

Britain 1895-1918

Mike Byrne

Britain 1895 1918

Francis Stapleton

Britain 1895 1918:

Britain, 1846-1964 Martin Roberts, 2001 The aim of this book is to explain how Britain's circumstances changed between 1846-1964 Britain in 1846 was by far the richest nation in the world In 1964 Britain was comparatively much less rich than the USA and though amongst the world's richest nations was losing ground to Japan and to Western Europe Because of her wealth and her navy Britain in 1846 was the most powerful nation in the world Britain in 1964 was dwarfed by the superpowers of the USA and the USSR The British Empire of the 1840s reflected Britain's power By 1964 the Empire was collapsing Only one in five men and no women could vote in the Britain of 1840s By 1964 Britain was fully democratic with all adults entitled to vote In a period of a little over a century these were some of the changes to which Britain had to adapt It was a period that marked a substantial fall in Britain's comparative power and prosperity in the world **Britain**

1895-1918 Mike Byrne, 2005 This book charts the political developments of this period from the decline of the Unionists in the early part of the century to the rise of the Liberal and Labour parties Chapters are included on social and constitutional reform under the Liberal governments as well as their policies on Ireland The book concludes by looking at the political and social impact of the First World War Throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined **Twentieth Century British History** William Simpson, 2005 Rev ed of

Working with sources 1988 *Britain's Imperial Administrators, 1858-1966* A. Kirk-Greene, 2000-02-24 Britain's famous overseas civil services the Colonial Administrative Service the Indian Civil Service and the Sudan Political Service no longer exist as a major and sought after career for Britain's graduates In this detailed study the history of each service is presented within the framework of the need to administer an expanding empire Close attention is paid to the methods of recruitment and training and to the socio educational background of the overseas administrators as well as to the nature of their work The prestigious incumbents of Government House are revealingly examined The impact of decolonisation on overseas officials and the kinds of second careers which they took up are documented This authoritative narrative history is enlivened by recourse to Service lore and anecdotes *Puzzles of the Democratic Peace* K. Rasler, W. Thompson, 2016-01-26 Ever since the revival of Kant's Perpetual Peace thesis the linkages between democracy and peace has been a central topic in international relations research with sustained debate over whether it exists and if it does why it does In this stimulating volume two leading IR scholars place the democratic peace debate within a broader context including the extent of threats in international relations degree of satisfaction with the status quo the diffusion of democracy and the rise of the trading state Step by step Thompson and Rasler examine the democratic peace through a series of puzzles concerning arguments at the dyadic systemic and individual state levels Synthesizing a broad range of knowledge and linking islands of theory *Puzzles of the Democratic Peace* provides a distinctive look at the state of the field and paths forward *Britain in the World Economy since 1880* Bernard W.E. Alford, 2014-06-06 Bernard Alford reviews the changing role and diminishing influence of Britain

within the international economy across the century that saw the apogee and loss of Britain's empire and her transformation from globe straddling superpower to off shore and indecisive member of the European Community He explores the relationship between empire and economy looks at economic performance against economic policy and compares Britain through and beyond the Thatcher years with her European partners America and Japan In assessing whether Britain's economic decline has been absolute or merely relative he also illuminates the broader history of the world economy itself

Ofsted Buster Departmental Handbook Francis Stapleton,2006 Access to History: Protest, Agitation and Parliamentary Reform in Britain 1780-1928 Michael Scott-Baumann,2016-02-22 Endorsed for Edexcel Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including Edexcel Protest Agitation and Parliamentary Reform in Britain c 1780 1928
