BRITAIN'S CANAL & RIVER CRAFT

EDWARD PAGET-TOMLINSON

Britains Canal River Craft

**Eleanor Casella, Michael Nevell, Hanna
Steyne**

Britains Canal River Craft:

Britain's Canal and River Craft E. Paget-Tomlinson, 1993 **Britain's Canals: A Handbook Revised Edition** Nick Corble, 2016-04-15 A revised edition of an accessible introduction to Britain's canals their history and why they are so important today as a leisure pursuit *The Oxford Handbook of Industrial Archaeology* Eleanor Casella, Michael Nevell, Hanna Steyne, 2022-05-12 Representing the first substantial English language text on Industrial Archaeology in a decade this handbook comes at a time when the global impact of industrialization is being re-assessed in terms of its legacy of climate change mechanization urbanization the forced migration of peoples and labour relations Critical debates around the beginning of a new geological era The Anthropocene have emerged over the last decade This approach interrogates the widespread exploitation of natural resources that forged industrialization from its early emergence in 18th century northern Europe to its contemporary ubiquity environmental impacts and social legacy within our globalized world Through a broad international and multi period set of chapters this volume explores the complex origins processes and development of industrialization through both its physical remains and human consequences both the good and the bad It provides a diverse material framework for understanding our modern world from its industrial origins through its future paths in the 21st century **British Canals** Joseph Boughey, Charles Hadfield, 2012-05-30 The first edition of British Canals was published in 1950 and was much admired as a pioneering work in transport history Joseph Boughey with the advice of Charles Hadfield has previously revised and updated the perennially popular material to reflect more recent changes For this ninth edition Joseph Boughey discusses the many new discoveries and advances in the world of canals around Britain inevitably focussing on the twentieth century to a far greater extent than in any previous edition of this book while still within the context of Hadfield's original work **Canals in a Changing Britain** Jules P. Gehrke, 2024-12-15 Canals in a Changing Britain Construction Culture and Environment 1760-1968 assesses canals as a major technological system re-shaping Britons relationship with their landscape and environment for over 200 years It offers a sustained narrative addressing canal construction in the late eighteenth century living and working communities alongside canals in the nineteenth century canals relationship to concerns regarding de-industrialization in the early twentieth century and canals as sites for the experience of nature and rural life in the postwar era between 1945 and 1968 This book makes use of a variety of archival and published material on canals and references academic publications on histories of technology and the environment as well as scholarship related specifically to canals It argues contemporary conversations regarding the current and future use of canals as multi-faceted sites of recreation leisure heritage and experience of the natural environment in Britain must be seen in the context of an arc of historical experience between 1760 and 1968 **Canals in Britain** Tony Conder, 2017-04-20 In the early years of the Industrial Revolution canals formed the arteries of Britain Most waterways were local concerns carrying cargoes over short distances and fitted into regional groups with their own boat types linked to the major river

estuaries This new history of Britain's canals starts with the first Roman waterways moving on to their golden age in the eighteenth and early nineteenth centuries and ends with the present day describing the rise and fall of canal building and use in the UK It tells the story of the narrow boats and barges borne by the canals and the boatmen who navigated them as well as the wider tale of waterway development through the progress of civil engineering Replete with beautiful photographs this a complete guide to some of the most accessible and beautiful pieces of Britain's heritage Britain's Canal and River Craft E. Tomlinson,1998-12-01 *Britain's Canals* Anthony Burton,Derek Pratt,2020-05-14 Britain's Canals is a charming and insightful exploration into the amazing architecture and engineering wonders that surround Britain's inland waterways from the awe inspiring 30 lock flight on the Worcester and Birmingham Canal to the delightful chocolate box lock keepers cottages that line the cut of every canal to masterpieces such as the 18 arch Pontcysyllte aqueduct the highest aqueduct in the world to beautiful bridges grand company buildings the social hubs that were and still are canal side pubs plus so much more In contrast to many inland waterways books which are organised geographically by canal Britain's Canals is structured thematically with chapters covering the line the shape of the canal locks and lock cottages bridges aqueducts lifts and planes company buildings wharves basins and quays and finally the canal side pub Each chapter explores how these features were created and have changed through history right through to the present with plenty of ideas for places to visit plus full information on how to get to them An abundance of full colour photography throughout both historical and modern day will delight readers and inspire them to explore Britain's wondrous inland waterways whether on boat by foot or by bike In Britain's Canals two inland waterways experts and admired authors come together to produce the definitive word on the man made wonders that make Britain's canals so special so loved and enjoyed by so many *Britain's Canal & River Craft* E. W. Paget-Tomlinson,2005 This book describes and illustrates all the major types of inland waterways craft as well as many of the lesser known type An important feature of this title is the authors superb line drawings which illustrate the hull deck and rigging Previously published in 1997 this revised edition includes many new photographs with accompanying captions The authors recently published *Colours of the Cut* looked at the liveries on many of these types of boat His book describes how they were built and used Includes a chapter on Northern Ireland and Eire Historical Account of the Navigable Rivers, Canals, and Railways, of Great Britain, Derived from Original and Parliamentary Documents in the Possession of J. Priestley Joseph Priestley,1831
