Canada and Africa in the New Millennium David R. Black, 2015-03-31 Canada's engagement with post independence Africa presents a puzzle Although Canada is recognized for its activism where Africa is concerned critics have long noted the contradictions that underlie Canadian involvement Focusing on the period following 2000 and by juxtaposing Jean Chrétien's G8 activism with the Harper government's retreat from continental engagement David R Black's Canada and Africa in the New Millennium illustrates a history of consistent inconsistency in Canada's relationship with Africa Black combines three interpretive frames to account for this record the tradition of good international citizenship Canada's role as a benign face of Western hegemonic interests in Africa and Africa's role as the basis for a longstanding narrative concerning Canada's ethical mission in the world To examine Africa's place in Canada's foreign policy and Canada's place in Africa Black focuses on G8 diplomacy, foreign aid, security assistance through peace operations and training and the increasingly controversial impact of Canadian extractive companies Offering an integrated account of Canada's role in sub Saharan Africa Black provides a way of understanding the nature and resilience of recent shifts in Canadian policy He underscores how Africa though marginal to Canadian interests as traditionally conceived has served as an important marker of Canada's international role

Diplomatic Departures Kim R. Nossal, Nelson Michaud, 2007-10-01 During the nine years that the Conservatives under Brian Mulroney held power in Ottawa Canadian foreign policy underwent a series of important departures from established policy Some of these changes mirrored the major transformations in global politics that occurred during this period as the Berlin Wall was breached the Cold War came to an end and a globalized economy emerged But some of the changes were the results of initiatives taken by the Conservative government The first major scholarly examination of the foreign policy of this period this collection explores and analyzes the many departures from traditional Canadian statecraft that took place during the Mulroney Conservative era free trade with

the U S a continentalized energy policy initiatives over the environment and the Arctic the withdrawal of Canadian forces from Europe and the transformation of peacekeeping into peacemaking **The Rise of Global Health** Joshua K. Leon, 2015-02-10 Since the year 2000 unprecedented resources have been committed to the complex challenge of developing global public health solutions by national governments multilateral organizations and civil society groups This vast global movement is one of the most remarkable political phenomena of twenty first century international relations but is it working In *The Rise of Global Health* Joshua K Leon argues against the conventional wisdom which argues that collective action on development issues including controversial increases in foreign aid is too inherently inefficient to succeed Leon shows that public action on a global level can successfully pursue health equality Often at the behest of grassroots activists these disparate groups of actors are cooperating more than ever with the aim of improving our human potential through better health Though operating at cross purposes with unequal trade agreements and other factors within the global economy harming the Global South we learn something surprising about global health governance it is evolving in ways more efficient than we think *Canada and the Middle East* Paul Heinbecker, Bessma Momani, 2010-10-30 *Canada and the Middle East* In *Theory and Practice* provides a unique perspective on one of the world s most geopolitically important regions From the perspective of Canada s diplomats academics and former policy practitioners involved in the region the book offers an overview of Canada s relationship with the Middle East and the challenges Canada faces there The contributors examine Canada s efforts to promote its interests and values peace building peacekeeping multiculturalism and multilateralism for example and investigate the views of interested communities on Canada s relations with countries of the Middle East *Canada and the Middle East* will be useful to academics and students studying the Middle East Canadian foreign policy and international relations It will also serve as a primer for Canadian companies investing in the Middle East and a helpful reference for Canada s foreign service and journalists stationed abroad by providing a background to Canadas interests and role in the region Co published with the Centre for International Governance Innovation
