Harper's Cyclopaedia of British and American Poetry (Classic Reprint) Epes Sargent, 2017-01-14 Excerpt from Harper's Cyclopaedia of British and American Poetry Poms have multiplied during the present century as at no previous period Never was the accomplishment of verse so general as now Weren't we in the luck of it said Scott to Moore to have come before all this talent was at work i If the remark was apt in their day how much more so is it at the present time Works in verse that would have made a reputation a century ago fall now almost unnoticed from the press It is hard for the most diligent critic to keep pace with the fertility of our poets The present compiler had despaired of doing this long before he had proceeded far in his labors The consequence is that there have been omissions for which no better reason can be given than that they were unavoidable An apology under such circumstances would be out of place It cannot be overlooked too that much of the best poetry of recent times has been the product of feminine genius The progress of women in enlarging the Sphere of their occupations and competing with the employments of the stronger sex is represented in no department of intellectual work more signally than in verse Every month new poetry far above mediocrity if not of really superior quality is sent forth This is a sign to be welcomed True poetry like the religious prompting itself springs from the emotional side of man's complex nature and is ever in harmony with his highest intuitions and aspirations It cannot be poetry if it conflict with these Its cultivation therefore apart from all calculations of profit or of reputation since few can now realize their dream of fame must always be an elevating pursuit There are some great truths for the expression of which the speculative understanding is less fitted than that which is the issue of right feelings and noble impulses That poets have not always practised what they have preached only shows how hard it is for a man to set up to his best ideals About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections
