**The Economy of Early America** Cathy D. Matson, 2006-01-01 In recent years scholars in a number of disciplines have focused their attention on understanding the early American economy The result has been an outpouring of scholarship some of it dramatically revising older

Price, 2001-09-12 This book is the first to challenge current orthodoxy that Chamberlain's appeasement policy before World War Two was justified by Britain's inability to pay for rearmament The book shows that British war potential was actually massive with a solid foundation in the existing Imperial economy Using previously unconsidered and recently declassified documents from British and American archives the author demonstrates that the deliberate and political rejection of rearmament in the hope of eventual American support proved catastrophic for Britain **Studies in Economics and Social Science** Douglas Berry Copland, 1927 **Studies in**
