Cowie, Phyllis Hembry**

British Spas From 1815 To The Present Day:

British Spas from 1815 to the Present Phyllis May Hembry, 1997 Phyllis Hembry author of *The English Spa 1560 to 1815* wrote about the origins and development of the spas and their flowering in the eighteenth century Her book deals not only with their healing and recreational aspects but also with their status as political religious social and economic gathering places Hembry had intended to produce a second volume taking the story further but died before being able to do so She had gathered a considerable amount of material and written several draft chapters for this volume Dr and Mrs Cowie have made use of this revising and supplementing Hembry's text to create a study that continues to the present time and is extended to include Welsh Scottish and Irish spas as well **British Spas from 1815 to the Present** Leonard W. Cowie, Evelyn E.

Cowie, Phyllis Hembry, 1997-08 *The English Spa 1560 to 1815* dealt with not only places of healing and recreation but also with the political religious social and economic aspects of English spa life from its origins to the eighteenth century This second volume which incorporates a considerable amount of material and draft chapters written by Hembry continues to the present time and is extended to include Welsh Scottish and Irish spas as well *The Sanctuary at Bath in the Roman Empire*

Eleri H. Cousins, 2020-01-16 Using a broad array of archaeology art and text this book revolutionizes our understanding of the Roman sanctuary at Bath Pleasure and Leisure in the Middle Ages and Early Modern Age Albrecht

Classen, 2019-08-05 Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre modern civilization Recent research has begun to acknowledge the fundamental importance of these aspects in cultural religious philosophical and literary terms This volume expands on the traditional approach still very much focused on the materiality of game toys cards dice falcons dolls etc and acknowledges that game constituted also a form of coming to terms with human existence in an unstable and volatile world determined by universal randomness and fortune Whether considering blessings or horse fighting falconry or card games playing with dice or dolls we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time The contributions examine a wide gamut of approaches to pleasure considering health issues eroticism tournaments playing music reading and listening drinking alcohol gambling and throwing dice This large issue was also relevant of course in non Christian societies and constitutes a critical concern both for the past and the present because we are all homines ludentes *England Eats Out* John Burnett, 2016-09-17 Why do so many people now eat out in England Food and the culture surrounding how we consume it are high on everyone's agenda *England Eats Out* is the ultimate book for a nation obsessed with food Today eating out is more than just getting fed it is an expression of lifestyle In the past it has been crucial to survival for the impoverished but a primary form of entertainment for the few In the past to eat outside the home for pleasure was mainly restricted to the wealthier classes when travelling or on holiday there were clubs and pubs for men but women did not normally eat in public places Eating out came to all classes to men women and young people after

World War Two as a result of rising standards of living the growth of leisure and the emergence of new types of restaurants having wide popular appeal England Eats Out explores these trends from the early nineteenth century to the present From chop houses and railway food to haute cuisine award winning author John Burnett takes the reader on a gastronomic tour of 170 years of eating out covering food for princes and paupers Beautifully illustrated England Eats Out covers highly topical subjects such as the history of fast food the rise of the celebrity chef and the fascinating history of teashops coffee houses feasts and picnics

The Twenty-First-Century Legacy of the Beatles Michael Brocken,2016-03-03 It has taken Liverpool almost half a century to come to terms with the musical cultural and now economic legacy of the Beatles and popular music At times the group was negatively associated with sex and drugs images surrounding rock music deemed unacceptable by the city fathers and unworthy of their support Liverpoolians believe that the musical legacy of the Beatles can be a burden especially when the British music industry continues to brand the latest white male group to emerge from Liverpool as the next Beatles Furthermore Liverpoolians of perhaps differing ethnicities find images of four white boys with guitars and drums not only problematic in a musical roots sense but for them culturally devoid of meaning and musically generic The musical and cultural legacy of the Beatles remains complex In a post industrial setting in which both popular and traditional heritage tourism have emerged as providers of regular employment on Merseyside major players in what might be described as a Beatles music tourism industry have constructed new interpretations of the past and placed these in such an order as to re confirm re create and re work the city as a symbolic place that both authentically and contextually represents the Beatles

Health and Hazard Karl E. Wood,2013-01-11 The spa in nineteenth century European society was a place of intersections of social class and of ideas of social and of scientific concepts As the social showcase for polite society it embodied many of the desires and dreams of the increasingly fashionable middle class world As a place prominent in the medical world of its day the heath spa contributed to the ongoing dialogue of the emergent science of medicine where both mainstream and voices of medical dissent were to be heard Thus in the enclosed and limited space of a thermal health spa lie encapsulated significant historical trends and social dialogues Over the course of the long nineteenth century the doctor patient relationship shifted from one in which the patient was the primary decision maker to one dominated by the order giving professional physician over the compliant patient This process could not have occurred without a significant change in the attitude of the patients themselves The spa a place containing diverse and competing strands of medical thought and a wide range of middle class patients offers a unique research opportunity for a focused social history of German medicine that reaches beyond the world of the spa or indeed of medicine into the darker chapters of the twentieth century and the turn from liberalism toward authoritarianism

Building Jerusalem John Pick,2013-11-26 A lively and provocative account of the arts in Britain Building Jerusalem suggests that even after fifty years of state planning of Britain s leisure industries the country is nevertheless approaching the millennium in a state of cultural confusion Drawing on a wealth of historical material

from Scotland Wales and English provincial towns as well as the more familiar London story Pick and Anderton contend that the original meaning of cultural language has been distorted by the fashionable phrase making of modern government agencies and by the inaccurate and misleading view of cultural history that is constantly presented to the public The authors unfold fascinating stories of Britain s cultural past before state support of the arts They vividly relate the great changes wrought by the industrial revolution and by the development of the twentieth century media and describe the long history of Church and Royal support for the arts as well as the long periods when all of the arts

Travel and Tourism in Britain, 1700-1914 Vol 2 Susan Barton, Allan Brodie, 2021-12-16 The British led the way in holidaymaking This four volume primary resource collection brings together a diverse range of texts on the various forms of transport used by tourists the destinations they visited the role of entertainments and accommodation and how these affected the way that tourism evolved over two centuries Volume 2 Spa Tourism This volume traces the development of the spa from modest arrangements that emerged in the early modern period to the large thriving spa towns that existed in the nineteenth century Documents show how spas evolved as well as the treatments they offered Specific case studies of key spas Bath Tunbridge Wells and Cheltenham are used to illustrate this process Bath s popularity as a tourist destination grew throughout the eighteenth century In the eighteenth century it was one of the most popular destinations in Britain Royal Tunbridge Wells was its greatest rival and both towns benefited from the patronage of celebrated dandy Beau Nash Cheltenham s fashionable status was ensured by a visit from George III and his court in 1788

Temples of Luxury Susanne Schmid, 2023-11-30 This two volume collection of British primary sources examines institutions such as hotels inns arcades bazaars co operatives shops and department stores in the long nineteenth century which were often coded as luxurious This period was marked not only by an increase of individual consumerism but also by the institutionalisation of opulent often purpose built spaces such as the much admired new grand hotels supposedly an American invention and department stores modelled on the French grands magasins These environments were tied to leisure no longer a prerogative of the upper classes and thus to modernity In addition to addressing the luxurious side of these institutions including architectural innovation and interior decoration we also consider the other side of luxury examining the experience of staff and period debates over the morality of consumption This edition seeks to explore a fascinating but hitherto often neglected side of the British nineteenth century by bringing together a collection of annotated primary texts and visual material documenting these temples of luxury as they were seen by their contemporaries
