal and state constitutions.

- The majority of this body of law has developed from state and federal supreme court rulings, which interpret their respective constitutions and ensure that the laws passed by the legislature do not violate constitutional limits

Both constitutional law and administrative law are parts of the public law
-Both have the same source of law.
