W. R. Long, 2004-10-21 With World War I and Egypt's colourful politics as background C W R Long tells the story of four proconsuls McMahon Wingate Allenby and Lloyd their principal opponent Sa'ad Zaghlul and the great events of the time the rise of the Wafd party the uprising of 1919 the murder of Sir Lee Stack and the Allenby ultimatum He sheds new light on the strife of members of the High Commission among themselves and the Foreign Office on the struggle between Egypt and Britain for ownership of the Sudan on Egypt's fight for independence and on the failure of democracy to take root in the country *From Independence to Revolution* Gillian Kennedy, 2017-10-01 From Independence to Revolution tells the story of the complicated relationship between the Egyptian population and the nation's most prominent political opposition the Islamist movement Most commentators focus on the Muslim Brotherhood and radical jihadists constantly vying for power under successive authoritarian rulers from Gamal Abdul Nasser to General Abdel Fattah el Sisi Yet the relationship between the Islamists and Egyptian society has not remained fixed Instead groups like the Muslim Brotherhood radical jihadists and progressive Islamists like Tayyar al Masri have varied in their responses to Egypt's socio political transformation over the last sixty years thereby attracting different sections of the Egyptian electorate at different times From bread riots in the 1970s to the 2011 Tahrir Square uprising and the subsequent election of the Muslim Brotherhood's Mohamed Morsi in 2012 Egypt's Islamists have been countering authoritarian elites since colonial independence This book is based on the author's fieldwork interviews in Egypt and builds on comparative political approaches to the topic It offers an account of Egypt's contesting actors demonstrating how a consistently fragmented Islamist movement and an authoritarian state have cemented political instability and economic decline as a persistent trend **Historical Dictionary of the British Empire** Kenneth J. Panton, 2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth's land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re-exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The Historical Dictionary of the British Empire covers its history through a chronology an introductory essay

appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain

In Defence of Britain's Middle Eastern Empire Timothy Paris,2015-10-30 T E Lawrence of Arabia described his war time chief as the perfect leader a man who worked by influence rather than by loud direction He was like water or permeating oil creeping silently and insistently through everything It was not possible to say where Clayton was and was not and how much really belonged to him This is the first biography of General Sir Gilbert Clayton 1875 1929 Britain s pre eminent man on the spot during the formative years of the modern Middle East Serving as a soldier administrator and diplomat in ten different Middle Eastern countries during a 33 year Middle Eastern career Clayton is best known as the Director of British Intelligence in Cairo during

the Great War 1914-16 and as the instigator and sponsor of the Arab Revolt against the Turks Dedicated to the preservation of Britain's Middle Eastern empire Clayton came to realize that in the transformed post war world Britain could ill afford to control all aspects of the emerging nation states in the region In his work as adviser to the Egyptian government 1919-22 he advocated internal autonomy for the Egyptians while asserting Britain's vital imperial interests in the country As chief administrator in Palestine 1923-5 he sought to reconcile the Arabs to Britain's national home policy for the Jews and at the same time to solidify Britain's position as Mandatory power In Arabia Clayton negotiated the first post war treaties with the emerging power of Ibn Saud 1925-1927 but curtailed his designs on the British Mandates in Iraq and Transjordan And in Iraq where Clayton served as High Commissioner 1929 he backed Iraq's independence within the framework of the British Empire

The Cyprus Tribute and Geopolitics in the Levant, 1875-1960 Diana Markides, 2019-04-03 This book examines the history of the Cyprus Tribute and takes a longer and broader view of the issue than previous studies It analyses the regional context of the decision to use revenue surpluses for the repayment of debt within the framework of the Eastern Question and Ottoman bankruptcy We see that the island was always strategically and financially overshadowed by Egypt Scrutinising political developments in Cyprus through the prism of the tribute issue facilitates a better understanding of its considerable effect on them The absence of any imperial role for Cyprus as a *place d'armes* meant that there was no imperial interest in funding the infrastructural development of the island British policy was treasury driven Diana Markides analyses why it failed and how its failure resulted in the local colonial government having to impose a deeply unpopular fiscal policy for which there was no adequate explanation She examines the extent to which local resistance to this policy affected not only constitutional development on the island and Anglo-Cypriot relations but the nature of the relations between the two major communities
