British Dragons:

British Dragons Jacqueline Simpson, 1980 **Dragons** Stephen Krensky, 2006-01-08 Examines the history and popular culture surrounding the scaly fire breathing monsters known as dragons **Introducing the Medieval Dragon** Thomas Honegger, 2019-08-15 Arnold Martin 2018 The Dragon Fear and Power London Reaktion Books My book is much shorter and focusses on the medieval European dragon while Martin's book covers all centuries and also the Asian tradition **Dragon** Martin Arnold, 2018-06-15 From the fire breathing beasts of North European myth and legend to the Book of Revelation's Great Red Dragon of Hell from those supernatural agencies of imperial authority in ancient China to the so called dragon women who threaten male authority dragons are a global phenomenon one that has troubled humanity for thousands of years These often scaly beasts take a wide variety of forms and meanings but there is one thing they all have in common our fear of their formidable power and as a consequence our need either to overcome appease or in some way assume that power as our own In this fiery cultural history Martin Arnold asks how these unifying impulses can be explained Are they owed to our need to impose order on chaos in the form of a dragon slaying hero Is it our terror of nature writ large unleashed in its most destructive form Or is the dragon nothing less than an expression of that greatest and most disturbing mystery of all our mortality Tracing the history of ideas about dragons from the earliest of times to Game of Thrones Arnold explores exactly what it might be that calls forth such creatures from the darkest corners of our collective imagination Dragons of Somerset Roy Snelling, 2015-01-07 This is a highly illustrated book that looks deeply into the myths legends and folk tales of dragons The first part of the book examines twenty two accounts of dragons in Somerset such as the Gurt Vurm of Shervage Wood who when cut in half by a woodsman had the half with the fire breathing hewad running off to Kingston St Mary In the next part of the book dragon stories are examined from all continents in some cases going back into far antiquity The Somerset dragons are then compared with dragons from around the World under different headings such as eats people has two legs has many heads kills hero etc to see if the Somerset beasts are part of a World wide pattern Finally the meaning behind the dragon stories and what they reveal about Man's psyche and understanding of Life is examined We look at such things as a possible race memory of dinosaurs the serpent Satan in the Bible and Jung's theories of Man's symbols and archetypes in the collective unconscious The book contains numerous photos drawings map and timeline A reading delight for young and old alike It would make an ideal Christmas or birthday present Beowulf and the Dragon Christine Rauer, 2000 The analogues discussed are presented with facing translations and detailed bibliographies BOOK JACKET

The Dragon's Prophecy Dugald Steer, 2013-09-01 A mysterious island a terrifying weapon an ancient prophecy brought to light When the annual frost dragon migration fails to happen Dr Drake and his apprentices Daniel and Beatrice sense that something sinister is afoot could dark dragonologist Alexandra Gorynychka be up to no good again The trio are whisked off to the Lost Isle of Dragons where they must face grave danger to prevent their enemy from finding the Hammer of the
