Choir:

**1. Spirit of God, bright Wind,
breath that bids life begin,
glow as you always do; create us anew.
Give us the breath to sing,
lifted on soaring wing,
held in your hands, born on your wings.
Alleluia! Come, Spirit, Come!
Alleluia! Come, Spirit, Come!**

Glenn Hinson,James E. Tull,1983 *Strangers to Fire* Robert Graves,2016-11-01 This is an anthology of 35 essays edited by Robert W Graves President of The Foundation for Pentecostal Scholarship written by 26 authors of the Pentecostal Charismatic and Third Wave movements or non cessationists of traditional denominations responding to John F MacArthur s Strange Fire or cessationism and the abuse of the charismata in general Foreword by J Lee Grady Authors include Wayne Grudem Jack Deere Craig Keener Jon Ruthven Sam Storms Doug Oss Mel Robeck Paul Elbert Randy Clark Robert Menzies J P Moreland Gary Greig Mark Rutland Gary Shogren William De Arteaga William K Kay and Melvin Hodges Grace, Order, Openness and Diversity Ian Bradley,2010-03-25 In this highly accessible passionately argued and scholarly book Ian Bradley presents fundamentalism born a hundred years ago in the United States of America as the great twentieth century heresy and aberration He identifies and seeks to reclaim for the twenty first century a liberal theological tradition existing in Christianity Islam Judaism and the other major world faiths This liberal heart is found in their scriptures and was often to the fore in their foundational stages but has more recently been overlaid with conservative reaction fundamentalism and fear He defines this liberal theology in terms of the four values of grace order openness and diversity which he suggests can be read by Christians as key attributes of the three persons of the Trinity and of God in Trinity as a whole This book counters the growing influence of narrow exclusive judgemental religious conservatism with a powerful reassertion of the liberal gospel of God s grace goodness and generosity **God's Peculiar People** Elaine J. Lawless,2014-07-11 Holy Rollers with this epithet most people dismiss members of the Pentecostal sect as wild religious fanatics In this new study folklorist Elaine Lawless draws on fieldwork among Pentecostal congregations in the limestone region of southern Indiana to offer a sympathetic view of the Pentecostals as a special group distinguished by their own folk traditions and religious expression From her findings she describes the members codes of dress and behavior their attitudes toward themselves and others their special use of words and their distinctive religious practices Focusing on the activity of a particular church she then analyzes the structure of the service and shows how its elements singing praying testifying

preaching and speaking in tongues exhibit not a formless display of fervor but rather an ordered and traditional sequence that creates a unique religious expression Important to the study is the attention given the role of women Although the Pentecostal interpretation of Biblical teachings accords men dominance women occasionally preach in the church and during the testifying part of the service they are often able to exercise control and religious authority Many of the women have relatives in the dangerous work of the limestone quarries and for these women the personal experience and close relationship fostered by the Pentecostal church Lawless finds offers welcome emotional support This readable study affords a new understanding of one Pentecostal sect and an appreciation of the role of women in fundamentalist religious practices

Pentecostal Theology Keith Warrington, 2008-08-07 Pentecostals traditionally do not think theologically so much as do it practically This book will present Pentecostal theology as well as the particular style of Pentecostal thinking and praxis that makes it different Pentecostalism is not just distinctive because of its belief base but also because of the worldview it owns The latter is based on a certainty that a religion that does not work is not worth much Consequently they look for expressions of life and vitality in their faith These dominate rather than an expression of the cerebral though this is changing Nevertheless the sense of the immediate the God of the now not the distant past underlie how they do theology Pentecostal theology tends to be seen through the eyes of people not theologians through the community not traditions though they have them through their faith and worship not ancient creeds It is a theology of the dynamic seen through the lens of experience It is a functional theology that exists to operate to incorporate an experiential dimension Pentecostal theology does not operate as other theologies which often only detail a list of beliefs it does this but also and more importantly it explores them in the context of praxis Thus this volume incorporates praxis as part of the enquiry relating to theology *The Human Sacrifice* Iris Lynn Russell, 2005-06 Do you know the destiny for your life Have you always wondered what life is all about and what part you play in it Do you want to know more about the God of Abraham Isaac and Jacob The Human Sacrifice will open your eyes to the reality of what life is really about Whether you are a non believer a new believer or one who is established in the Word of God The Human Sacrifice will scintillate your taste for living a satisfying life As you understand the absolute principles of God's Word of Integrity Life in the Blood the Indwelling of the Holy Spirit and other truths it will cause you to be confident in whom you are As you are established in the foundational attributes of Anointing Holiness Dominion Loyalty Justice Hope Prayfulness and other basic character traits you will meet your destiny in life
